*Citizens of Beauty* Jean Sénac.2016-04-01 Now available in English for the first time, translated by the poet Jack Hirschman, this beautiful collection of poems by the Algerian poet Jean Sénac (1926-1973) was originally published when he was forty-one. Sénac represented the hope of the new generation of Algerians who were celebrating their independence from France after 130 years of colonialism, and in the tradition of René Char and the early Albert Camus, he portrayed an Algeria whose land and people would finally sing with their own voice. Sénac celebrates revolution, love, and the body, beginning with the resonant verses: "And now we'll sing love / for there's no Revolution without love." He sang, as well, of beauty: "No morning without smiling. / Beauty on our lips is one continuous fruit."

*The CSDP in 2020* Daniel Fiott.2020 The past 20 years of the Common Security and Defence Policy have taught us more about the EU as an international actor. While the Union has not entirely lived up to the ambitions set down by European ministers at the Helsinki European Council in December 1999, the EU has developed the ability to deploy civilian and military missions and operations. In more recent years, the EU has advanced cooperation on defence through the EU Global Strategy with a range of new tools. Looking back over the last 20 years of CSDP, this book provides an

analytical overview of the key historical developments and critically appraises the successes and failures charted over two decades. A host of leading think tank analysts and a senior EU official look at issues such as institutional design, operations and missions, capabilities, industry and civilian crisis management. The book is not just a historical record, however: several chapters look at the geopolitical challenges facing the EU. The contributors look at emerging security challenges, the nature of permissibility, the internal-external security nexus, the defence industry and civilian CSDP. Together, the chapters underline the need for the EU to match its rhetoric on security and defence with capabilities and political ambition.

East West Street Philippe Sands.2017-07-11 A profound, important book, a moving personal detective story and an uncovering of secret pasts, set in Europe's center, the city of bright colors—Lviv, Ukraine, dividing east from west, north from south, in what had been the Austro-Hungarian Empire. A book that explores the development of the world-changing legal concepts of “genocide” and “crimes against humanity” that came about as a result of the unprecedented atrocities of Hitler's Third Reich. It is also a spellbinding family memoir, as the author traces the mysterious story of his grandfather as he maneuvered through Europe in the face of Nazi atrocities. This is “a monumental achievement ... told with love, anger and precision” (John le Carré, acclaimed internationally bestselling author). *East West Street* looks at the personal and intellectual evolution of the two men who simultaneously originated the ideas of “genocide” and “crimes against humanity,” both of whom, not knowing the other, studied at the same university with the same professors, in “the Paris of Ukraine,” a major cultural center of Europe, a city variously called

Lemberg, Lwów, Lvov, or Lviv. Phillippe Sands changes the way we look at the world, at our understanding of history and how civilization has tried to cope with mass murder

**Gold Dust** Ibrāhīm Kūnī.2008 Rejected by his tribe and hunted by the kin of the man he killed, Ukhayyad and his thoroughbred camel flee across the desolate Tuareg deserts of the Sahara. Between bloody wars against the Italians in the north and famine raging in the south, Ukhayyad rides for the remote rock caves of Jebel Hasawna. There, he says farewell to the mount who has been his companion through thirst, disease, lust, and loneliness. Alone in the desert, haunted by the prophetic cave paintings of ancient hunting scenes and the cries of jinn in the night, Ukhayyad awaits the arrival of his pursuers and their insatiable hunger for blood and gold. **Gold Dust** is a classic story of the brotherhood between man and beast, the thread of companionship that is all the difference between life and death in the desert. It is a story of the fight to endure in a world of limitless and waterless wastes, and a parable of the struggle to survive in the most dangerous landscape of all: human society.

**Collective Securitisation and Security Governance in the European Union** Sonia

Lucarelli,James Sperling,Mark Webber.2020-06-04 Collective Securitisation and Security

Governance in the European Union presents an integrated theory of collective securitisation – a theoretical foundation for explaining how the process of collective securitisation sustains and makes effective an identifiable system of regional security governance. The volume demonstrates the empirical utility of collective securitisation in the EU security space through a set of structured case

studies focusing on the collective securitisation of terrorism, cyberspace, migration, energy, health and climate change. The contributions to this collection address three questions: Under what conditions does collective securitisation occur? How does collective securitisation affect the scope and domains of EU security governance? And how does collective securitisation explain the emergence of the EU system of security governance? This volume breaks new ground in the field of EU security studies and provides a theoretical orientation that contributes to our understanding of how and why the EU has developed as a security actor in the 21st century. Developing and testing the theory of collective securitisation with reference to some of the most pressing contemporary security issues, *Collective Securitisation and Security Governance in the European Union* will be of great interest to scholars of the European Union and Security Studies. The chapters were originally published as a special issue of *West European Politics*.

**What Is Africa to Me?** Maryse Condé. 2017 What Is Africa to Me? traces the late 1950s to 1968, chronicling Condé's life in Sékou Touré's Guinea to her time in Kwame N'Krumah's Ghana, where she rubbed shoulders with Malcolm X, Che Guevara, Julius Nyerere, and Maya Angelou. Accusations of subversive activity resulted in Condé's deportation from Ghana. Settling down in Sénégal, Condé ended her African years with close friends in Dakar, including filmmakers, activists, and Haitian exiles, before putting down more permanent roots in Paris. --Front flap.

