

Marhaba Flüchtling

Marhaba, Flüchtling! Constantin Schreiber.2016-03-24 Eine Million Flüchtlinge sollen bis Ende 2015 nach Deutschland gekommen sein - hunderttausende Syrer, Iraker, Afghanen. Für die meisten von ihnen sind wir ein fremdes Volk. Von unserem Land wissen sie: Es ist sicher. Es ist reich. Es bietet ein Leben. Ihre alte Heimat nicht. Aber wie anders unser Alltag und unsere Kultur sind - davon haben die meisten keine Vorstellungen. In seinem Buch erklärt TV-Moderator Constantin Schreiber, wie Deutschland tickt, wo die Unterschiede zur arabischen Welt liegen und wie Flüchtlinge wirklich bei uns ankommen. Unser Essen, unsere Kirche, unsere Politik. »Marhaba, Flüchtling!« macht dort weiter, wo Schreibers Sendung »Marhaba«, produziert von RTL/n-tv, aufhört. Und zeigt auch auf, wie Flüchtlinge, aber auch die arabische Welt, auf unsere Werte und Lebensart reagieren und wie sich ihr Deutschlandbild von unserem Selbstverständnis unterscheidet.

The Silent University Florian Malzacher,Ahmet Ögüt,Pelin Tan,David Tushingham.2016 An insightful philosophical essay on the work of minimalist sculptor Carl Andre by Brooklyn-based poet and critic Jeremy Sigler (b.1968). While researching and editing the catalog for Andres recent retrospective at Dia Art Foundation, Sigler gleaned surprising new readings from a series of lost negatives that resurfaced at Dia. Shot by Andres close friend and collaborator Hollis Frampton in the 1960s, the photos depict small, carved wooden artworks many lost or destroyed shortly after being photographed. Sigler draws connections between these early inchoate artworks and Andres later scatters, spills and floor pieces, all of which are analyzed through a compellingly personal lens. Writing on Andres poetry and his confounding book-length masterpiece, Stillanovel, Sigler further proposes that Andres greatest contribution may be to literature. Is it possible that one of the modern eras greatest experimental love poets is hiding in plain sight, disguised as a unionized blue-chip art worker? Sigler taught at Yale University School of Arts, edited the Swiss art journal Parkett, and has published numerous books of poetry.

Nujeen Nujeen Mustafa,Christina Lamb.2016-10-11 Prize-winning journalist and the co-author of smash New York Times bestseller I Am Malala, Christina Lamb, now tells the inspiring true story of another remarkable young hero: Nujeen Mustafa, a teenager born with cerebral palsy, whose harrowing journey from war-ravaged Syria to Germany in a wheelchair is a breathtaking tale of fortitude, grit, and hope that lends a face to the greatest humanitarian issue of our time, the Syrian refugee crisis. For millions around the globe, sixteen-year-old Nujeen Mustafa embodies the best of the human spirit. Confined to a wheelchair because of her cerebral palsy and denied formal schooling in Syria because of her illness, Nujeen taught herself English by watching American soap operas. When her small town became the epicenter of the brutal fight between ISIS militants and US-backed Kurdish troops in 2014, she and her family were forced to flee. Despite her physical limitations, Nujeen embarked on the arduous trek to safety and a new life. The grueling sixteen-month odyssey by foot, boat, and bus took her across Turkey and the Mediterranean to Greece, through

Macedonia to Serbia and Hungary, and finally, to Germany. Yet, in spite of the tremendous physical hardship she endured, Nujeen's extraordinary optimism never wavered. Refusing to give in to despair or see herself as a passive victim, she kept her head high. As she told a BBC reporter, You should fight to get what you want in this world. Nujeen's positivity and resolve infuses this unforgettable story of one young woman determined to make a better life for herself. Told by acclaimed British foreign correspondent Christina Lamb, Nujeen is a unique and powerful memoir that gives voice to the Syrian refugee crisis, helping us to understand that the world must change—and offering the inspiration to make that change reality.

