A Disney Sketchbook Ken Shue.2012-10-09 Imagine if one sketchbook had been passed down through the decades from one Disney animator to the next, with each one making a contribution before leaving it in the talented hands of another artist. That idea was the inspiration for A Disney Sketchbook. The drawings contained within it represent the entire range of animation development, from the origins of ideas to fully conceived characters. Pencil studies of a much-younger Wendy and a serpentlike sea witch reveal the many imaginative iterations that animators create before they ultimately perfect every hero and villain. And comprehensive studies of Mickey and Baloo showcase the dedication that goes into defining the facial expressions and body language of each beloved character. Films and shorts from throughout the history of the company are featured—beginning with Steamboat Willie and ending with Tangled—demonstrating the ingenuity and skill that have remained a constant at Walt Disney Animation Studios since 1928.

A Portrait of Walt Disney World Kevin Kern,Tim O'Day,Steven Vagnini.2021-09-28 This expansive, must-have coffee table book paints a robust portrait of the Walt Disney World Resort, across half a century, through diverse and vibrant voices and mostly unseen Disney theme park concept art and photographs. Walt Disney's vision for the Florida Project begins with Disneyland and the 1964-1965 New York World's Fair. After an imaginative and expansive design, a unique land acquisition process, and an innovative construction period, the Walt Disney World Resort celebrated its Grand Opening in October 1971. It featured a theme park dubbed the Magic Kingdom and three recreational resorts: Disney's Contemporary Resort, Disney's Polynesian Village, and Disney's Fort Wilderness Resort & Campground. As Walt Disney World consistently grew and further evolved through the five decades that followed, certain themes reverberated: an appreciation for nostalgia, a joy for fantasy, a hunger for discovery, and an unending hope for a better tomorrow. Inspirational and memorable theme parks, water parks, sports arenas, recreational water sports, world-class golf courses, vast shopping villages, and a transportation network unlike any other in the world resulted in fun, festive, and familiar characters, traditions, spectacles, merchandise, and so much more. The resort has come to represent the pulse of American leisure and has served as a backdrop for life's milestones both big and small, public and private. Walt Disney World: A Portrait of the First Half Century serves as a treasure trove for vacationers, students of hospitality, artists, and all Disney collectors.
