Management of the Cricketing Ecosystem Subhasis Ray.2022-11-04 This book is a culmination of sustained research work on the evaluation of cricket and its management to imbibe a balance between its various formats by using data and analytics. The book has identified three primary stakeholders—administrators, players and spectators—each having their own ambitions. In order for convergence of these ambitions, it has prescribed the networked governance in place of hierarchic governance for the International Cricket Council (ICC), the cricket's apex body. This book aims at creating a balance between formats that each country should play. There is as much dearth of academic research on this topic, as there is abundance of individual viewpoints from professionals related to the game. Hence at the outset, the book has created a action points and has underlined the lack of convergence with present way of governance. This book has created a meta-metric framework for formative assessment of influence across cricket formats. In order to assess the influence of T20 on test matches and on India's performance, a comparison between pre-IPL period (1998–2007) and post-IPL period (2008–2017) by using this framework has been done.

The Counterterrorism Handbook Frank Bolz, Jr., Kenneth J. Dudonis, David P. Schulz.2011-07-26 Terrorists constantly present new challenges to law enforcement, emergency response teams, security planners, and others involved in counterterrorism. Since the last edition of this volume was published, additional atrocities have occurred and new threats have surfaced. The fourth edition of *The Counterterrorism Handbook: Tactics, Procedures, and Techniques* provides the latest developments and offers new insights on the War on Terror. Updated to reflect an increased focus on terrorism in public transportation, this volume provides an understanding of the strategies, tactics, and techniques required to tackle terrorism as it exists today. It illustrates essential topics such as the elements common to all terrorism, bomb threats, risk assessment, hostages, and weapons of mass destruction. It also presents case studies of some of the most notorious terrorist incidents, including both World Trade Center attacks, Oklahoma City, Centennial Olympic Park, the U.S. Embassy, the U.S.S. Cole, and attacks in Madrid, London, and Glasgow. The only way to effectively deal with terrorism is to have a thorough understanding of its present-day characteristics — who is involved and what weapons and tactics they are likely to use. In language friendly to first responders, this volume presents a comprehensive strategy of how to deal with a whole gamut of possible terrorist incidents. Covering everything from bombings and hostage-taking to nuclear terrorism, the book describes in specific detail what needs to be done before, during, and after an event. Armed with this information, those charged with protecting the public will be better equipped to face myriad threats.

Beyond Bicentennial: Perspectives On Malays Zainul Abidin Rasheed, Wan Hussin Zoohri, Norshahril Saat.2020-07-24 The year 2019 marks Singapore's Bicentennial milestone since the arrival of Sir Stamford Raffles in Singapore in 1819. It was in anticipation of the arrival of the Bicentennial that this book, *Beyond Bicentennial: Perspectives on Malays*, was initiated. This book is a collection of articles from prominent individuals and academicians that touch not only on the 200 years since the arrival of Raffles, but goes back much earlier, 720 years earlier, when Sang Nila Utama first set foot on the island in 1299. This book hopes to heighten the readers' sense of history and to reflect upon how Singapore has journeyed over the last two centuries, witnessing the perseverance, trials, challenges, and efforts of Singaporeans, and to see how the nation has gone through a transformation from a feudal setting to a cosmopolitan and multi-racial society. Prior to this book, *Majulah! 50 Years of Malay/Muslim Community in Singapore* was published in 2016 when Singapore celebrated SG50 — an initiative launched to celebrate the nation's 50 years of independence. The book highlighted the progress, the contributions, and the challenges of the community for the past 50 years since Singapore's independence in 1965. Both books can be read hand-in-hand. While *Majulah! 50 Years of Malay/Muslim Community in Singapore* called on the community to reflect on the past and to look ahead, this book, *Beyond Bicentennial: Perspectives on Malays*, calls on readers to reflect and re-examine the position and contributions of the Malays to Singapore's history and its development, as Singapore commemorates its Bicentennial. It considers the organisations that shape output, from PR departments to press agencies, as well as the socio-political themes that influence both content and process, such as identity, race and gender. The book also includes interviews with, and biographies of, well-known journalists, as well as case studies looking at the way that some of the biggest names in world sport, from Lance Armstrong to Caster Semenya, have been reported. Olympics in Conflict Lu Zhouxiang, Fan Hong.2019-07-09 In the second half of the twentieth century, the Olympics played an important role in the politics of the Cold War and was part of the conflicts between the Capitalist Block, the Socialist Block and Third World countries. The Games of the New Emerging Forces (GANEFO) is one of the best examples of the politicization of sport and the Olympics in the Cold War era. From the 1980s onward, the Olympics has facilitated communication and cooperation between nations in the post-Cold War era and contributed to the formation of a new world order. In August 2016, the Games of the XXXI Olympiad were held in Rio de Janeiro, making Brazil the first South American country to host the Summer Olympics. This was widely regarded as a new landmark event in the history of the modern Olympic movement. From the GANEFO to Rio, the Olympic Games have witnessed the shifting balance in international politics and world economy. This book aims at understanding the transformation of the Olympics over the past decades and tries to explain how the Olympic movement played its part in world politics, the world economy and international relations against the background of the rise of developing countries. The chapters in this book were published as a special issue in *The International Journal of the History of Sport*.

