Tantra Georg Feuerstein, Ph.D..1998-07-28 Today's foremost yoga researcher offers a clear and lively introduction to the history, philosophy, and practice of the Tantric spiritual tradition Tantra—often associated with Kundalini Yoga—is a fundamental dimension of Hinduism, emphasizing the cultivation of “divine power” (shakti) as a path to infinite bliss. Tantra has been widely misunderstood in the West, however, where its practices are often confused with eroticism and licentious morality. *Tantra: The Path of Ecstasy* dispels many common misconceptions, providing an accessible introduction to the history, philosophy, and practice of this extraordinary spiritual tradition. The Tantric teachings are geared toward the attainment of enlightenment as well as spiritual power and are present not only in Hinduism but also Jainism and Vajrayana Buddhism. In this book, Georg Feuerstein offers readers a clear understanding of authentic Tantra, as well as appropriate guidance for spiritual practice and the attainment of higher consciousness.

The Hindu Tantric World André Padoux.2017-03-07 Tantra occupies a unique position in Western understandings of Hindu spirituality. Its carnal dimension has made its name instantly recognizable, but this popular fascination with sex has obscured its philosophical depth and ritual practices, to say nothing of its overall importance to Hinduism. This book offers a clear, well-grounded overview of

Tantra that offers substantial new insights for scholars and practitioners. André Padoux opens by detailing the history of Tantra, beginning with its origins, founding texts, and major beliefs. The second part of the book delves more deeply into key concepts relating to the tantric body, mysticism, sex, mantras, sacred geography, and iconography, while the final part considers the practice of Tantra today, both in India and in the West. The result is an authoritative account of Tantra's history and present place in the world.

Devi's Tantra Azima V. Rosciano, MD.2015-01-23 *Devi's Tantra* is many things: an imaginative science fiction novel; a charming and ultimately profound love story; a teaching parable in the Tantra tradition; and, most of all, a new vision of how human sexuality can evolve into a path to enlightenment. The book tells the fascinating story of the relationship between an angelic being from another galaxy and a human man, and is based on the traditional Indian scriptures of the teachings of Shiva to his consort Devi. The book describes in detail some of the techniques that, by blending the masculine and feminine energies, lead to the ascension of the Kundalini and a mature relationship of love between a man and a woman. *Devi's Tantra* is not just a novel but a real text of Tantric teachings for the modern man. It is a book to always have with you, a book that helps to open up not only the heart but also the channels of light inherent in humans that connect us with the divine around us.

The Tantra Connection Monika Müller, Monika Muller.2009-09 Having started the new millennium we are in the midst of imminent changes. This era was foreseen five millennia ago, and described in tantric scriptures as the transition from the Age of Darkness to the Age of Truth. The main intention of this book is to heighten the reader's understanding of this transformation and to assist in this time

of change we are going through, individually as well as in society. Tantra considers the spiritual component of sexuality as it presents a balanced approach to life. Like Tantra this text is designed to enhance and support individual spiritual growth - in unity within a healing body. Holistic health is an ever-present undercurrent, since the work intertwines the conscious use of energy in the body with knowledge gleaned from ancient Tantra. Some parallels, between ancient East Indian Tantra and the highly developed cosmology of the pre-columbian Mayan culture, are also identified. The work is based on personal experiences. These have led the author to an energetic understanding of Tantra. Describing the use of certain meditations, different modes of energy-cleansing and cultivated sexuality, it attempts to reinforce the reader's courage and self-confidence. The goal is to master life, eventually becoming a whole human being - a microcosm within the macrocosm. In this context, the work seeks to clarify - from the focal point of energy and social programming - the adversities and opportunities that couples face as soon as either partner begins the journey to Self. It concludes, by pointing to a possible future vision - enabled by our consciousness and the actions we can take to bring on deepened awareness.

The Treasury of Knowledge: Book Eight, Part Three Jamgon Kongtrul.2008-10-16 Jamgön Kongtrül's Treasury of Knowledge in ten volumes is a unique encyclopedic masterpiece embodying the entire range of Buddhist teachings as they were presented in Tibet. Tibetan Buddhist teachers expected their students to study Buddhist philosophical texts as well as practice reflection and meditation; present-day students have also realized that awakening has its source in study as well as in reflection and practice. The Elements of Tantric Practice sets forth the essential components of the path of highest yoga tantra, a system of meditation that unites wisdom and compassion in its two phases of practice. The first phase, that of creation, relies primarily on the use of the imagination to effect personal transformation. The phase of completion allows the practitioner to perfect the process of transformation by training in methods that manipulate the energies and constituents of the mind and body. The result of this path is the direct experience of the fundamental nature of mind and phenomena. The Elements of Tantric Practice concerns the meditative processes of the inner system of secret mantra—that of highest yoga tantra—and is based primarily on tantric sources. The author introduces the subject by describing the path of tantra and its underlying principles. The main body of the book deals with two major elements essential to all highest yoga tantras: the

