Real Country Aaron A. Fox. 2004-10-06 DIVAn ethnographic study of country music, and the bars, life, and everyday speech of its rural fans./div
The Duel on the Beach Rafael Sabatini. 2021-11-09 The Duel on the Beach is a seafaring adventure novel by the famed Anglo-Italian author Rafael Sabatini. Like the author's earlier book 'Captain Blood', it focuses on piracy in the seventeenth century Caribbean. When Major Sands left Barbados after the death of the governor, Sir John Harradine, he had every reason to congratulate himself that the fortune which he had gone overseas to seek was at last within his reach. For homing with him on the fine ship Centaur was the late governor's daughter, sole heiress to the considerable wealth which Sir John had amassed during his term of office. The long voyage before them with its constant association must afford him opportunities of contriving that the lady and her fortune should be contracted to him by the time they reached Plymouth. But when a French naval officer Monsieur de Bernis takes an interest in the young lady, a collision between the two men is inevitable...

Abhorsen Garth Nix. 2009-10-06 In the final book in the Old Kingdom trilogy, master of fantasy and globally bestselling author Garth Nix returns to the fantastic world of Sabriel for an unforgettable conclusion. Breathtaking, bittersweet, and utterly unforgettable." * After centuries in captivity, the Destroyer is nearly free. Beneath the earth, a malignant force lies waiting, greedy for freedom from its ancient prison. As the Old Kingdom falls once more into a realm of darkness and terror, the people look desperately to the Abhorsen, the scourge of the Dead, to save them. Yet Abhorsen Sabriel is lost, missing in Ancelstierre. Only Lirael has any chance of stopping the Destroyer. With her companions Sameth, Mogget and the Disreputable Dog, she travels across the Old Kingdom in a race against time, battling Shadow Hands and dark necromancers to reach Ancelstierre before it is too late. But what hope can one young woman have against a terrible evil with the power to destroy life itself? This eagerly awaited conclusion to Garth Nix's extraordinary trilogy of Old Kingdom books is a complex and vividly imagined story, powerful, terrifying and compelling. "Terror, courage, bitterness, love, desperation, and sacrifice all swirl together in an apocalyptic climax that pits both Life and Death together against the destruction of everything. —Kirkus*

Out of Control Kevin Kelly. 2009-04-30 Out of Control chronicles the dawn of a new era in which the machines and systems that drive our economy are so complex and autonomous as to be indistinguishable from living things.

Cross-Cultural Psychology Eric B. Shiraev, David A. Levy. 2016-08-12 Written in a conversational style that transforms complex ideas into accessible ones, this international best-seller provides an interdisciplinary review of the theories and research in cross-cultural psychology. The book's unique critical thinking framework, including Critical Thinking boxes, helps to develop analytical skills. Exercises interspersed throughout promote active learning and encourage class discussion. Case in Point sections review controversial issues and opinions about behavior in different cultural contexts. Cross-Cultural Sensitivity boxes underscore the importance of empathy in communication. Numerous applications better prepare students for working in various multicultural contexts such as teaching, counseling, health care, and social work. The dynamic author team brings a diverse set of experiences in writing this book. Eric Shiraev was raised in the former Soviet Union and David Levy is from Southern California. Sensation, perception, consciousness, intelligence, human development, emotion, motivation, social perception, interaction, psychological disorders, and applied topics are explored from cross-cultural perspectives. New to the 6th Edition: Over 200 recent references, particularly on studies of non-western regions such as the Middle East, Africa, Asia, & Latin America as well as the US and Europe. New chapter on personality and the self with an emphasis on gender identity. New or revised chapter opening vignettes that draw upon current events. More examples related to the experiences of international students in the US and indigenous people. Many more figures and tables that appeal to visual learners. New research on gender, race, religious beliefs, parenting styles, sexual orientation, ethnic identity and stereotypes, conflict resolution, immigration, intelligence, physical abuse, states of consciousness, DSM-5, cultural customs, evolutionary psychology, treatment of psychological disorders, and acculturation. Revised methodology chapter with more attention to issues related specifically to cross-cultural research and more on qualitative and mixed methods. A companion website at www.routledge.com/9781138668386 where instructors will find a test bank containing multiple choice, true and false, short answer, and essay questions and answers for each chapter, and a complete set of tables and figures from the text; and students will find chapter outlines, flashcards of key terms, and links to further resources and the authors' Facebook page. Intended as a text for courses on cross-cultural psychology, multicultural psychology, cultural psychology, cultural diversity, and the psychology of ethnic groups and a resource for practitioners, researchers, and educators who work in multicultural environments.