Singapore Eurasians: Memories, Hopes And Dreams Pereira Alexius A.2016-12-21 Singapore Eurasians: Memories, Hopes and Dreams offers insight into the Singapore Eurasian community, one of Singapore's minority communities. Though small, the Eurasian community has undoubtedly played a big part in Singapore's nation-building. This book is the definitive record of Eurasian history and heritage in Singapore, and serves to educate the younger generation of Eurasians about their roots, the community's achievements and its collective hopes and dreams for the future, as well as provide a useful resource for others to learn more about the Eurasian community. In addition, Singapore Eurasians: Memories, Hopes and Dreams also covers the growth and developments of the Eurasian community within the last 25 years, and how the Eurasian Association (EA), as a Self-Help Group since 1994, has been helping the less fortunate through its programmes, as well as being the main force in driving the preservation and sharing of the Eurasian culture for its future generations. In preserving the history and heritage, as well as expressing the hopes and dreams of the Singapore Eurasian community, this book is an effort in contributing to the country's continued multiracial harmony and appreciation of the many elements that make up Singapore's story.

Growing Up In British Malaya And Singapore: A Time Of Fireflies And Wild Guavas Maurice Baker.2014-07-25 Growing Up in British Malaya and Singapore: A Time of Fireflies and Wild Guavas is an autobiography of Maurice Baker's life in Malaya and Singapore from the 1920s to the 1940s. His memoir extends from the earliest of childhood memories with his family and friends up to the defeat of the British during the Japanese Occupation of Singapore.Baker's recounts are often humorous and detailed with the help of rare photographs, preserved since his childhood. His love for poetry also seeps through the lines of vivid prose, sending the reader back to a simpler time where tigers still used to roam the jungles of Malaya and Singapore; where fireflies were as abundant as starlight, and wild guava trees stood tall.

Sir Charles Bullen Hugh Mitchell G.c.m.g.: 1836 To 1899 - The Forgotten Colonial Governor Michael G Gray.2023-05-19 This is the first known biography of Sir Charles Bullen Hugh Mitchell G C M G, former

Governor of the Straits Settlements and District Grand Master of the freemasons in the Eastern Archipelago. The book traces his early life as an officer in the Royal Marines, where he served for 15 years, ending up with the rank of Lieutenant Colonel, as well as his long, distinguished career in the Colonial Service, serving Queen Victoria in many countries including Natal in Southern Africa during and after the Zulu Wars, British Honduras, British Guiana, Fiji and Singapore. It is his time in Singapore that is given extensive treatment in the book. Having been sworn in as Governor and Commander-in-Chief of The Straits Settlements and their Dependencies (the 'Colony') on 1 February 1894, Mitchell inherited a colony, which was in very serious financial difficulty. With his prudent financial management, the governor brought the Colony back to a strong financial position and completed many projects. He was also instrumental in the implementation of the Federation of Malay States and was its first High Commissioner. His governorship was cut short when he died suddenly at the Colony's Government House (the current Istana) on 7 December 1899 and was buried in Singapore. However, his legacy was written out by his successor Sir Frank Swettenham who would take credit for the Colony's achievements. To this end, this book will go towards correcting the history of Singapore and Malaya at that time. The book also contains one of the very few public accounts of freemasonry in Singapore during the 19th Century and those of prominent freemasons participating in the colonial administration and commercial sector in the Colony.

For the first time, the actions and motives of all the participants are explained, including the final days when politicians and bankers made a last-ditch attempt to save the bank, as well as Nick Leeson's actions and motives.
