Empire of the Sun J. G. Ballard. 2013-03-19 The classic, award-winning novel, made famous by Steven Spielberg's film, tells of a young boy's struggle to survive World War II in China. Jim is separated from his parents in a world at war. To survive, he must find a strength greater than all the events that surround him. Shanghai, 1941 -- a city aflame from the fateful torch of Pearl Harbor. In streets full of chaos and corpses, a young British boy searches in vain for his parents. Imprisoned in a Japanese concentration camp, he is witness to the fierce white flash of Nagasaki, as the bomb bellows the end of the war...and the dawn of a blighted world. Ballard's enduring novel of war and deprivation, internment camps and death marches, and starvation and survival is an honest coming-of-age tale set in a world thrown utterly out of joint.

Social Science and Historical Perspectives Jack David Eller. 2016-10-04 This accessible book introduces the story of 'social science', with coverage of history, politics, economics, sociology, psychology, anthropology, and geography. Key questions include: How and why did the social sciences originate and differentiate? How are they related to older traditions that have defined Western civilization? What is the unique perspective or 'way of knowing' of each social science? What are the challenges—and alternatives—to the social sciences as they stand in the twenty-first century? Eller explains the origin, evolution, methods, and the main figures, literature, concepts, and theories in each discipline. The chapters also feature a range of contemporary examples, with consideration given to how the disciplines address present-day issues.

The Two Hearts of Kwasi Boachi Arthur Japin. 2002-06-11 "The first ten years of my life I was not black." Thus begins this startlingly eloquent and beautiful tale based on the true story of Kwasi Boachi, a 19th-century African prince who was sent with his cousin, Kwame, to be raised in Holland as a guest of the royal family. Narrated by Kwasi himself, the story movingly portrays the perplexing dichotomy of the cousins' situation: black men of royal ancestry, they are subject to insidious bigotry even as they enjoy status among Europe's highest echelons. As their lives wind down different paths—Kwame back to Africa where he enlists in the Dutch army, Kwasi to an Indonesian coffee plantation where success remains mysteriously elusive—they become aware of a terrible truth that lies at the heart of their experiences. Vivid, subtle, poignant and profound, *The Two Hearts of Kwasi Boachi* is an exquisite masterpiece of story and craft, a heartrending work that places Arthur Japin on a shelf that includes Joseph Conrad, J.M. Coetzee, Kazuo Ishiguro and Nadine Gordimer.

Discovering the Dutch Emmeline Besamusca, Jaap Verheul. 2014-11-19 What are the most salient and sparking facts about the Netherlands? This updated edition of 'Discovering the Dutch' tackles the heart of the question of Dutch identity through a number of essential themes that span the culture, history and society of the Netherlands. Running the gamut from the Randstad to the Dutch Golden Age, from William of Orange to Anne Frank, this volume uses a series of vignettes written by academic experts in their fields to address historical and contemporary topics such as immigration, tolerance, and the struggle against water, as well as issues of culture - painting, literature, architecture, and design among them. All chapters are written by academic experts in their fields who have extensive experience in explaining the many features of Dutchness to a foreign audience. Each chapter comes to life in vignettes that illustrate characteristic historical figures or essential aspects in Dutch culture and society from William of Orange and Anne Frank to Dutch cheese and the inevitable coffeeshop.

Hitler's Bounty Hunters Ad van Liempt. 2005-04-01 Why were the Nazis so successful in deporting Jews? Why did families such as Anne Frank's get turned in? Investigative journalist Ad van Liempt pulls back the curtain on the shocking practice of Dutch bounty hunters of the Jews, and reveals that ordinary citizens were prepared to turn over their Jewish countrymen in exchange for cash. Van Liempt examines in great detail the careers of bounty hunters and describes some particularly horrifying cases. The most gripping are those involving young children. In one case, two bounty hunters traveled hundreds of miles to get their hands on a two-year-old girl living in a safe house; a month later she was gassed at Sobibor. In court, the bounty hunters consistently maintained that they received no premiums for their work, but the author shows the opposite to be true and traces the money involved. This haunting book uncovers a facet of the Holocaust that has previously been largely neglected and brings to light the day-to-day workings of the persecution of the Jews.

Thinking About History Sarah Maza. 2017-09-18 What distinguishes history as a discipline from other fields of study? That's the animating question of

Sarah Maza's *Thinking About History*, a general introduction to the field of history that revels in its eclecticism and highlights the inherent tensions and controversies that shape it. Designed for the classroom, *Thinking About History* is organized around big questions: Whose history do we write, and how does that affect what stories get told and how they are told? How did we come to view the nation as the inevitable context for history, and what happens when we move outside those boundaries? What is the relation among popular, academic, and public history, and how should we evaluate sources? What is the difference between description and interpretation, and how do we balance them? Maza provides choice examples in place of definitive answers, and the result is a book that will spark classroom discussion and offer students a view of history as a vibrant, ever-changing field of inquiry that is thoroughly relevant to our daily lives.

Civic Education and Contested Democracy Wim de Jong.2021-10-29 This book explores citizenship education and democracy in the Netherlands. From the Second World War to the present day, debates about civic education and democracy have raged in the country: this book demonstrates how citizens, social movements and political elites have articulated their own notions of democracy. Civic education illustrates democracy as an essentially contested concept - the transmission of political ideals highlights conflicting democratic values and a problem of paternalism. Ultimately, who dictates what democracy is, and to whom? As expectations of citizens rise, they are viewed more and more as objects of a pedagogical project, itself a controversial notion. Focusing on what democracy means practically in society, this book will be of interest to scholars of citizenship education and post-war Dutch political history.

The Russian Revolution Sheila Fitzpatrick.2017-09-29 The Russian Revolution had a decisive impact on the history of the twentieth century. In the years following the collapse of the Soviet regime and the opening of its archives, it has become possible to step back and see the full picture. Starting with an overview of the roots of the revolution, Fitzpatrick takes the story from 1917, through Stalin's 'revolution from above', to the great purges of the 1930s. She tells a gripping story of a Marxist revolution that was intended to transform the world, visited enormous suffering on the Russian people, and, like the French Revolution before it, ended up by devouring its own children. This updated edition contains a fully revised bibliography and updated introduction to address the centenary, what does it all mean in retrospect.

Childhood Jona Oberski.2014-11-25 A rediscovered masterpiece: an unblinking view of the Holocaust through a child's eyes Told from the perspective of a child slowly awakening to the atrocities surrounding him, *Childhood* is a searing story of the Holocaust that no reader will soon forget. As five-year-old Jona waits with his mother and father to emigrate from Nazi-occupied Amsterdam to Palestine, they are awakened at night, put on a train, and eventually interred in the camps at Bergen-Belsen. There, what at first seems to be a merely dreary existence soon reveals itself to be one of the worst horrors humanity has ever created. A triumph of heartrending clarity and dispassionate amazement, *Childhood* stands tall alongside such monuments of Holocaust literature as *The Diary of Anne Frank*, *Elie Wiesel's Night*, and *Primo Levi's Survival in Auschwitz*. In one, we follow a group of starving, near-fatal Eurasian refugees on a harrowing quest for survival; in the other, we follow Pontus Beg, a policeman from a small border town on the steppe, as he investigates the death of a rabbi, one of the town's two remaining Jews. What follows is a gripping saga in which the two stories race toward each other, and Beg will be shaken to his core by what each one reveals about man's dark nature, and the possibility—or impossibility—of his own redemption. A virtual parable for our times, *These Are the Names* offers a suspenseful reading of a crisis that continues to dominate headlines, and simultaneously explores the enduring questions of faith, identity, and what it means to be “home.”
