Mulheres de Ditadores DIANE DUCRET.2012-02-28 Chamavam-se Inessa, Clara, Nadia, Magda, Felismina, Jiang Qing, Elena, Catherine... E eles Lenine, Mussolini, Estaline, Hitler, Salazar, Mao, Ceausescu, Bokassa. Prostitutas ou mulheres da alta burguesia intelectual, paixões fugazes ou amores intensos, eles maltratavam ou adoravam-nas, mas, sistematicamente, voltavam para os seus braços. Esposas, companheiras, musas, admiradoras, todas têm em comum o facto de terem sido vencedoras, enganadas e sacrificadas. Aos seus homens cruéis, violentos, tiranos e infiéis, faziam crer que eram belos, charmosos e todo-poderosos. Sendo a virilidade um dos alicerces do poder absoluto, os ditadores sentiam a necessidade de juntar figuras femininas ao imaginário de poder e domínio que criaram. E assim controlando-os na sombra, por vezes, até à morte, como se vivessem sob a égide de um Pigmaleão. Diane Ducret relata em detalhe os momentos, as estratégias de sedução, os casos amorosos, as intervenções políticas e os destinos diversos, ocasionalmente trágicos, das mulheres que cruzaram o caminho ou passaram pelo leito dos ditadores.

The Poetry of Religious Sorrow in Early Modern England Gary Kuchar.2011-03-03 In early modern England, religious sorrow was seen as a form of spiritual dialogue between the soul and God, expressing how divine grace operates at the level of human emotion. Through close readings of both Protestant and Catholic poetry, Kuchar explains how the discourses of 'devout melancholy' helped generate some of the most engaging religious verse of the period. From Robert Southwell to John Milton, from Aemilia Lanyer to John Donne, the language of 'holy mourning' informed how poets represented the most intimate and enigmatic aspects of faith as lived experience. In turn, 'holy mourning' served as a way of registering some of the most pressing theological issues of the day. By tracing poetic representations of religious sorrow from Crashaw's devotional verse to Shakespeare's weeping kings, Kuchar expands our understanding of the interconnections between poetry, theology and emotion in post-Reformation England.

Sociocultural Anthropology Barbara Miller.2019-12-12 This is the first multi-volume collection of major writings on cultural anthropology, the sub-field of anthropology which is concerned with how people in different places live and understand the world around them. It covers key methodologies (participant observation, ethnography) and topics (kinship, ritual, values) and maps the development of the field from its beginnings in the mid-nineteenth century through to recent and current debates on the 'critique of anthropology' and the rise of new methodologies such as multi-sited research. The four volumes are arranged thematically and each is separately introduced. Drawing upon essays from anthropology and related disciplines, the volumes together chart the origins of the field, explore its core theories and methods, and trace the proliferation of sub-fields that it has generated, including anthropology of art, urban anthropology, medical anthropology and the anthropology of gender and sexuality. With key texts from James George Frazer, Lewis Henry Morgan, Bronislaw Malinowski, Franz Boas, Ruth Benedict, Margaret Mead, Lucy Mair, Claude Levi Strauss, Melford Spiro, Marshall Sahlins, Laura Nader, Maurice Godelier, David Graeber, Suad Joseph and many more, this set is an essential resource for scholars and students of the subject.

Paul Kossoff: All Right Now J. P. James.2017-11-02 Affectionately known as 'Koss', Paul Kossoff's playing touched people. It still does today, more than forty years after his sad and untimely death at the age of twenty-five. This authorised biography pays fitting tribute to a much-loved and widely admired musician whose influence and inspiration is still very evident. It's all here: Kossoff's musical childhood, his formative years with Black Cat Bones, forming Free at seventeen, that group's dizzying success, breakup, reforming and dissolution, the solo years, Back Street Crawler - the sessions, the tours and big concerts, the triumphs, the tragedies and the heartbreak - J.P. James takes the reader right there. Over four distinct sections, Kossoff's many guitars and the equipment he used to make them sing are fully documented; a brand-new detailed analysis of Kossoff's distinctive playing style and technique is presented for the first time; a broad overview of Kossoff's creative life draws on the voices of family, friends and fellow musicians; and finally, Kossoff's musical influences, approach to playing and his wider musical interests, hopes and dreams are explored - all drawn from his own words. Cramming so much into his short years, Paul Kossoff left a rich musical legacy, and he is indeed All Right Now. Thoroughly researched and sensitively written, given often in Kossoff's own words and packed with anecdotes from those who were there, musicians

and fans alike will enjoy this authoritative and comprehensive biography.

Clean Cut Theresa Monsour.2017-09-07 Paris Murphy, half-Irish, half-Lebanese, is extremely good at her job, though far less successful in her private life, which is a mess: she's got an on/off marriage to an ER doctor, a looming affair with a colleague in the forensic department and a mother who always calls at the worst possible moment. Tracking down killers is a far more attractive proposition than tidying up her own affairs and her latest investigation is gripping. The murder of a prostitute in St Paul's is the latest in a series of killings, and the police are sure they know who they are after - a successful plastic surgeon, scion of a powerful local family - and it is up to Paris and her partner, Gabe, to prove their case. But hard evidence is hard to come by, until Paris herself attracts the killer's attention ...

The Numinous Legacy Adair Butchins.2002 Where is God in the universe if anywhere? Why did God make germs? Why should we be so special? Could the universe have been different? This is a book that brings home, in no uncertain fashion, the discrepancy between the universe envisaged by the ancient sages and prophets and that of modern scientific cosmology, where the possibility of divine intervention looks less and less likely. Butchins demonstrates with clarity how the scientific method may be used, despite certain drawbacks, in an attempt to verify objective truth. It describes how the effect of the Copernican Revolution in the seventeenth century has steadily undermined the basic structure of the three great monotheistic religions of our day, Judaism, Christianity, and Islam, especially with respect to their eschatological concepts. The Eastern religions, being less anthropomorphic, are less affected. The theistic argument from design is shown to be powerful enough to have caused disagreement among present-day scientists, in spite of the strictures of Professor Dawkins. In general, the book attempts to make some sense of the structure of the universe in terms of our own consciousness; it behoves the reader to consider the
