FULL-SERVICE BOOK DISTRIBUTION. Helping publishers grow their business through partnership, trust, and

collaboration. Book Sales & Distribution. Librivox.org is a dream come true for audiobook lovers. All the books here are absolutely free, which is good news for those of us who have had to pony up ridiculously high fees for substandard audiobooks. Librivox has many volunteers that work to release quality recordings of classic books, all free for anyone to download. If you've been looking for a great place to find free audio books, Librivox is a good place to start. There aren't a lot of free Kindle books here because they aren't free for a very long period of time, though there are plenty of genres you can browse through. Look carefully on each download page and you can find when the free deal ends. If you're already invested in Amazon's ecosystem, its assortment of freebies are extremely convenient. As soon as you click the Buy button, the ebook will be sent to any Kindle ebook readers you own, or devices with the Kindle app installed. However, converting Kindle ebooks to other formats

can be a hassle, even if they're not protected by DRM, so users of other readers are better off looking elsewhere. BookGoodies has lots of fiction and non-fiction Kindle books in a variety of genres, like Paranormal, Women's Fiction, Humor, and Travel, that are completely free to download from

Amazon. Besides, things have become really convenient nowadays with the digitization of books like, eBook apps on smartphones, laptops or the specially designed eBook devices (Kindle) that can be carried along while you are travelling. So, the only thing that remains is downloading your favorite eBook that keeps you hooked on to it for hours alone and what better than a free eBook? While there thousands of eBooks available to download online including the ones that you to purchase, there are many websites that offer free eBooks to download. Free-Ebooks.net is a platform for independent authors who want to avoid the traditional publishing route. You won't find Dickens and

Wilde in its archives; instead, there's a huge array of new fiction, non-fiction, and even audiobooks at your fingertips, in every genre you could wish for. There are many similar sites around, but Free-Ebooks.net is our favorite, with new books added every day. The store is easily accessible via any web browser or Android device, but you'll need to create a Google Play account and register a credit card before you can download anything. Your card won't be charged, but you might find it off-putting. Looking for the next great book to sink your teeth into? Look no further. As the year rolls on, you may find yourself wanting to set aside time to catch up on reading. We have good news for you, digital bookworms — you can get in a good read without spending a dime. The internet is filled with free e-book resources so you can download new reads and old classics from the comfort of your iPad.
