I Close My Eyes, Then I Drift Away Katrien De Blauwer.2019-10-30 The idea for 'I Close My Eyes, Then I Drift Away' by Katrien De Blauwer (b. 1969, Belgian) was founded as a commission for De Blauwer to anatomise archival works of François Halard (b. 1961, French) into a new and rare narrative. With a seductive and dreamlike state, bordering femininity and masculinity, she lets the observer immerse by the means of power structures and illusions, with nuances and parables to the contrasting career of Halard's, yet with the most imaginable awe.00All photographs appearing in this book were taken by François Halard and accumulated on July 3rd, 2019 by Katrien De Blauwer in Arles, France. All artworks were made in Antwerp, Belgium by Katrien De Blauwer. The concept for this book was conceived by editor and designer Tony Cederteg, who also wrote the preface for the book.

Managing Ocean Environments in a Changing Climate Kevin J. Noone,Ussif Rashid Sumaila,Robert J. Diaz.2013-06-29 Managing Ocean Environments in a Changing Climate summarizes the current state of several threats to the global oceans. What distinguishes this book most from previous works is that this book begins with a holistic, global-scale focus for the first several chapters and then provides an example of how this approach can be applied on a regional scale, for the Pacific region. Previous works usually have compiled local studies, which are essentially impossible to properly integrate to the global scale. The editors have engaged leading scientists in a number of areas, such as fisheries and marine ecosystems, ocean chemistry, marine biogeochemical cycling, oceans and climate change, and economics, to examine the threats to the oceans both individually and collectively, provide gross estimates of the economic and societal impacts of these threats, and deliver high-level recommendations. Nominated for a Katerva Award in 2012 in the Economy category State of the science reviews by known marine experts provide a concise, readable presentation written at a level for managers and students Links environmental and economic aspects of ocean threats and provides an economic analysis of action versus inaction Provides recommendations for stakeholders to help stimulate the development of policies that would help move toward sustainable use of marine resources and services

Tim Walker: Story Teller Robin Muir.2012-11-01 Tim Walker is one of the most visually exciting photographers of our time. This book showcases many of his most dazzling images his daydreams turned into photographs, dating from around the last seven years of his career. Some of the biggest names in fashion and contemporary culture are here: Alber Elbaz sporting a pair of rabbit ears; Agyness Deyn in the sand dunes of Namibia; Alexander McQueen and a memento mori of skull and cigarettes; Helena Bonham Carter poised with Ray-Bans and a Diet Coke; Stella Tennant in a pink cloud among the rhododendrons of an English country garden The singer and musician Kate Bush contributes a foreword and Walker himself an afterword, as well as illuminating his pictures throughout with personal observations. This exceptional and beautifully designed overview of a career caught in mid-flow reveals just how much one mans singular vision has influenced contemporary tastes in fashion, beauty, glamour and portraiture. For a long time, streetwear was nothing more than the rebel kid brother of high fashion. With his candid, fashion forward-scouting photos, Katz Sinding shows how streetwear has transformed into a leading style reference pioneering trends, championing creativity, and inspiring high fashion designers the world over. Today, the flair of streetwear is as likely to be seen on the runways of Milan, New York, and London as on the streets themselves. This bold fashion book brings together Katz Sinding's most striking streetwear images, both on the streets and backstage at more than 20 fashion shows around the globe. With his unique backstage access, Katz Sinding captures such top designers, supermodels, and stylists as Kris van Assche (Christian Dior), Lucas Ossendrijver (Lanvin) and Grace Coddington (Vogue), as well as contemporary fashion icons such as Virgil Abloh, Imaan Hammam, and Luka Sabbat. The book also features a fascinating conversational piece on the streetwear phenomenon between Adam Katz Sinding, Virgil Abloh (founder of Off-White), and MENDO.

Paul's Book Collier Schorr.2019 Collier Schorr met Paul Hameline, a young French artist and model, in New York in 2015. A friend of friend, he came to her home for a go-see, which is when a photographer gets to see how a model looks in front of the camera. Paul's family lives in the Marais section of Paris around the corner from the hotel Collier stays at while in Paris, so they began to meet and to make a project that lasted two years in which Collier would visit Paul at his parents' house and take pictures and talk. The idea was for Paul and Collier to experience photography as a social space, a conversation in which his body and her eyes could try and understand each other's fascinations and fantasies. Many of the pictures were published in 'Re Edition' magazine. 'Paul's Book' expands that magazine story to form a larger piece about the way in which a photographer and model can search for some greater revelations with the simplest movements and various states of undress. --

