Librivox.org is a dream come true for audiobook lovers. All the books here are absolutely free, which is good news for those of us who have had to pony up ridiculously high fees for substandard audiobooks. Librivox has many volunteers that work to release quality recordings of classic books, all free for anyone to download. If you've been looking for a great place to find free audio books, Librivox is a good place to start. In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books. Our goal: to create the standard against which all other publishers' cooperative exhibits are judged. Look to \$domain to open new markets or assist you in reaching existing ones for a fraction of the cost you would spend to reach them on your own. New title launches, author appearances, special interest group/marketing niche...\$domain has done it all and more during a history of presenting over 2,500 successful exhibits. \$domain has the proven approach, commitment, experience and personnel to become your first choice in publishers' cooperative exhibit services. Give us a call whenever your ongoing marketing demands require the best exhibit service your promotional dollars can buy. Myanonamouse is a private bit torrent tracker that needs you to register with your email id to get access to its database. It is a comparatively easier to get into website with easy uploading of books. It features over 2 million torrents and is a free for all platform with access to its huge database of free eBooks. Better known for audio books, Myanonamouse has a larger and friendly community with some strict rules. As the name suggests, Open Library features a library with books from the Internet Archive and lists them in the open library. Being an open source project the library catalog is editable helping to create a web page for any book published till date. From here you can download books for free and even contribute or correct. The

website gives you access to over 1 million free e-Books and the ability to search using subject, title and author. OnlineProgrammingBooks feature information on free computer books, online books, eBooks and sample chapters of Computer Science, Marketing, Math, Information Technology, Science, Business, Physics and Internet. These books are provided by authors and publishers. It is a simple website with a well-arranged layout and tons of categories to choose from. ManyBooks is a nifty little site that's been around for over a decade. Its purpose is to curate and provide a library of free and discounted fiction ebooks for people to download and enjoy.
