Engaging Students in Academic Literacies María Estela Brisk.2022-12-12 The second edition of this important and practical text provides specific information to guide teachers in planning and carrying out genre writing instruction in English for K-8 students within the content areas. Informed by systemic functional linguistics (SFL)—a framework conducive to instruction that views language as a meaning-making resource—this book guides teachers by presenting concrete ways to teach writing in the language arts, science, and social science curricula. Introducing theory of language that is effective in addressing the writing development of all students, especially multilingual/multicultural groups, the book provides essential scaffolding for teachers to design and implement effective, inclusive curricula while building their own knowledge. Fully up to date, the second edition features new genres appropriate for middle school, examples of student writing, an expanded focus on genre pedagogy, a new chapter on bilingual learners, guidance for teaching in the middle grades, as well as clear steps to prepare genre units based two decades of experience working with whole schools. The chapter units cover distinct genres, including memoirs, historical, genres, fictional narratives, arguments, and more. With ready-to-use tools, the new edition prepares elementary and middle school teachers to meet and adapt to the variable demands of their own educational contexts. Easy to navigate, this teacher-friendly text is an essential resource for courses in academic writing, English education, and multilingual education, and for pre-service and practicing English Language Arts (ELA) teachers who want to expand their teaching abilities and knowledge bases.

New Realms for Writing Michele Haiken.2022-08-24 Boost students' communication and writing skills, with strategies and examples to help them craft their own stories, tell their truth and be heard. The world should be the driving curriculum in our schools. Assignments should be authentic, have real-world connections and encourage students to create meaningful work. Accordingly, content created and read in school should go beyond books and include podcasts, popular culture, games and films to help students build writing and critical-thinking skills. New Realms for Writing features a variety of teacher-created resources and samples of student work to illustrate how teachers can design inquiry units for their content area that are authentic and engage students while developing digital age skills. This book: • Provides insights into creating and using innovative materials and texts that are differentiated and personalized to student learners, specifically for teaching writing. • Provides pedagogy and lesson ideas that promote student choice and voice within units of study that make cross-curricular connections. • Offers tips to ensure that tech tools support student learning -- while not driving it. There are many great tech tools to support learning, but the conversation must center on thoughtful teaching and purpose, with tech supporting robust pedagogy. This book offers strategies and lesson ideas to help teachers make sure their instruction does just that.