Never Built New York Greg Goldin,Sam Lubell.2016 Following on the success of *Never Built Los Angeles* (Metropolis Books, 2013), authors Greg Goldin and Sam Lubell now turn their eye to New York City. New York towers among world capitals, but the city we know might have reached even more stellar heights, or burrowed into more destructive depths, had the ideas pictured in the minds of its greatest dreamers progressed beyond the drawing board and taken form in stone, steel, and glass. What is wonderfully elegant and grand might easily have been ingloriously grandiose; what is blandly unremarkable, equally, might have become delightfully provocative or humanely inspiring. The ambitious schemes gathered here tell the story of a different skyline and a different sidewalk alike. Nearly 200 ambitious proposals spanning 200 years encompass bridges, skyscrapers, master plans, parks, transit schemes, amusements, airports, plans to fill in rivers and extend Manhattan, and much, much more. Included are alternate visions for such landmarks as Central Park, Columbus Circle, Lincoln Center, MoMA, the U.N., Grand Central Station and the World Trade Centre site, among many others sites. Fact-filled and entertaining texts, as well as sketches, renderings, prints, and models drawn from archives all across the New York metropolitan region tell stories of a new New York, one that surely would have changed the way we inhabit and move through the city.

The Only Street in Paris: Life on the Rue des Martyrs Elaine Sciolino.2015-11-02 A New York Times Bestseller Sciolino's sharply observed account serves as a testament to...Paris—the city of light, of literature, of life itself. —The New Yorker Elaine Sciolino, the former Paris Bureau Chief of the New York Times, invites us on a tour of her favorite Parisian street, offering an homage to street life and the pleasures of Parisian living. I can never be sad on the rue des Martyrs, Sciolino explains, as she celebrates the neighborhood's rich history and vibrant lives. While many cities suffer from the leveling effects of globalization, the rue des Martyrs maintains its distinct allure. On this street, the patron saint of France was beheaded and the Jesuits took their first vows. It was here that Edgar Degas and Pierre-Auguste Renoir painted circus acrobats, Emile Zola situated a lesbian dinner club in his novel *Nana*, and François Truffaut filmed scenes from *The 400 Blows*. Sciolino reveals the charms and idiosyncrasies of this street and its longtime residents—the Tunisian greengrocer, the husband-and-wife cheesemongers, the showman who's been running a transvestite cabaret for more than half a century, the owner of a 100-year-old bookstore, the woman who repairs eighteenth-century mercury barometers—bringing Paris alive in all of its unique majesty. *The Only Street in Paris* will make readers hungry for Paris, for cheese and wine, and for the kind of street life that is all too quickly disappearing.

An Overview of the Pre-suppression Society of Jesus in Spain Patricia W. Manning.2020-11-30 In *An Overview of the Pre-suppression Society of Jesus in Spain*, Patricia W. Manning offers a survey of the Society of Jesus in Spain from its origins in Ignatius of Loyola's early preaching to the aftereffects of its expulsion. Rather than nurture the nascent order, Loyola's homeland was often ambivalent. His pre-Jesuit freelance sermonizing prompted investigations. The young Society confronted indifference and interference from the Spanish monarchy and outright opposition from other religious orders. This essay outlines the order's ministerial and pedagogical activities, its relationship with women and with royal institutions,

including the Spanish Inquisition, and Spanish members' roles in theological debates concerning casuistry, free will, and the immaculate conception. It also considers the impact of Jesuits' non-religious writings.

#Sendnudes. Ediz. Illustrata Mendo.2018 - A visually stunning book that approaches erotic photography from a female point of view, curated by Iman Whitfield - Features young and exciting photographers from around the globe - Celebrates the diversity of female beauty and body confidence in the 21st century If you spend a reasonable amount of time online, chances are you may have stumbled across the phrase: #SENDNUDES. A staple of millennial lingo, the term is used to request sexually explicit photographs, typically over text messaging and dating apps. Over time, #SENDNUDES has also evolved into a meme, deployed as a common punchline in image and video internet jokes. Today, #SENDNUDES is making another transition -- as the title of a carefully curated book of nude photography. In collaboration with Iman Whitfield, MENDO reached out to photographers all over the world and asked them to send their favorite shots of female sensuality and intimacy. The result is a visually stunning photo collection approaching erotic photography from a female point of view, celebrating the diversity of female beauty and body confidence, and teasing the delicate line between that which is revealed and that which remains private. The featured images were sent from all over the world, from such highly skilled erotic photographers as Dennis Swiatkowski, Fauve Bouwman, and Paul Bellaart -- each bringing a distinctive style and approach to female sensuality, intimacy, and elegance.