Mason & Dixon Thomas Pynchon. 2012-06-13 A novel that is as moving as it is cerebral, as poignant as it is daring. - Michiko Kakutani, The New York Times Mason & Dixon - like Huckleberry Finn, like Ulysses - is one of the great novels about male friendship in anybody's literature. - John Leonard, The Nation Charles Mason (1728-1786) and Jeremiah Dixon (1733-1779) were the British surveyors best remembered for running the boundary between Pennsylvania and Maryland that we know today as the Mason-Dixon Line. Here is their story as reimagined by Thomas Pynchon, featuring Native Americans and frontier folk, ripped bodices, naval warfare, conspiracies erotic and political, major caffeine abuse. Unreflectively entangled in crimes of demarcation, Mason & Dixon take us along on a grand tour of the Enlightenment's dark hemisphere, from their first journey together to the Cape of Good Hope, to pre-Revolutionary America and back to England, into the shadowy yet redemptive turns of their later lives, through incongruities in conscience, parallaxes of personality, tales of questionable altitude told and intimated by voices clamoring not to be lost. Along the way they encounter a plentiful cast of characters, including Benjamin Franklin, George Washington, and Samuel Johnson, as well as a Chinese feng shui master, a Swedish irredentist, a talking dog, and a robot duck. The quarrelsome, daring, mismatched pair—Mason as melancholy and Gothic as Dixon is cheerful and pre-Romantic—pursues a linear narrative of irregular lives, observing, and managing to participate in the many occasions of madness presented them by the Age of Reason.

In Griot Time Banning Eyre. 2000 A narrative of life among the griot musicians of Mali. Born into families where music and the tradition of griot storytelling are heritages and privileges, the musicians live their lives at the intersection of ancient traditions and the modern entertainment industry.

The Renewal of Pagan Antiquity Aby Warburg. 1999 A collection of essays by the art historian Aby Warburg, these essays look beyond iconography to more psychological aspects of artistic creation: the conditions under which art was practised; its social and cultural contexts; and its conceivable historical meaning.

Understanding Media Marshall McLuhan. 2016-09-04 When first published, Marshall McLuhan's Understanding Media made history with its radical view of the effects of electronic communications upon man and life in the twentieth century.

Cultural Techniques Bernhard Siegert. 2015-05-01 In a crucial shift within posthumanistic media studies, Bernhard Siegert dissolves the concept of media into a network of operations that reproduce, displace, process, and reflect the distinctions fundamental for a given culture. Cultural Techniques aims to forget our traditional understanding of media so as to redefine the concept through something more fundamental than the empiricist study of a medium's individual or collective uses or of its cultural semantics or aesthetics. Rather, Siegert seeks to relocate media and culture on a level where the distinctions between object and performance, matter and form, human and nonhuman, sign and channel, the symbolic and the real are still in the process of becoming. The result is to turn ontology into a domain of all that is meant in German by the word Kultur. Cultural techniques comprise not only self-referential symbolic practices like reading, writing, counting, or image-making. The analysis of artifacts as

cultural techniques emphasizes their ontological status as “in-betweens,” shifting from firstorder to second-order techniques, from the technical to the artistic, from object to sign, from the natural to the cultural, from the operational to the representational. Cultural Techniques ranges from seafaring, drafting, and eating to the production of the sign-signaldistinction in old and new media, to the reproduction of anthropological difference, to the study of trompe-l’oeils, grids, registers, and doors. Throughout, Siegert addresses fundamental questions of how ontological distinctions can be replaced by chains of operations that process those alleged ontological distinctions within the ontic. Grounding posthumanist theory both historically and technically, this book opens up a crucial dialogue between new German media theory and American postcybernetic discourses.

