Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. Some recipes, for example, appear to be paraphrased from well-known chefs. Large photos of the Kindle books covers makes it especially easy to quickly scroll through and stop to read the descriptions of books that you're interested in. Just like with library books, when you check out an eBook from OverDrive it'll only be loaned to you for a few weeks before being automatically taken off your Kindle. You can also borrow books through their mobile app called Libby. ManyBooks is a nifty little site that's been

around for over a decade. Its purpose is to curate and provide a library of free and discounted fiction ebooks for people to download and enjoy.