Love Writ Large Navid Kermani.2019 Now in paperback, a story of teenage love in Cold War-era Germany. For a fifteen-year-old, falling in love can eclipse everything else in the world, and make a few short weeks feel like a lifetime of experience. In *Love Writ Large*, Navid Kermani captures those intense feelings, from the emotional explosion of a first kiss to the staggering loss of a first breakup. As his teenage protagonist is wrapped up in these all-consuming feelings, however, Germany is in the crosshairs of the Cold War--and even the personal dramas of a small-town grammar school are shadowed by the threat of the nuclear arms race. Kermani's novel manages to capture these social tensions without sacrificing any of the all-consuming passion of first love and, in a unique touch, sets the boy's struggles within the larger frame of the stories and lives of numerous Arabic and Persian mystics. His becomes a timeless tale that reflects on the multiple ways love, loss, and risk weigh on our everyday lives.

Light Of The Desert Lucette Walters.2022-08-24 Within some very wealthy and elite Middle Eastern families, there is a secret ancient practice rarely heard of in the Western World: Honor Killing. This unspoken law allows men the right to kill their daughters or female relatives without consequences, if it is believed that they have dishonored their family name. Noora Fendil, the favorite daughter of an influential Middle Eastern businessman, is the victim of such a crime. Shortly before marrying her childhood sweetheart, Noora is framed by her jealous sister who has devised a diabolical plot to destroy Noora's happiness. Believing she has shamed him and in order to preserve his family name, Noora's father attempts to drown her. Unbeknownst to him, she survives and the courageous and remarkable story of Noora, *Light of the Desert*, begins. It seems at first like a simple, tragic story. Tyler Wingo, a teenage boy, learns the awful news that his father, a soldier, was killed in action in Afghanistan. Then the extraordinary happens: Tyler receives a communication from his father...after his supposed death. Tyler hires Sean and Michelle to solve the mystery surrounding his father. Sean and Michelle soon realize that they've stumbled on to something bigger and more treacherous than anyone could have imagined. And as their hunt for the truth leads them relentlessly to the highest levels of power and to uncovering the most clandestine of secrets, Sean and Michelle are determined to help and protect Tyler--though they may pay for it with their lives.

Seductions Jane Miller.1991 One of the deadliest of seductions for feminists is their seduction by theorists, by theories. With this boldly polemical stroke, Jane Miller begins her exploration stealthily, cumulatively, and with a deft and compelling intelligence. In looking at the complex relation of women to culture and literature, and to theory and politics, and in recalling her own coming to feminism, she asks how women experience themselves within ideas and traditions which simultaneously include and exclude them, take their presence for granted, and deny it. Seduction as a category binds together the ambivalence--the pleasure and the invisible coercions--of male/female relations, while at the same time transgressing the implicit imperative in patriarchal societies to confine eroticism and its politics to the closet. Seductions consists of five loosely connected, almost autonomous chapters, which nevertheless trace a historical progression from the eighteenth century to the present. Miller borrows Antonio Gramsci's idea of hegemony, using it to contextualize her readings of two famous literary seductions, as told through Richardson's *Clarissa* and Jane Austen's *Sense and Sensibility*. The second chapter focuses on Raymond Williams' novels and criticism, using them to chart the larger exclusions of feminism by Marxism. The author enlists Carolyn Steedman's *Landscape for a Good Woman* in an attempt to survey Williams' telling silences. The third chapter reconstructs and analyzes the life and career of Clara Collet, Miller's great-aunt, close friend of George Gissing, civil servant, and expert on women's education and work. Through Collet, Miller bestows individual color on the pressures inflicted on professional women to assume male perspectives and procedures. The fourth chapter is superb. Bracketed by discussions of Charlotte Bronte's *Villette* and Toni Morrison's *Beloved*, it questions influential treatments of colonialism and orientalism which use women as a metaphor without listening for the testimony of real women. It is a moving plea to set the category of women alongside more privileged categories of class and race. The final chapter counterpoints the internal contradictions in the polyphonic theories of Bakhtin and Volosinov with an account of women's distrust of other women in Margaret Atwood's *Cat's Eye*. By ending with an evocation of women's self-dislike, Miller emphasizes the chilling ways in which cultural exclusions and degradations of women are internalized and replicated by complicitous victims.