Who's who in Entertainment .1992

The Expediency of Culture George Yúdice.2004-01-23 The Expediency of Culture is a pioneering theorization of the changing role of culture in an increasingly globalized world. George Yúdice explores critically how groups ranging from indigenous activists to nation-states to nongovernmental organizations have all come to see culture as a valuable resource to be invested in, contested, and used for varied sociopolitical and economic ends. Through a dazzling series of illustrative studies, Yúdice challenges the Gramscian notion of cultural struggle for hegemony and instead develops an understanding of culture where cultural agency at every level is negotiated within globalized contexts dominated by the active management and administration of culture. He describes a world where “high” culture (such as the Guggenheim Museum in Bilbao, Spain) is a mode of urban development, rituals and everyday aesthetic practices are mobilized to promote tourism and the heritage industries, and mass culture industries comprise significant portions of a number of countries’ gross national products. Yúdice contends that a new international division of cultural labor has emerged, combining local difference with transnational administration and investment. This does not mean that today’s increasingly transnational culture—exemplified by the entertainment industries and the so-called global civil society of nongovernmental organizations—is necessarily homogenized. He demonstrates that national and regional differences are still functional, shaping the meaning of phenomena from pop songs to antiracist activism. Yúdice considers a range of sites where identity politics and cultural agency are negotiated in the face of powerful transnational forces. He analyzes appropriations of American funk music as well as a citizen action initiative in Rio de Janeiro to show how global notions such as cultural difference are deployed within specific social fields. He provides a political and cultural economy of a vast and increasingly influential art event—insite a triennial festival extending from San Diego to Tijuana. He also reflects on the city of Miami as one of a number of transnational “cultural corridors” and on the uses of culture in an unstable world where censorship and terrorist acts interrupt the usual channels of capitalist and artistic flows.

The Illustrated London News .1927

Guide du Routard Malte 2018/19 Collectif.2018-03-28 Cet ebook est une version numérique du guide papier sans interactivité additionnelle. Admirer, depuis la mer, les remparts de La Valette, capitale européenne de la culture en 2018, avant de se perdre dans ses ruelles pavées du XVIe s. Déambuler dans les ruelles du vieux Vittoriosa. Savourer, dans un resto de village, le traditionnel fenkata. Grimper le grand escalier du palazzo Parisio. Plonger à la rencontre du monde sous-marin maltais. Sillonner les chemins de traverse dans la campagne gozitaine. Se dorer la pilule dans la petite baie de M arr ix-Xini avant de piquer une tête dans ses eaux turquoise... Le Routard Malte c’est aussi une première partie haute en couleur avec des cartes et des photos, pour découvrir plus facilement cette île et repérer nos coups de cœur ; des adresses souvent introuvables ailleurs ; des visites culturelles originales en dehors des sentiers battus ; des infos remises à jour chaque année ; des cartes et plans détaillés. Merci à tous les Routards qui partagent nos convictions : Liberté et indépendance d’esprit ; découverte et partage ; sincérité, tolérance et respect des autres !

The Evolution of Cooperation Robert Axelrod.2009-04-29 A famed political scientist's classic argument for a more cooperative world We assume that, in a world ruled by natural selection, selfishness pays. So why cooperate? In *The Evolution of Cooperation*, political scientist Robert Axelrod seeks to answer this question. In 1980, he organized the famed Computer Prisoners Dilemma Tournament, which sought to find the optimal strategy for survival in a particular game. Over and over, the simplest strategy, a cooperative program called Tit for Tat, shut out the competition. In other words, cooperation, not unfettered competition, turns out to be our best chance for survival. A vital book for leaders and decision makers, *The Evolution of Cooperation* reveals how cooperative principles help us think better about everything from military strategy, to political elections, to family dynamics.