Paris .2016 - The metropolis of Paris, presented with Serge Ramelli's dramatic vision - A fabulous and fascinating tour of the city in an incomparable light - Film and photography meld into a black-and-white work of art Paris is the City of Light, love, and savoir vivre. And this world-class capital is surely one of the planet's most photographed destinations, whether by tourists snapping a quick souvenir shot or professionals with high-end cameras. The brief preview we provide here shows how special this city really is. Paris has never been showcased as impressively, meaningfully, or dramatically as it is by the French photographer Serge Ramelli. His vision of the city -- like all of his images -- is unmistakably inspired by cinema. In addition to his second passion, filmmaking (which he does when he's not taking pictures), he is also fascinated by the films of Jean-Pierre Jeunet and Ridley Scott. Ramelli's interpretation of the bustling metropolis of Paris is at once impressive and fabulous. Pulsing with life both day and night, the city appears nearly devoid of people -- a heavily symbolic place with many facets to explore, shining with an inimitable light.

Paris: A Love Story Kati Marton.2012-08-14 This is a memoir for anyone who has ever fallen in love in Paris, or with Paris. In this remarkably honest memoir, Marton narrates an impassioned and romantic story of love, loss, and life after loss.

Niagara Alec Soth, Philip Brookman, Richard Ford.2006 Evolving from a series of road trips along the Mississippi River, Alec Soth's *Sleeping by the Mississippi* captures America's iconic yet oft-neglected third coast. Soth's richly descriptive, large-format color photographs present an eclectic mix of individuals, landscapes, and interiors. Sensuous in detail and raw in subject, *Sleeping by the Mississippi* elicits a consistent mood of loneliness, longing, and reverie. In the book's 46 ruthlessly edited pictures, writes Anne Wilkes Tucker, Soth alludes to illness, procreation, race, crime learning art, music, death, religion, redemption, politics, and cheap sex. Like Robert Frank's classic *The Americans*, *Sleeping by the Mississippi* merges a documentary style with a poetic sensibility. The Mississippi is less the subject of the book than its organizing structure. Not bound by a rigid concept or ideology, the series is created out of a quintessentially American spirit of wanderlust.

Streets of New York .1855

New York Ric Burns, James Sanders, Lisa Ades.2021-11-23 An expanded edition of the only comprehensive illustrated history of New York—with more than 600 ravishing photographs and illustrations—that tells the remarkable 400-year-long story of the city from its beginning in 1624 up to the current moment. The companion volume to the acclaimed PBS series. This landmark book traces the spectacular growth of New York from its initial settlement on the tip of Manhattan through the destruction wrought by the Revolutionary War to its rise as the nation's premier commercial capital and industrial center and as a magnet for immigrant hopes and dreams in the 19th century to its standing as a beacon of modern culture in the 20th century and as a worldwide symbol of resilience in the 21st century. The story continues here with new chapters delivering a sweeping portrait of New York at the dawn of the 21st century, when it emerged after decades of decline to assert its place at the very center of a new globalized culture. Here is a city challenged—indeed, sometimes shaken to its core—by a series of profound crises: the aftermath of 9/11, the continual struggle with racial injustice, the financial crisis of 2008, the devastation of Superstorm Sandy, the still unfolding cataclysm of the COVID-19 pandemic—whose earliest and deadliest urban epicenter was New York itself. Here too is a lively portrait of the city's vibrant street life and culture: the birth of hip-hop in the South Bronx, Christo and Jeanne-Claude's Gates in Central Park, the musicals of Broadway, the explosion in location filmmaking in every borough, the pivotal rise of the tech industry, and so much more. The history of this city—especially in the tumultuous and transformative two decades detailed in the new chapters—is an epic story of rebirth and growth, an astonishing transfiguration, still in progress, of the world's first modern city into a model and prototype for the global city of the future.

