Feedbooks is a massive collection of downloadable ebooks: fiction and non-fiction, public domain and copyrighted, free and paid. While over 1 million titles are available, only about half of them are free. The legality of Library Genesis has been in question since 2015 because it allegedly grants access to pirated copies of books and paywalled articles, but the site remains standing and open to the public. Where to Get Free eBooks If you are looking for free eBooks that can help your programming needs and with your computer science subject, you can definitely resort to FreeTechBooks eyes closed. You can text books, books, and even lecture notes related to tech subject that includes engineering as well. These computer books are all legally available over the internet. When looking for an eBook on this site you can also look for the terms such as, books, documents, notes, eBooks or monograms. Finding the Free eBooks. Another easy way to get Free Google eBooks is to just go to the Google Play store and browse. Top Free in Books is a browsing category that lists this week's most popular free downloads. This includes public domain books and promotional books that legal copyright holders wanted to give away for free. There are plenty of genres available and you can search the website by keyword to find a particular book. Each book has a full description and a direct link to Amazon for the download. Get free eBooks for your eBook reader, PDA or iPod from a collection of over 33,000 books with ManyBooks. It features an eye-catching front page that lets you browse through books by authors, recent reviews, languages, titles and more. Not only that you have a lot of free stuff to choose from, but the eBooks can be read on most of the reading platforms like, eReaders, Kindle, iPads, and Nooks. You can search and download free books in categories like scientific, engineering, programming, fiction and many other books. No registration is required to download free e-books. Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).