The Art of Pirates of the Caribbean Timothy Shaner.2007-05-22 *The Art of Pirates of the Caribbean* presents a definitive, exclusive look into the preparation and production of the successful movie trilogy. Overflowing with hundreds of full-color images, the book showcases concept drawings, set designs, and costume sketches, as well as the intricate props, set pieces, and even special effects that contribute so much to the Pirates mythology. Even the cover is visually arresting—imitating the leather-covered log of a ship’s captain. Also included is special commentary from the unit publicist who was there to see it all. For Pirates fans everywhere, this treasure chest of art and design from the entire movie trilogy is a visual feast that promises hours of endless browsing pleasure.

One Piece, Vol. 33 Eiichiro Oda.2011-07-04 After exploring the newest island, Long Ring Long Land, the Straw Hats meet the Foxy Pirates. Led by Foxy the Silver Fox, these new foes waste no time in challenging Luffy to a high stakes Davy Back Fight. Will Luffy accept the challenge of these dangerous new enemies? -- VIZ Media

Dark Matter Gregory Sholette.2010-12-15 Art is big business, with some artists able to command huge sums of money for their works, while the vast majority are ignored or dismissed by critics. This book shows that these marginalized artists, the dark matter of the art world, are essential to the survival of the mainstream and that they frequently organize in opposition to it. Gregory Sholette, a politically engaged artist, argues that imagination and creativity in the art world originate thrive in the non-commercial sector shut off from prestigious galleries and champagne receptions. This broader creative culture feeds the mainstream with new forms and styles that can be commodified and used to sustain the few artists admitted into the elite. This dependency, and the advent of inexpensive communication, audio and video technology, has allowed this dark matter of the alternative art world to increasingly subvert the mainstream and intervene politically as both new and old forms of non-capitalist, public art. This book is essential for anyone interested in interventionist art, collectivism, and the political economy of the art world.

How to Live Safely in a Science Fictional Universe (Enhanced Edition) Charles Yu.2010-09-07 This enhanced eBook includes video, audio, photographic, and linked content, as well as a bonus short story. Hear TAMMY talk. Learn the origins of Minor Universe 31. See the TM-31. Take a trip in it. Photos and illustrations appear as hyperlinked endnotes. Video and audio are embedded directly in text. *Video and audio may not play on all readers. Check your user manual for details. National Book Foundation 5 Under 35 Award winner Charles Yu delivers his debut novel, a razor-sharp, ridiculously funny, and utterly touching story of a son searching for his father . . . through quantum space-time. *Minor Universe 31* is a vast story-space on the outskirts of fiction, where paradox fluctuates like the stock market, lonely sexbots beckon failed protagonists, and time travel is serious business. Every day, people get into time machines and try to do the one thing they should never do: change the past. That’s where Charles Yu, time travel technician—part counselor, part gadget repair man—steps in. He helps save people from themselves. Literally. When he’s not taking client calls or consoling his boss, Phil, who could really use an upgrade, Yu visits his mother (stuck in a one-hour cycle of time, she makes dinner over and over and over) and searches for his father, who invented time travel and then vanished. Accompanied by TAMMY, an operating system with low self-esteem, and Ed, a nonexistent but ontologically valid dog, Yu sets out, and back, and beyond, in order to find the one day where he and his father can meet in memory. He learns that the key may be found in a book he got from his future self. It’s called *How to Live Safely in a Science Fictional Universe*, and he’s the author. And somewhere inside it is the information that could help him—in fact it may even save his life. Wildly new and adventurous, Yu’s debut is certain to send shock waves of wonder through literary space-time.

The Pirates and the Mouse Bob Levin.2003-07-09 During a time of unprecedented political, social, and cultural upheaval in U.S. history, one of the fiercest battles was ignited by a comic book. In 1963, the San Francisco Chronicle made 21-year-old Dan O’Neill the youngest syndicated cartoonist in American newspaper history. As O’Neill delved deeper into the emerging counterculture, his strip, *Odd Bodkins*, became stranger and stranger and more and more provocative, until the papers in the syndicate dropped it and the Chronicle let him go. The lesson that O’Neill drew from this was that what America most needed was the destruction of Walt Disney. O’Neill assembled a band of rogue cartoonists called the Air Pirates (after a

group of villains who had bedeviled Mickey Mouse in comic books and cartoons). They lived communally in a San Francisco warehouse owned by Francis Ford Coppola and put out a comic book, *Air Pirates Funnies*, that featured Disney characters participating in very un-Disneylike behavior, provoking a mammoth lawsuit for copyright and trademark infringements and hundreds of thousands of dollars in damages. Disney was represented by one of San Francisco's top corporate law firms and the Pirates by the cream of the counterculture bar. The lawsuit raged for 10 years, from the trial court to the US Supreme Court and back again.

