**From Memory to Marble** Elizabeth Rankin, Rolf Michael Schneider. 2020-02-10 For the first time, the 92-metre frieze of the Voortrekker Monument in Pretoria, one of the largest historical narratives in marble, has been made the subject of a book. The pictorial narrative of the Boer pioneers who conquered South Africa's interior during the 'Great Trek' (1835-52) represents a crucial period of South Africa's past. Conceptualising the frieze both reflected on and contributed to the country's socio-political debates in the 1930s and 1940s when it was made. The book considers the active role the Monument played in the rise of Afrikaner nationalism and the development of apartheid, as well as its place in post-apartheid heritage. The frieze is unique in that it provides rare evidence of the complex processes followed in creating a major monument. Based on unpublished documents, drawings and models, these processes are unfolded step by step, from the earliest discussions of the purpose and content of the frieze, through all the stages of its design, to its shipping to post-war Italy to be copied into marble from Monte Altissimo, up to its final installation in the Monument. The book examines how visual representation transforms historical memory in what it chooses to recount, and the forms in which it is depicted. The second volume expands on the first, by investigating each of the twenty-seven scenes of the frieze in depth, providing new insights into not only the frieze, but also South Africa's history. François van Schalkwyk of African Minds, co-publisher with De Gruyter writes: From Memory to Marble is an open access monograph in the true sense of the word. Both volumes of the digital version of the book are available in full and free of charge from the date of publication. This approach to publishing democratizes access to the latest scholarly publications across the globe. At the same time, a book such as From Memory to Marble, with its unique and exquisite photographs of the frieze as well as its wealth of reproduced archival materials, demands reception of a more traditional kind, that is, on the printed page. For this reason, the book is likewise available in print as two separate volumes. The printed and digital books should not be seen as separate incarnations; each brings its own advantages, working together to extend the reach and utility of From Memory to Marble to a range of interested readers. For more material you can browse at Stanford's database Voortrekker Monumentality: a digital archive.

**Songs for the Butcher's Daughter** Peter Manseau. 2010-03-18 Itsik Malpesh was born the son of a goose-plucking factory manager during the Russian pogroms - his life saved on the night it began by the young daughter of a kosher slaughterer. Or so he believes... Exiled during the war, Itsik eventually finds himself in New York, working as a typesetter and writing poetry to his muse, the butcher's daughter, whom he is sure he will never see again. But it is here in New York that Itsik is unexpectedly reunited with his greatest love - and, later, his greatest enemy - with results both serendipitous and tragic. His story is recounted in his memoirs thanks to the most unlikely of translators - a twenty-one-year-old Boston Catholic college student who, in meeting Itsik, has embarked upon a great lie that will define his future and the most extraordinary friendship he'll ever know.

**Narratives of Low Countries History and Culture** Jane Fenoulhet, Lesley Gilbert, Ulrich Tiedau. 2016-11-07 This edited collection explores the ways in which our understanding of the past in Dutch history and culture can be rethought to consider not only how it forms part of the present but how it can relate also to the future. Divided into three parts - The Uses of Myth and History, The Past as Illumination of Cultural Context, and Historiography in Focus - this book seeks to demonstrate the importance of the past by investigating the transmission of culture and its transformations. It reflects on the history of historiography and looks critically at the products of the historiographic process, such as Dutch and Afrikaans literary history. The chapters cover a range of disciplines and approaches: some authors offer a broad view of a particular period, such as Jonathan Israel's contribution on myth and history in the ideological politics of the Dutch Golden Age, while others zoom in on specific genres, texts or historical moments, such as Benjamin Schmidt's study of the doolhof, a word that today means 'labyrinth' but once described a 17th-century educational amusement park. This volume, enlightening and home to multiple paths of enquiry leading in different directions, is an excellent example of what a past-present doolhof might look like.

**A Dictionary of South African English on Historical Principles** Rhodes University. Dictionary Unit for South African English. 1996 A Dictionary of South African English is the fullest ever study of the English language in South Africa. The result of 25 years of work, this dictionary has been researched and written according to historical principles. However, as well as recording examples of South African English going back to the sixteenth century, the dictionary also provides an insight into the dramatic political and cultural changes in South Africa's history by examining the country's ever changing language right up to the present day. Research into language has involved the contributions of hundreds of individual South Africans, as well as extensive research into all other forms of the written and spoken language. Diverse and informative entries include robot (a traffic light), bakkie (a small truck), bond (a mortgage), and brinjals (aubergines). The dictionary includes such areas as children's slang, the vocabulary of soldiers, the mines, local music terms, the townships, food, and a detailed look at the complex language of apartheid. English words originating from all the country's groups are recorded, including words from Dutch/Afrikaans, the Malayo-Indonesian languages, the Indian, Khoisan, Nguni, and Sotho languages.

