Decoded Mai Jia.2014-03-12 *Decoded* tells the story of Rong Jinzhwen, one of the great code-breakers in the world. A semi-autistic mathematical genius, Jinzhen is recruited to the cryptography department of China's secret services, Unit 701, where he is assigned the task of breaking the elusive 'Code Purple'. Jinzhen rises through the ranks to eventually become China's greatest and most celebrated code-breaker; until he makes a mistake. Then begins his descent through the unfathomable darkness of the world of cryptology into madness. *Decoded* was an immediate success when it was published in 2002 in China and has become an international bestseller. With the pacing of a literary crime thriller, Mai Jia's masterpiece also combines elements of historical fiction and state espionage. Taking place in the shadowy world of Chinese secret security, where Mai Jia worked for decades, it introduces us to a place that is unfamiliar, intriguing and authentic. And with Rong Jinzhen, it introduces us to a character who is deeply flawed and fragile, yet possessing exceptional intelligence. *Decoded* is an unforgettable and gripping story of genius, brilliance,

insanity and human frailty. Mai Jia (the pseudonym of Jiang Benhu) is arguably the most successful writer in China today. His books are constant bestsellers, with total sales over three million copies. He became the highest paid author in China last year with his new book, *Wind Talk*. He has achieved unprecedented success with film adaptation: all of his novels are made - or are being made - into major films or TV series, the screenplays of which are often written by Mai Jia himself. He is hailed as the forerunner of Chinese espionage fiction, and has created a unique genre that combines spycraft, code-breaking, crime, human drama, historical fiction, and metafiction. He has won almost every major award in China, including the highest literary honor - the Mao Dun Award.

Mummy Goes To Work Joanna Lambert.2020-11-17 Mummy goes to work every day! We want to learn about everything she does for us and why! Mummy Goes To Work tells the story of two children learning why their Mummy works and how it impacts their lives. Told in rhyme, this is a fun and exciting story with a powerful message for children aged 3-6. This charming picture book gives credit to working mothers for all that they do, even the things which can go unnoticed. It's a relatable story that allows children to realise everything their Mummy does and gives them an appreciation of the love and care they receive! BOOK EXTRA Hidden within the illustrations are the boy's glasses, creating an ongoing activity for children to help keep them engaged and make story time even more fun! Diversity Mummy Goes To Work has been written and illustrated carefully to create a space where children are encouraged to learn and question diversity in families. Suitable for a range of family types including single parents, queer or heterosexual parents, adoptive parents and blended families. Concentrating on the 'Mummy' figure, the book lightly touches on diversity through the illustrations, and a lack of clarification on the family structure allows children to think and explore different types of families. By only mentioning one parental figure, this book is relatable to many families, while the focus remains on a working mother supporting her family. Additionally, the book subtly shows that families can be made up of different races and/or ethnicities, without this being the main narrative of the story. The book never acknowledges who the biological parents are and 'Mummy's' ethnicity is never truly disclosed. In doing this, the story allows children to think and question multiracial diversity in families. Mummy Goes to Work shows that regardless of family structure, similarities remain in that Mummy works hard to support and love them. As more children read this book and have age-appropriate conversations about diversity, we can teach early literacy, while impacting the world in a positive way.

The Auntie Sewing Squad Guide to Mask Making, Radical Care, and Racial Justice Mai-Linh K. Hong.2021-11-02 The rise of the Auntie Sewing Squad, a massive mutual-aid network of volunteers who provided free masks in the wake of US government failures during the COVID-19 pandemic. In March 2020, when the US government failed to provide personal protective gear

during the COVID-19 pandemic, the Auntie Sewing Squad emerged. Founded by performance artist Kristina Wong, the mutual-aid group sewed face masks with a bold social justice mission: to protect the most vulnerable and most neglected. Written and edited by Aunties themselves, *The Auntie Sewing Squad Guide to Mask Making, Radical Care, and Racial Justice* tells a powerful story. As the pandemic unfolded, hate crimes against Asian Americans spiked. In this climate of fear and despair, a team of mostly Asian American women using the familial label Auntie formed online, gathered momentum, and sewed masks at home by the thousands. The Aunties nimbly made and funneled masks to asylum seekers, Indigenous communities, incarcerated people, farmworkers, and others disproportionately impacted by COVID-19. When anti-lockdown agitators descended on state capitals—and, eventually, the US Capitol—the Aunties dug in. And as the nation erupted in rebellion over police violence against Black people, the Aunties supported and supplied Black Lives Matter protesters and organizations serving Black communities. Providing hundreds of thousands of homemade masks met an urgent public health need and expressed solidarity, care, and political action in a moment of social upheaval. The Auntie Sewing Squad is a quirky, fast-moving, and adaptive mutual-aid group that showed up to meet a critical need. Led primarily by women of color, the group includes some who learned to sew from mothers and grandmothers working for sweatshops or as a survival skill passed down by refugee relatives. The Auntie Sewing Squad speaks back to the history of exploited immigrant labor as it enacts an intersectional commitment to public health for all. This collection of essays and ephemera is a community document of the labor and care of the Auntie Sewing Squad.

Young Sikhs in a Global World Knut A. Jacobsen, Kristina Myrvold.2016-03-09 In attempting to carve out a place for themselves in local and global contexts, young Sikhs mobilize efforts to construct, choose, and emphasize different aspects of religious and cultural identification depending on their social setting and context. *Young Sikhs in a Global World* presents current research on young Sikhs with multicultural and transnational life-styles and considers how they interpret, shape and negotiate religious identities, traditions, and authority on an individual and collective level. With a particular focus on the experiences of second generation Sikhs as they interact with various people in different social fields and cultural contexts, the book is constructed around three parts: 'family and home', 'public display and gender', and 'reflexivity and translations'. New scholarly voices and established academics present qualitative research and ethnographic fieldwork and analyse how young Sikhs try to solve social, intellectual and psychological tensions between the family and the expectations of the majority society, between Punjabi culture and religious values.

The Midnight Knock K.R. Malkani.2021-11-29 As the author himself says, this is not a jail diary. Nor is it an account of the Emergency. It is rather a 'side light' on the Emergency. Malkani writes

about his experience of it—of what he, as a detenu, 'saw, heard, thought and felt' in prison. He spent the twenty-one months in three prisons— Hissar, Rohtak and Tihar—where he met a variety of people, from criminals to top-notch politicians. This is a very human document about them—sometimes amusing, sometimes sad, sometimes traumatic. The many hours of solitude in prison gave the author the opportunity to deeply analyse the Hindu-Muslim problem, towards which he has offered new and hopeful insights. The book is sensitively written, full of intimate anecdotes, not without political insight, and makes very interesting reading. It offers not only a personal viewpoint, but a glimpse into the lives of all detenus.