Music and the Exotic from the Renaissance to Mozart Ralph P. Locke. 2015-05-07 During the years 1500-1800, European performing arts revealed in a kaleidoscope of Otherness: Middle-Eastern harem women, fortune-telling Spanish 'Gypsies', Incan priests, Barbary pirates, moresca dancers, and more. In this prequel to his 2009 book *Musical Exoticism*, Ralph P. Locke explores how exotic locales and their inhabitants were characterized in musical genres ranging from instrumental pieces and popular songs to oratorios, ballets, and operas. Locke's study offers new insights into much-loved masterworks by composers such as Cavalli, Lully, Purcell, Rameau, Handel, Vivaldi, Gluck, and Mozart. In these works, evocations of ethnic and cultural Otherness often mingle attraction with envy or fear, and some pieces were understood at the time as commenting on conditions in Europe itself. Locke's accessible study, which includes numerous musical examples and rare illustrations, will be of interest to anyone who is intrigued by the relationship between music and cultural history, and by the challenges of cross-cultural (mis)understanding.

Revealing the African Presence in Renaissance Europe Natalie Zemon Davis, K. J. P. Lowe, Ben Vinson (III.). 2012 This publication accompanies the exhibition *Revealing the African Presence in Renaissance Europe*, held at the Walters Art Museum from October 14, 2012, to January 21, 2013, and at the Princeton University Art Museum from February 16 to June 9, 2013.

Materialized Identities Early Modern Chb Burkart BURGHARTZ. 2021-08-02 it engages with the agentive qualities of matter it shows how affective dimensions in history connect with material history it explores the religious and cultural identity dimensions of the use of materials and artefacts

Virtue and Beauty David Alan Brown, National Gallery of Art (U.S.). 2001 Illustrated ... volume of paintings, sculpture, medals, and drawings celebrates the extraordinary flowering of female portraiture, mainly in Florence, beginning in the latter half of the fifteenth century ... 97 color plates, 76 black-and-white illustrations--Dustjacket.

Zero to One Peter Thiel, Blake Masters. 2014-09-16 #1 NEW YORK TIMES BESTSELLER • "This book delivers completely new and refreshing ideas on how to create value in the world."—Mark Zuckerberg, CEO of Meta "Peter Thiel has built multiple breakthrough companies, and *Zero to One* shows how."—Elon Musk, CEO of SpaceX and Tesla The great secret of our time is that there are still uncharted frontiers to explore and new inventions to create. In *Zero to One*, legendary entrepreneur and investor Peter Thiel shows how we can find singular ways to create those new things. Thiel begins with the contrarian premise that we live in an age of technological stagnation, even if we're too distracted by shiny mobile devices to notice. Information technology has improved rapidly, but there is no reason why progress should be limited to computers or Silicon Valley. Progress can be achieved in any industry or area of business. It comes from the most important skill that every leader must master: learning to think for yourself. Doing what someone else already knows how to do takes the world from 1 to n, adding more of something familiar. But when you do something new, you go from 0 to 1. The next Bill Gates will not build an operating system. The next Larry Page or Sergey Brin won't make a search engine. Tomorrow's champions will not win by competing ruthlessly in today's marketplace. They will escape competition altogether, because their businesses will be unique. *Zero to One* presents at once an optimistic view of the future of progress in America and a new way of thinking about innovation: it starts by learning to ask the questions that lead you to find value in unexpected places.

Pirates Matteo Guarnaccia. 2016-10 *Pirates* is a map to the world of the buccaneer, looking at how these iconic figures make their presence known today. It shows how style idols like David Bowie and the Rolling Stones incorporated the pirate's sense of romanticism and danger into their famous looks, as well as how the flair of the pirating lifestyle has been represented in contemporary fashion, cartoons, costume design, and numerous films and musicals. With a broad array of pirates both fictional and real represented, *Pirates* visually demonstrates the roguish allure that has captivated people for centuries.

