*Obsolete Objects in the Literary Imagination* Francesco Orlando.2008-10-01 Translated here into English for the first time is a monumental work of literary history and criticism comparable in scope and achievement to Eric Auerbach's *Mimesis*. Italian critic Francesco Orlando explores Western literature's obsession with outmoded and nonfunctional objects (ruins, obsolete machinery, broken things, trash, etc.). Combining the insights of psychoanalysis and literary-political history, Orlando traces this obsession to a turning point in history, at the end of eighteenth-century industrialization, when the functional becomes the dominant value of Western culture. Roaming through every genre and much of the history of Western literature, the author identifies distinct categories into which obsolete images can be classified and provides myriad examples. The function of literature, he concludes, is to remind us of what we have lost and what we are losing as we rush toward the future.

*The Benefactress* Elizabeth Von Arnim.1902

*Six Walks in the Fictional Woods* Umberto Eco.1998-07-21 In this exhilarating book, we accompany Umberto Eco as he explores the intricacies of fictional form and method. Using examples ranging from fairy tales and Flaubert, Poe and Mickey Spillane, Eco draws us in by means of a novelist's techniques, making us his collaborators in the creation of his text and in the investigation of some of fiction's most basic mechanisms.

*The Witches* Roald Dahl.2007-08-16 From the World's No. 1 Storyteller, *The Witches* is a children's classic that has captured young reader's imaginations for generations. This is not a fairy tale. This is about real witches. Grandmamma loves to tell about witches. Real witches are the most dangerous

of all living creatures on earth. There's nothing they hate so much as children, and they work all kinds of terrifying spells to get rid of them. Her grandson listens closely to Grandmamma's stories—but nothing can prepare him for the day he comes face-to-face with The Grand High Witch herself! Now a major motion picture! Cover may vary.

*Heroes of the Valley* Jonathan Stroud.2010 Halli loves the old stories from when the valley was a wild and dangerous place when the legendary heroes stood together to defeat the ancient enemy, the bloodthirsty Trows. Nowadays heroics seem a thing of the past. But when a practical joke rekindles an old blood feud, Halli spots a chance for a quest of his own.

**To Educate the Human Potential** Maria Montessori .2015-10-12 This book is intended to follow Education for a New World and to help teachers to envisage the child's needs after the age of six. We claim that the average boy or girl of twelve years who has been educated till then at one of our schools knows at least as much as the finished High School product of several years' seniority, and the achievement has been at no cost of pain or distortion to body or mind. Rather are our pupils equipped in their whole being for the adventure of life, accustomed to the free exercise of will and judgment, illuminated by imagination and enthusiasm. Only such pupils can exercise rightly the duties of citizens in a civilised commonwealth. The first four chapters are mainly psychological, showing the changed personality with which the teacher has to deal at six years of age, and the need for a corresponding change of approach. The secret of success is found to lie in the right use of imagination in awakening interest, and the stimulation of seeds of interest already sown by

attractive literary and pictorial material, but all correlated to a central idea, of greatly ennobling inspiration—the Cosmic Plan, in which all, consciously or unconsciously, serve the great Purpose of Life. It is shown how the conception of evolution has been modified of late through geological and biological discoveries, so that self-perfection now has to yield precedence to service among the primary natural urges. The next eight chapters show how the Cosmic Plan can be presented to the child, as a thrilling tale of the earth we live in, its many changes through slow ages when water was Nature's chief toiler for accomplishment of her purposes, how land and sea fought for supremacy, and how equilibrium of elements was achieved, that Life might appear on the stage to play its part in the great drama. Illustrated as it must be by fascinating, charts and diagrams, the creation of earth as we now know it unfolds before the child's imagination, and always with emphasis on the function each agent has to perform in Nature's household, whether consciously or unconsciously, failure in this alone leading to extinction. So the tale proceeds till Palaeolithic Man appears, most significantly traced by the tools he used on his environment rather than by physical remains of so slight a creature. The new element of mind is brought to creation by man, and from that time the children are helped to see the great acceleration that has taken place in evolution. They learn to reverence the earliest pioneers, who toiled for purposes unknown to them but now to be recognised. Nomadic men and settlers alike contributed to build up early communities, and by interchanges of war and peace to share and spread social amenities. From chapter thirteen brief descriptions are given of some of the earliest civilizations, particularly with a view to their impacts on each other, showing human society as slowly organising itself towards unity, just as, in the individual human being, organs are built around separate centres of interest, to be later connected by the blood-circulatory system and the nerves, into an integrated human organism. So the child is led, by review of some of

the most thrilling epochs of world-history, to see that so far humanity has been in an embryonic stage, and that it is just now emerging into true birth, able to consciously realise its true unity and function. The last chapters go back to the psychological point of view, urging on educators the supreme importance, to the nation and to the world, of the tasks imposed on them. Not in the service of any political or social creed should the teacher work, but in the service of the complete human being, able to exercise in freedom a self-disciplined will and judgment, unperverted by prejudice and undistorted by fear.

**Art Comic** Matthew Thurber.2021-07-07 Matthew Thurber's Art Comic is a blunt and hilarious assault on the swirling hot mess that is the art world. From sycophantic fans to duplicitous gallerists, fatuous patrons to self-aggrandizing art stars, he lampoons each and every facet of the

eminently ridiculous industry of truth and beauty. Follow Cupcake, the Matthew Barney obsessive; Epiphany née Tiffany Clydesdale, the divinely inspired performance artist; Ivanhoe, a modern knight in search of artistic vengeance, and his squire, Turnbuckle. Each artist is more ridiculous than the last, yet they are tested and transformed by the even more absurd machinations of Thurber's fantastical art world. Can the Free Little Pigs destroy this blighted system? Will "The Group" continue its indirect assassination of promising young artists? Can artistic integrity exist in this world amid the capitalist co-opting, petty rivalries, otherworldly portals, heavenly interventions, and murders at sea? Art Comic is brimming with references and cameos, outsize personalities and shuddering nonsense—Robert Rauschenberg smashes a beer bottle, Francesca Woodman, a wineglass. In the center of it all, Thurber's twisted drawings and laugh-out-loud dialogue convey a complicated picture of an industry at the intersection of fantasy and reality. Part scathing condemnation, part irreverent appreciation, Thurber's comics skewer the art world in a way only an art lover can.