Kaiser Wilhelm II Christopher Clark.2013-09-13 Kaiser Wilhelm II is one of the key figures in the history of twentieth-century Europe: King of Prussia and German Emperor from 1888 to the collapse of Germany in 1918 and a crucial player in the events that led to the outbreak of World War I. Following Kaiser Wilhelm's political career from his youth at the Hohenzollern court through the turbulent peacetime decades of the Wilhelmine era into global war and exile, the book presents a new interpretation of this controversial monarch and assesses the impact on Germany of his forty-year reign.

I Was Told to Come Alone Souad Mekhennet.2017-06-13 "I was told to come alone. I was not to carry any identification, and would have to leave my cell phone, audio recorder, watch, and purse at my hotel. . . ." For her whole life, Souad Mekhennet, a reporter for The Washington Post who was

born and educated in Germany, has had to balance the two sides of her upbringing - Muslim and Western. She has also sought to provide a mediating voice between these cultures, which too often misunderstand each other. In this compelling and evocative memoir, we accompany Mekhennet as she journeys behind the lines of jihad, starting in the German neighborhoods where the 9/11 plotters were radicalized and the Iraqi neighborhoods where Sunnis and Shia turned against one another, and culminating on the Turkish/Syrian border region where ISIS is a daily presence. In her travels across the Middle East and North Africa, she documents her chilling run-ins with various intelligence services and shows why the Arab Spring never lived up to its promise. She then returns to Europe, first in London, where she uncovers the identity of the notorious ISIS executioner "Jihadi John," and then in France, Belgium, and her native Germany, where terror has come to the heart of Western civilization. Mekhennet's background has given her unique access to some of the world's most wanted men, who generally refuse to speak to Western journalists. She is not afraid to face personal danger to reach out to individuals in the inner circles of Al Qaeda, the Taliban, ISIS, and their affiliates; when she is told to come alone to an interview, she never knows what awaits at her destination. Souad Mekhennet is an ideal guide to introduce us to the human beings behind the ominous headlines, as she shares her transformative journey with us. Hers is a story you will not soon forget.

Concrete Peter Collins.2004 Collins provides a thorough history of the new nineteenth century material and goes on to examine the theories on its architectural expression, focussing on determining role of the reinforced concrete frame. He argues that Perret provides the first rational and effective expression of classical principles in modern construction. Published in 1959 and out of print since 1975, this new edition of Concrete includes a foreword by Kenneth Frampton, a scholarly introduction by Réjean Legault, and several additional essays on Perret by Peter Collins. From the Foreword by Kenneth Frampton: Concrete remains a valuable historical text that in many respects has never been given its due. It is an unmatched pioneering history of the development of reinforced concrete up to 1914. It records and analyses the densely articulated, if provincial, English debate with respect to the aesthetic challenge posed by the increasing popularity of concrete from around 1870 onwards. Finally, until very recently it was the only readily available monograph on Auguste Perret in English. In this regard it is particularly valuable as a thorough and perceptive assessment of Perret's life and career, one that still stands as a point of departure for all current attempts to situate this seminal architect within the wider trajectory of twentieth-century culture.

Letters to the Lost Iona Grey.2015-05-26 An accomplished novel from a talented writer, Letters to the Lost is a stunning, emotional love story. Iona Grey's prose is warm, evocative, and immediately engaging; her characters become so real you can't bear to let them go. I promised to love you forever, in a time when I didn't know if I'd live to see the start of another week. Now it looks like forever is finally running out. I never stopped loving you. I tried, for the sake of my own sanity, but I never even got close, and I never stopped hoping either. Late on a frozen February evening, a young woman is running through the streets of London. Having fled from her abusive boyfriend and with nowhere to go, Jess stumbles onto a forgotten lane where a small, clearly unloved-in old house offers her best chance of shelter for the night. The next morning, a mysterious letter arrives and when she can't help but open it, she finds herself drawn inexorably into the story of two lovers from another time. In London 1942, Stella meets Dan, a US airman, quite by accident, but there is no denying the impossible, unstoppable attraction that draws them together. Dan is a B-17 pilot flying his bomber into Europe from a British airbase; his odds of survival are one in five. In the midst of such uncertainty, the one thing they hold onto is the

letters they write to each other. Fate is unkind and they are separated by decades and continents. In the present, Jess becomes determined to find out what happened to them. Her hope—inspired by a love so powerful it spans a lifetime—will lead her to find a startling redemption in her own life in this powerfully moving novel.