Media & Culture Richard Campbell, Christopher R. Martin, Bettina Fabos. 2002 Rev. ed. of: *Media and culture*. 2nd ed. c2000. Includes bibliographical references (p. 575-582) and index.

Black Africans in Renaissance Europe Thomas Foster Earle, K. J. P. Lowe. 2005-05-26 This highly original book opens up the almost entirely neglected area of the black African presence in Western Europe during the Renaissance. Covering history, literature, art history and anthropology, it investigates a whole range of black African experience and representation across Renaissance Europe, from various types of slavery to black musicians and dancers, from real and symbolic Africans at court to the views of the Catholic Church, and from writers of African descent to Black African criminality. Their findings demonstrate the variety and complexity of black African life in fifteenth and sixteenth-century Europe, and how it was affected by firmly held preconceptions relating to the African continent and its inhabitants, reinforced by Renaissance ideas and conditions. Of enormous importance both for European and American history, this book mixes empirical material and theoretical approaches, and addresses such issues as stereotypes, changing black African identity, and cultural representation in art and literature.

Wealth, Poverty and Politics Thomas Sowell. 2016-09-06 In *Wealth, Poverty, and Politics*, Thomas Sowell, one of the foremost conservative public intellectuals in this country, argues that political and ideological struggles have led to dangerous confusion about income inequality in America. Pundits and politically motivated economists trumpet ambiguous statistics and sensational theories while ignoring the true determinant of income inequality: the production of wealth. We cannot properly understand inequality if we focus exclusively on the distribution of wealth and ignore wealth production factors such as geography, demography, and culture. Sowell contends that liberals have a particular interest in misreading the data and chastises them for using income inequality as an argument for the welfare state. Refuting Thomas Piketty, Paul Krugman, and others on the left, Sowell draws on accurate empirical data to show that the inequality is not nearly as extreme or sensational as we have been led to believe. Transcending partisanship through a careful examination of data, *Wealth, Poverty, and Politics* reveals the truth about the most explosive political issue of our time.

Hamlet's Ghost James Cowan. 2015-09-04 Occasionally a man emerges from history without us knowing him. Duke Vespasiano Gonzaga (1531-91) of Sabbioneta escaped the net of sixteenth century Italy, its history of wars and conflicts, to fashion a life that was uniquely different. He set out to change the way urban man lived. Importantly, he was the first man to build a Città ideale. Sabbioneta is the prototype of all planned cities of the modern era. As a confidant of King Philip II of Spain and a traveller, he quickly acquired a cosmopolitan worldview, which led him to become a uomo universale. It was in this capacity that he designed Sabbioneta as a genuine "little Athens." His life was fraught with tragedy, however. Not only did he suffer from syphilis, but his personal troubles left him emotionally damaged. The mysterious death of two wives, including the beautiful Diana of Cardona, forced him to find solace in the construction of his ideal city. As nephew to the legendary Giulia Gonzaga - and with her encouragement - the Duke managed to forge a career as a poet, bibliophile, antiquarian, condottiero, urban planner and diplomat, all against the backdrop of New World discovery, the Protestant Reformation, and the Inquisition. This book reveals another fascinating story: Vespasiano Gonzaga's link to Shakespeare's Hamlet. Like the Prince of Denmark, he reflects the emergence of our modern consciousness. He was a true Renaissance man whose legacy remains with us to this day. As a self-fashioned personality, the Duke made every attempt to place himself at the forefront of events of his time. His life tells us a great deal about how late-Renaissance men exteriorised their inner world in a bid to achieve immortality.

Why Brilliant People Believe Nonsense J. Steve Miller, Cherie K Miller. 2015-08-01 The passing of time reveals much expert opinion to be nonsense. How can we evaluate expert opinion and learn to think for ourselves? In the midst of an information explosion, we face a wisdom deficit, notes author J. Steve Miller. This book, in a remarkably accessible and entertaining way, equips readers to think more clearly, innovate more creatively, see through the deceptions of clever advertisers and salesmen, simplify complex and convoluted arguments, manage life's decisions with more

confidence, and express convictions more powerfully. This book is designed to be read by all individuals interested in learning critical and creative thinking skills. It can also be used as a text targeting high school seniors and college freshmen. An accompanying website offers free lesson plans and teaching tips.