**Weermag Liefde** Christien Frances. 2018-11-25 Om verlief te wees op jou oudste broer se beste vriend is nie maklik nie, veral nie as hulle senior offisiere in die weermag is en jou verbied om in hulle voetspore te volg en ook weermag toe te gaan nie. Dis presies wat met Nici Elliot gebeur nadat sy haar hart op Markus Vermeulen, haar oudste broer James se vriend verloor het en ongelukkig dieselfde met haar beste vriendin Anke gebeur het met James. Die twee vriendinne het besluit om basiese opleiding deur te gaan sonder die medewete van Nici se oorheersende broers en alles sou goed gegaan het as hulle nie oor geplaas is na die grens basis waar Markus en James in bevel was nie. Vir die twee meisies is hulle onverwagse

huwelike aan Markus en James as oplossing vir die penarie dat hulle die enigste twee vroumense op die basis is, nogal 'n groot skok. Hulle moes leer om saam met hulle oorheersende domineerende mans te leef en ook die onverwagse opdagging van 'n swangerskap te aanvaar terwyl hulle hul mans leer om lief te word vir hulle. Nota: Die is nie 'n politiese korrekte boek nie - die mans in die boek is oorheersend, domineerend en toetaal en al alpha man. Sodra die besef by hulle insak dat hulle is lief vir die vrou in hulle lewe sal hulle alles in hulle vermoë doen om haar te beskerm en te laat voel soos die enigste persoon op aarde.

Dit vertel vir ons omtrent God se liefde wie Sy enigste gebore Seun gestuur het, om ons wie bestem was om as gevolg van ons sondes te sterf, te kom red, en die Here se liefde wie ons so liefgehad het, dat Hy al Sy hemelse glorie prysgegee het, en aan die kruis gesterf het. Indien ons ook die liefde van God aan die baie sterwende siele in die wêreld wil oorlewer, moet ons hierdie geestelike liefde besef en dit beoefen.

Sounding the Cape Denis Martin.2013 For several centuries Cape Town has accommodated a great variety of musical genres which have usually been associated with specific population groups living in and around the city. Musical styles and genres produced in Cape Town have therefore been assigned an identity which is first and foremost social. This volume tries to question the relationship established between musical styles and genres, and social - in this case pseudo-racial - identities. In *Sounding the Cape*, Denis-Constant Martin recomposes and examines through the theoretical prism of creolisation the history of music in Cape Town, deploying analytical tools borrowed from the most recent studies of identity configurations. He demonstrates that musical creation in the Mother City, and in South Africa, has always been nurtured by contacts, exchanges and innovations whatever the efforts made by racist powers to separate and divide people according to their origin. Musicians interviewed at the dawn of the 21st century confirm that mixture and blending characterise all Cape Town's musics. They also emphasise the importance of a rhythmic pattern particular to Cape Town, the ghoema beat, whose origins are obviously mixed. The study of music demonstrates that the history of Cape Town, and of South Africa as a whole, undeniably fostered creole societies. Yet, twenty years after the collapse of apartheid, these societies are still divided along lines that combine economic factors and racial categorisations. Martin concludes that, were music given a greater importance in educational and cultural policies, it could contribute to fighting these divisions and promote the notion of a nation that, in spite of the violence of racism and apartheid, has managed to invent a unique common culture.

Luck of the Titanic Stacey Lee.2021-05-04 From the New York Times bestselling author of *The Downstairs Girl* comes the richly imagined story of Valora and Jamie Luck, twin British-Chinese acrobats traveling aboard the Titanic on its ill-fated maiden voyage. Valora Luck has two things: a ticket for the biggest and most luxurious ocean liner in the world, and a dream of leaving England behind and making a life for herself as a circus performer in New York. Much to her surprise though, she's turned away at the gangway; apparently, Chinese aren't allowed into America. But Val has to get on that ship. Her twin brother Jamie, who has spent two long years at sea, is there, as is an influential circus owner, whom Val hopes to audition for. Thankfully, there's not much a trained acrobat like Val can't overcome when she puts her mind to it. As a stowaway, Val should keep her head down and stay out of sight. But the clock is ticking and she has just seven days as the ship makes its way across the Atlantic to find Jamie, perform for the circus owner, and convince him to help get them both into America. Then one night the unthinkable happens, and suddenly Val's dreams of a new life are crushed under the weight of the only thing that matters: survival.
