**Berlin Blues** Sven Regener.2012-06-30 It's 1989 and, whenever he isn't hanging out in the local bars, Herr Lehmann lives entirely free of responsibility in the bohemian Berlin district of Kreuzberg. Through years of judicious sidestepping and heroic indolence, this barman has successfully avoided the demands of parents, landlords, neighbours and women. But suddenly one unforeseen incident after another seems to threaten his idyllic and rather peaceable existence. He has an encounter with a decidedly unfriendly dog, his parents threaten to descend on Berlin from the provinces, and he meets a dangerously attractive woman who throws his emotional life into confusion. Berlin Blues is a richly entertaining evocation of life in the city and a classic of modern-day decadence.

**Why Men Don't Have a Clue and Women Always Need More Shoes** Barbara Pease,Allan Pease.2004-01-13 Do you know the top seven things men do that drive women nuts? Or the real reason women cry more than men do? What are men really looking for in a woman—both at first sight and for the long-term? These are only the starting points for Barbara and Allan Pease as they discuss the very real—and often very funny—differences between the sexes. Why Men Don't Have a Clue and Women Always Need More Shoes takes a look at some of the issues that have confused men and women for centuries. Using new findings on the brain, studies of social changes, evolutionary biology, and psychology, the Peases teach you how to make the most of your relationships—or at least begin to understand where your partner is coming from. They help women understand why men avoid commitment, what drives them to lie, and how to decode male speech to find out what they are really saying. They explain to men why women nag, how they use emotional blackmail, and how to understand (and take advantage of!) the top-secret scoring system all women apply. They also dish about the top turn-ons--and turn-offs--for both sexes. Laced with their trademark humor, Why Men Don't Have a Clue and Women Always Need More Shoes addresses a host of nitty-gritty battlegrounds as well, from channel surfing and toilet seats to shopping and communication. Already a #1 bestseller in the United Kingdom, Germany, Japan, Holland, Spain, Brazil, Portugal, Belgium, Ireland, France, Czech Republic, India, Singapore, Malaysia, South Africa, New Zealand, and Australia, Why Men Don't Have a Clue and Women Always Need More Shoes is the answer to understanding the opposite sex.

*Tarzan Economics* Will Page.2023-01-05 A stunning new insight into how the most crucial lesson you can learn in today's challenging business environment is how to change the fundamentals of what you do, rather than carry on fighting a battle that is already lost. The near destruction of the music industry at the hands of online piracy and its subsequent recovery on the backs of digital streaming platforms is more than just the biggest story of disruption and reinvention of the digital age. It is also a trove of insights on how to confront the metamorphosis we are all facing in dealing with the Covid-19 era, as accelerating tech and economic changes reshape our work, our play and our very minds. Will Page, Spotify's first chief economist, extrapolates music's journey into eight guiding principles for pivoting through the ubiquitous disruption in nearly all industries. Expect the unexpected with transferable lessons coming from Starbucks, Tupperware and even Groucho Marx. The notion of 'Tarzan Economics' ties these principles together: a framework for recognising and acting on disruption, by letting go of the old vine and grabbing onto the new. Page joyfully brings these insights to life and provides a guide for knowing not just how to grab the new vine, but when. He assesses the new dynamics of the 'long tail', identifies friends and foes in the battle for scarce attention and provides a practical tool for discovering the right role for each of us to succeed in this new modern world. As we emerge from the unprecedented disruption of a global pandemic, Pivot shows all of us - individuals, organisations and institutions - that if the vine we are holding onto is withering, we can have confidence to reach out for a new one in 2023 and beyond.