Libye : guerres et convoitises .2021-10-27 Dix ans après l'éclosion de son Printemps, la Libye peine toujours à voir le bout du tunnel. Les différentes phases qu'elle a connues ont mis en exergue de nombreuses logiques de division : politique, institutionnelle, idéologique, militaire ou encore économique, sur fond de rivalités de pouvoir. Les représentants politiques libyens ne sont pas exempts de responsabilités, et leurs profonds désaccords ont ouvert le champ à la projection d'ambitions étrangères sur le territoire libyen. Ce numéro explore et explique plusieurs de ces logiques, et fait le point sur les principales raisons de la déroute du processus révolutionnaire libyen.

**Les cicatrices de la nuit** Alexandre Galien.2019-11-06 En se faisant muter à la brigade criminelle après vingt ans de Mondaine, le commandant Philippe Valmy espérait s'éloigner des bars et des boîtes où il restait jusqu'à l'aube, et ainsi sauver son mariage. Mais quand il découvre que la victime de sa première affaire de meurtre est une de ses anciennes indics, il comprend tout de suite qu'il va devoir replonger dans les eaux troubles du Paris nocturne. Pour le pire. Les cicatrices de la nuit sont de celles qui ne s'effacent pas... Né en 1989, Alexandre Galien a fait des études de droit et de sciences criminelles, puis intégré en 2015 la Direction Régionale de la Police Judiciaire. Il a déjà publié deux romans à quatre mains sous le pseudonyme d'Alex Laloue. Désormais en disponibilité, il se consacre à l'écriture.

**EU Security Strategies** Spyros Economides,James Sperling.2017-12-06 This volume offers a coherent analysis of the European Union's security strategies within a comparative framework. If the EU is to survive and prosper as an effective security actor, it requires that greater attention be devoted to taking a cohesive and common position on the relationship between EU foreign policy means and goals. The major claim of this edited collection is that there is a European grand security strategy that disciplines member state security strategies. That grand strategy has two distinct

substantive goals: (1) the preservation and expansion of the EU system of security governance; and (2) the implementation of specific strategies to meet internal and external threats and sources of insecurity. The EU has sought to develop a grand security strategy that not only accounts for the proliferation of threats possessing a military or non-military character and differentiates between core and peripheral regions of interest, but also addresses the requirements to bridge the increasingly blurred boundary between internal and external security threats and the necessary reconciliation of the competing security preferences of its member states. The empirical contributions to this volume examine the EU security strategies for specific issue areas and regional threat complexes. These case studies assess whether and how those strategies have consolidated or expanded the EU system of security governance, as well as their successes and limitations in meeting the security threats confronting the EU and its member-states. This volume will be of great interest to students of EU policy, foreign policy, security studies and IR.

Foreign Words Vassilis Alexakis. 2006 Crossing countries and continents, this narrative follows a son lost for words over the death of his father. Unable to write the phrase My father is dead in either his native Greek or his adopted French, he heads for Africa to undertake the learning of Sango. Traveling across both borders and time, he examines his past, his family history, and the colonial and political ties of his homelands. While at first he does not know why learning a new and uncommon language has become vital to him, he comes to discover that the new language enables him to easily write of his father's passing. But as he truly experiences Sango--meets its speakers, travels where it emerged and has struggled to survive--his intimacy with it grows, and he is once again unable to utter the telling phrase. Meditating on language, loss, and the power of words to

express or constrain human emotion, this tale of speaking, living, and letting go is filled with delicate suspense, humor, and honesty.

*Oral Leukoplakia* J. Bánóczy.2012-12-06 Clinical and pathological observations have unequivocally indicated an increase in the incidence of malignant neoplasia during the last two decades. Despite important advances in surgery, radiotherapy and chemotherapy, mortality from tumours still tends to increase. Cancer research has therefore concentrated not only on early diagnosis and therapy but also, in line with recent trends in medical science, on the prevention of oncogenesis. One efficient prophylactic approach is the treatment of preblastomatoses, which include the preneoplastic lesions of the mouth. The most frequent oral pre cancerosis, leukoplakia, has been studied extensively during the last 20 years with regard to its pathogenesis, clinical course, and response to therapy. In Hungary, studies of oral leukoplakia have a century-long tradition. The term leukoplakia was coined by the Hungarian dermatologist Ernő Schwimmer who recognized the precancerous nature of the condition and its relationship to tobacco smoking exactly 100 years ago. In the middle of this century another Hungarian scientist, Karoly Balogh established that most leukoplakias have two stages, - reversible and irreversible - and that early lesions may heal spontaneously after the elimination of irritational factors. The incidence of leukoplakia in random population groups was determined for the first time in the world by the Hungarian investigator Pal Bruszt, and reported to be 3.6 %. Subsequent studies in other countries confirmed a range of 0.2-8.1 %, depending on geographical and environmental conditions, way of life, and relevant habits.

That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers. You can search for a specific title or browse by genre (books in the same genre are gathered together in bookshelves). It's a shame that fiction and non-fiction aren't separated, and you have to open a bookshelf before you can sort books by country, but those are fairly minor quibbles. It's disappointing that there's no convenient menu that lets you just browse freebies. Instead, you have to search for your preferred genre, plus the word 'free' (free science fiction, or free history, for example).