One night, it's a carousel that adults cannot comprehend, but whose operator must be some sort of magician, the next, it's a land filled with butter men who melt in the sunshine Awarded the Hans Christian Anderson Award in 1970, Gianni Rodari is widely considered to be Italy's most important children's author of the 20th

century. Newly re-illustrated by Italian artist Valerio Vidali (The Forest), Telephone Tales entertains, while questioning and imagining other worlds.

The Sisters of Auschwitz Roxane van Iperen. 2021-08-31 A New York Times bestseller The unforgettable story of two unsung heroes of World War II: sisters Janny and Lien Brilleslijper who joined the Dutch Resistance, helped save dozens of lives, were captured by the Nazis, and ultimately survived the Holocaust. Eight months after Germany's invasion of Poland, the Nazis roll into The Netherlands, expanding their reign of brutality to the Dutch. But by the Winter of 1943, resistance is growing. Among those fighting their brutal Nazi occupiers are two Jewish sisters, Janny and Lien Brilleslijper from Amsterdam. Risking arrest and death, the sisters help save others, sheltering them in a clandestine safehouse in the woods, they called "The High Nest." This secret refuge would become one of the most important Jewish safehouses in the country, serving as a hiding place and underground center for resistance partisans as well as artists condemned by Hitler. From The High Nest, an underground web of artists arises, giving hope and light to those living in terror in Holland as they begin to restore the dazzling pre-war life of Amsterdam and The Hague. When the house and its occupants are eventually betrayed, the most terrifying time of the sisters' lives begins. As Allied troops close in, the Brilleslijper family are rushed onto the last train to Auschwitz, along with Anne Frank and her family. The journey will bring Janny and Lien close to Anne and her older sister Margot. The days ahead will test the sisters beyond human imagination as they are stripped of everything but their courage, their resilience, and their love for each other. Based on meticulous research and unprecedented access to the Brilleslijpers' personal archives of memoirs and photos, *Sisters of Auschwitz* is a long-overdue homage to two young women's heroism and moral bravery—and a reminder of the power each of us has to change the world.

**Requiem for a Dream** Hubert Selby.2011-12-13 A tale of four people trapped by their addictions, the basis for the acclaimed Darren Aronofsky film, by the author of Last Exit to Brooklyn. Sara Goldfarb is devastated by the death of her husband. She spends her days watching game shows and obsessing over appearing on television as a contestant—and her prescription diet pills only accelerate her mania. Her son, Harry, is living in the streets with his friend Tyrone and girlfriend Marion, where they spend their days selling drugs and dreaming of escape. When their heroin supply dries up, all three descend into an abyss of dependence and despair, their lives, like Sara's, doomed by the destructive power of drugs. Tragic and captivating, Requiem for a Dream is one of Selby's most powerful works, and an indelible portrait of the ravages of addiction. This ebook features an illustrated biography of Hubert Selby Jr. including rare photos from the author's estate.

**Sticks and Stones** Jack Zipes.2013-11-15 Have children ever really had a literature of their own? In Sticks and Stones, Jack Zipes explores children's literature, from the grizzly moralism of Slovenly Peter to the hugely successful Harry Potter books, and argues that despite common assumptions about children's books, our investment in children is paradoxically curtailing their freedom and creativity. Sticks and Stones is a forthright and engaging book by someone who cares deeply about

what and how children read.

**The Iguana** Anna Maria Ortese.1987 In this magical novel a count from Milan stumbles upon a desolate community of lost noblemen on an uncharted island off the coast of Portugal. When he discovers, to his astonishment, that their ill-treated servant is in fact a maiden iguana, and then proceeds to fall in love with her, the reader is given a fantastic tale of tragic love and delusion that

ranks among the most affecting in contemporary literature. The reptilian servant is only the first in a series of fantastic touches that transform the narrative into a satiric fable dense with the echoes of Shakespeare's 'Tempest' and Kafka's 'Metamorphosis.' . . . The Iguana is a superb performance.€New York Times Book Review

*Marcovaldo* Italo Calvino.2012-10-26 A charming portrait of one man's dreams and schemes, by "the greatest Italian writer of the twentieth century" (The Guardian). In this enchanting book of linked stories, Italo Calvino charts the disastrous schemes of an Italian peasant, an unskilled worker in a drab northern industrial city in the 1950s and '60s, struggling to reconcile his old country habits with his current urban life. Marcovaldo has a practiced eye for spotting natural beauty and an unquenchable longing for the unspoiled rural world of his imagination. Much to the continuing puzzlement of his wife, his children, his boss, and his neighbors, he chases his dreams and gives rein to his fantasies, whether it's sleeping in the great outdoors on a park bench, following a stray cat, or trying to catch wasps. Unfortunately, the results are never quite what he anticipates. Spanning from the 1950s to the 1960s, the twenty stories in *Marcovaldo* are alternately comic and melancholy, farce and fantasy. Throughout, Calvino's unassuming masterpiece "conveys the sensuous, tangible qualities of life" (The New York Times).