He was sentenced to 1,000 lashes, ten years in prison, and a fine of 1 million Saudi Riyal, over a quarter of a million U.S. dollars. This politically topical polemic gathers together Badawi's pivotal texts. He expresses his opinions on life in an autocratic-Islamic state under the Sharia and his perception of freedom of expression, human and civil rights, tolerance and the necessary separation of state and religion.

The New Odyssey Patrick Kingsley.2016-05-03 Europe is facing a wave of migration unmatched since the end of World War II - and no one has reported on this crisis in more depth or breadth than the Guardian's migration correspondent, Patrick Kingsley. Throughout 2015, Kingsley travelled to 17 countries along the migrant trail, meeting hundreds of refugees making epic odysseys across deserts, seas and mountains to reach the holy grail of Europe. This is Kingsley's unparalleled account of who these voyagers are. It's about why they keep coming, and how they do it. It's about the smugglers who help them on their way, and the coastguards who rescue them at the other end. The volunteers that feed them, the hoteliers that house them, and the border guards trying to keep them out. And the politicians looking the other way. The New Odyssey is a work of original, bold reporting written with a perfect mix of compassion and authority by the journalist who knows the subject better than any other.

World in Danger Wolfgang Ischinger.2020-11-10 A vision of a European future of peace and stability despite the present gloom The world appears to be at another major turning point. Tensions between the United States and China threaten a resumption of great power conflict. Global institutions are being tested as never before, and hard-edged nationalism has resurfaced as a major force in both democracies and authoritarian states. From the European perspective, the United States appears to be abdicating its global leadership role. Meanwhile, Moscow and Beijing eagerly exploit every opportunity to pit European partners against one another. But a pivot point also offers the continent an opportunity to grow stronger. In *World in Danger*, Wolfgang Ischinger, Germany's most prominent diplomat, offers a vision of a European future of peace and stability. Ischinger examines the root causes of the current conflicts and suggests how Europe can successfully address the most urgent challenges facing the continent. The European Union, he suggests, is poised to become a more powerful actor on the world stage, able to shape global politics while defending the interests of its 500 million citizens. This important book offers a practical vision of a Europe fully capable of navigating these turbulent times.

Going to the Mountain Ndaba Mandela.2018-06-26 The first-ever book to tell Nelson Mandela's life through the eyes of the grandson who was raised by him, chronicling Ndaba Mandela's life living with, and learning from, one of the greatest leaders and humanitarians the world has ever known. To the rest of the world, Nelson Mandela was a giant: an anti-apartheid revolutionary, a world-renowned humanitarian, and South Africa's first black president. To Ndaba Mandela, he was simply Granddad. In *Going to the Mountain*, Ndaba tells how he came to live with Mandela shortly after he turned eleven--having met each other only once, years before, when Mandela was imprisoned at Victor Verster Prison -- and how the two of them slowly, cautiously built a relationship that would affect both their lives in extraordinary ways. It wasn't an easy transition. Mandela had high expectations for those around him, especially his family, and Ndaba chafed at the strict rules and exacting guidelines in his grandfather's home. But at the same time -- through overheard calls from foreign dignitaries as well as the Xhosa folk wisdom that his grandfather shared with him at every opportunity -- Ndaba was learning how to be a man. On a scale both personal and epic, Ndaba's extraordinary journey mirrors that of South Africa's coming of age -- from the segregated Soweto ghettos into which he was born to the privileged life in which he grew up and the turbulent yet exciting times in which he carries on his grandfather's legacy. *Going to the Mountain* is, in the end, a story about unlocking the power within each of us. It's a cautionary tale about how a child's life can go one way or the other, depending upon the intervention of a caring soul--and about the awesome power of love to serve as a catalyst for change.