Rumba Rules Bob W. White.2008-06-27 Mobutu Sese Seko, who ruled Zaire (now the Democratic Republic of Congo) from 1965 until 1997, was fond of saying “happy are those who sing and dance,” and his regime energetically promoted the notion of culture as a national resource. During this period Zairian popular dance music (often referred to as la rumba zaïroise) became a sort of musica franca in many parts of sub-Saharan Africa. But how did this privileged form of cultural expression, one primarily known for a sound of sweetness and joy, flourish under one of the continent’s most brutal authoritarian regimes? In *Rumba Rules*, the first ethnography of popular music in the Democratic Republic of Congo, Bob W. White examines not only the economic and political conditions that brought this powerful music industry to its knees, but also the ways that popular musicians sought to remain socially relevant in a time of increasing insecurity. Drawing partly on his experiences as a member of a local dance band in the country’s capital city Kinshasa, White offers extraordinarily vivid accounts of the live music scene, including the relatively recent phenomenon of libanga, which involves shouting the names of wealthy or powerful people during performances in exchange for financial support or protection. With dynamic descriptions of how bands practiced, performed, and splintered, White highlights how the ways that power was sought and understood in Kinshasa’s popular music scene mirrored the charismatic authoritarianism of Mobutu’s rule. In *Rumba Rules*, Congolese speak candidly about political leadership, social mobility, and what it meant to be a bon chef (good leader) in Mobutu’s Zaire.

A Cultural History of the Disneyland Theme Parks Sabrina Mittermeier.2021-01-15 The writing is academic, but it is not inaccessible. It will have wide disciplinary appeal within academia, as tourism studies cross into a variety of fields including history, American studies, fandom studies, performance studies and cultural studies. It will be invaluable to those working in the field of theme park scholarship and the study of Disney theme parks, theme parks in general and related areas like world's expositions and spaces of the consumer and lifestyle worlds. It will also be of interest to Disney fans, those who have visited any of the parks or are interested to know more about the parks and their cultural situation and context.

Guide du Routard Malte 2023/24 Collectif.2023-03-08 Cet ebook est la version numérique du guide sans interactivité additionnelle. Nouvelle mise à jour du Routard, le guide de voyage n°1 en France ! Find Pirates L Art Du Da C Tournement Culturel

Large photos of the Kindle books covers makes it especially easy to quickly scroll through and stop to read the descriptions of books that you're interested in. Unlike the other sites on this list, Centsless Books is a curator-aggregator of Kindle books available on Amazon. Its mission is to make it easy for you to stay on top of all the free ebooks available from the online retailer. You can search for a specific title or browse by genre (books in the same genre are gathered together in bookshelves). It's a shame that fiction and non-fiction aren't separated, and you have to open a bookshelf before you can sort books by country, but those are fairly minor quibbles. The Literature Network: This site is organized alphabetically by author. Click on any author's name, and you'll see a biography, related links and articles, quizzes, and forums. Most of the books here are free, but there are some downloads that require a small fee. Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon. Updated every hour with fresh content, Centsless

Books provides over 30 genres of free Kindle books to choose from, and the website couldn't be easier to use. Bootastik's free Kindle books have links to where you can download them, like on Amazon, iTunes, Barnes & Noble, etc., as well as a full description of the book. If you are not a bittorrent person, you can hunt for your favorite reads at the SnipFiles that features free and legal eBooks and softwares presented or acquired by resale, master rights or PLR on their web page. You also have access to numerous screensavers for free. The categories are simple and the layout is straightforward, so it is a much easier platform to navigate. LibriVox is a unique platform, where you can rather download free audiobooks. The audiobooks are read by volunteers from all over the world and are free to listen on your mobile device, iPods, computers and can be even burnt into a CD. The collections also include classic literature and books that are obsolete.