Character Sketches of Romance, Fiction and the Drama E. Cobham Brewer.2019-09-25 Reproduction of the original: Character Sketches of Romance, Fiction and the Drama by E. Cobham Brewer

The Thirty-two Inch Ruler John R. Gossage.2010 John Gossage, the renowned American photographer and photography book-maker, presents two companion volumes and his first ever books in color. Engaged in a dance, neither book comes first, there is no hierarchy or sequence to the pair of volumes. Gossage is one of the most literary of photographic book authors and in *The Thirty-Two Inch Ruler*, the narrative, whilst not autobiographical, is about a neighborhood in which he lives; one that is singular in the United States. At the same time provincial and international, it is a neighborhood populated by ambassadorial residences, embassies, and the lavish private homes of those who are in positions of power and influence in Washington. A project he began with the arrival of a new neighbor, the Secretary of Defense Donald Rumsfeld and made over a full years cycle of seasons, these are images from the drift of privilege. The streets, cars, homes and yards of this neighborhood are photographed on perfect spring or autumn days, with sparkingly clear blue skies, and flowers or foliage accenting the order. These are photographs about how one might wish the world to be, how beauty might be seen as desire. In the same year Gossage made the *Map of Babylon*, photographing digitally from Washington, to Germany, to China and places in-between. This look away, to places beyond the immediate and local, is a classic exploration of particulars of the outside world.

Zanzibar Aline Coquelle.2020-05-01 Off the coast of East Africa in the Indian Ocean sits an archipelago known as Zanzibar. It all started ten million years ago when the island of Pemba separated from mainland Africa and then ten thousand years ago, the island of Unguja followed suit. Thus, begins the legend of Zanzibar. For centuries, Zanzibar has been the haven and gateway for explorers including Richard Burton and David Livingstone to penetrate the unknown African Continent. Forward to present day, and it is still possible to experience the unique wildlife whether that is by scuba diving off the coast of a private island, infinite lagoons, visiting mangroves or endemic wild forests; getting lost and immersing yourself into the historical labyrinthine streets of Stonetown. This cluster of islands is at a crossroads of cultures, featuring Omani architecture, Portuguese and British heritages as well as Swahili rituals.

Highbrow, Lowbrow, Brilliant, Despicable The Editors of New York Magazine.2017-11-07 New York, the city. New York, the magazine. A celebration. The great story of New York City in the past half-century has been its near collapse and miraculous rebirth. A battered town left for dead, one that almost a million people abandoned and where those who remained had to live behind triple deadbolt locks, was reinvigorated by the twinned energies of starving artists and financial white knights. Over the next generation, the city was utterly transformed. It again became the capital of wealth and innovation, an engine of cultural vibrancy, a magnet for immigrants, and a city of endless possibility. It was the place to be—if you could afford it. Since its founding in 1968, *New York Magazine* has told the story of that city’s constant morphing, week after week. Covering culture high and low, the drama and scandal of politics and finance, through jubilant moments and immense tragedies, the magazine has hit readers where they live, with a sensibility as fast and funny and urbane as New York itself. From its early days publishing writers like Tom Wolfe, Jimmy Breslin, and Gloria Steinem to its modern incarnation as a laboratory of inventive magazine-making, New York has had an extraordinary knack for catching the Zeitgeist and getting it on the page. It was among the originators of the New Journalism, publishing legendary stories whose authors infiltrated a Black Panther party in Leonard Bernstein’s apartment, introduced us to the mother-daughter hermits living in the dilapidated estate known as Grey Gardens, launched *Ms. Magazine*, branded a group of up-and-coming teen stars “the Brat Pack,” and effectively ended the career of Roger Ailes. Again and again, it introduced new words into the conversation—from “foodie” to “normcore”—and spotted fresh talent before just about anyone. Along the way, those writers and their colleagues revealed what was most interesting at the forward edge of American culture—from the old Brooklyn of Saturday Night Fever to the new Brooklyn of artisanal food trucks, from the Wall Street crashes to the hedge-fund spoils, from *The Godfather* to *Girls*—in ways that were knowing, witty, sometimes weird, occasionally vulgar, and often unforgettable. On “The Approval Matrix,” the magazine’s beloved back-page feature, New York itself would fall at the crossroads of highbrow and lowbrow, and more brilliant than despicable. (Most of the time.) Marking the magazine’s fiftieth birthday, *Highbrow, Lowbrow, Brilliant, Despicable: 50 Years of New York* draws from all that coverage to present an enormous, sweeping, idiosyncratic picture of a half-century at the center of the world. Through stories and images of power and money, movies and food, crises and family life, it constitutes an unparalleled history of that city’s transformation, and of a New York City institution as well. It is packed with behind-the-scenes stories from New York’s writers, editors, designers, and journalistic subjects—and frequently overflows its own pages onto spectacular foldouts. It’s a big book for a big town.