practice of the creation phase and that of the completion phase. For the first phase, Kongtrül describes the visualization sequences in which ordinary perceptions are transformed into the forms of awakening and explains how these practices purify the stages of cyclic existence—life, death, and rebirth. The creation phase prepares the practitioner for the techniques of the completion phase, which entail focusing directly on the channels, winds, and vital essences that form the subtle body. Kongtrül presents the key elements of a variety of tantras, including the Guhyasamaja and Yamari, belonging to the class of father tantras and the Kalachakra Hevajra Chakrasamvara Mahamaya Buddhakapala and Tara mother tantras. All these tantras share a common goal: to make manifest the pristine awareness that is the union of emptiness and bliss.

The Tantric Body Gavin Flood.2005-10-28 Tantra is the Hindu-based religion which links ecstatic sexual practice with meditation and direct spiritual experience. It originated in India some 1200 years ago, when the great sacred erotic temples were built. In the West it is best known for its inspiration of tantric yoga, and its associated ritualistic forms of sex. But is tantra just about esoteric sex or does it amount to something more? This lively and original book contributes to a more complete understanding of tantra's mysteries. Without minimising its sexual dimensions, Gavid Flood argues that within tantra the body is more than just a sexual entity. It is a vehicle for the spirituality that is fundamental to people's minds. The Tantric Body makes an important and

fascinating contribution to the study of South Asian religion, and will have strong appeal to students of South Asian cultures and societies as well as to those of comparative philosophy.

It is followed by a section of aphoritic comments on a number of subjects that are suitable or meditation, reflection and contemplation.

Tantra Parimal Kumar Datta.2009 This book entitled 'Tantra its relevance to modern times' which is a record of Tantra's long journey, presents an analytical and exhaustive study of the salient features of Tantra and all the elements of the Tantric Cult such as Guru, Sisya, Diksa, Mantra, Yantra, Pratima Puja, Cakra Puja, Pancamakara, Satkarma and Bali. The present work contains the names of Tantra works and their literary value, the names of the Saktapithas and their impact, comparisons of the Vedas, Buddhist Tantras, Islam and Marxism with Tantra, brief introductions of some legendary figures of Tantrika Sadhakas like Sri Ramkrishna, Vamakhya, Barada charan etc.

Tantric Temples Peter Levenda.2011-11-01 Tantra is one of the most misunderstood of the esoteric disciplines. In order to get a clear idea as to the nature of Tantric ritual and belief it is necessary to go where Tantra is still practiced and from where important Tantric teachings originated a thousand years ago: the island of Java in present-day Indonesia. This book illustrates the history of Tantrism in Java with more than a hundred photographs of temples, statues and iconography dedicated to the system -- some rarely seen before, including the recently-excavated white temple of Yogyakarta -- and accounts of contemporary practices in the shrines, cemeteries and secret schools of Java It is

this Tantra -- the Tantra of Java -- that has influenced secret societies, mystics, alchemists, Kabbalists and magicians for hundreds if not thousands of years. This book tells the story of how human sexuality became a metaphor and a template for both spiritual transformation and the manipulation of reality/ of how various sexual acts and psycho-biological states became the basis for a comprehensive cosmology that incorporates every aspect of human experience. Sometimes the secrets are buried where you least expect to find them. Sometimes they are hidden in plain sight. Sometimes... they are both. In the largest Muslim country in the world we will discover a path of Tantra so unique, yet so vibrant and alive, that we will be astonished that no one had heard of it until now.

Tantra Illuminated Christopher D Wallis.2013-08-15 This book takes readers on a fascinating journey to the very heart of Tantra: its key teachings, foundational lineages, and transformative practices. Since the West's discovery of Tantra 100 years ago, there has been considerable fascination, speculation, and more than a little misinformation about this spiritual movement. Now, for the first time in the English language, Tantra Illuminated presents an accessible introduction to this sacred tradition that began 1,500 years ago, in the far north of India. The book uses translations from primary Sanskrit sources, offers a profound look at spiritual practice, and reveals Tantra's rich history and powerful teachings.
