Learn Greek - Quick / Easy / Efficient: 2000 Key Vocabulary Pinhok Languages.2019-03-12 A curated Greek word frequency listAre you looking for unconventional ways to speed up the process of learning Greek? Then this book is exactly what you are looking for. Following the Pareto principle (80/20 rule), this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations. The result is a unique vocabulary book with 2000 of the most important Greek words and phrases ordered by their frequency of use. Who this Greek learning book is for: This book is for beginners and intermediate learners of Greek who are self-motivated and willing to spend 15 to 20 minutes a day on learning vocabularies. The simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the shortest amount of time. If you are willing to put in 20 minutes of learning every day, this book is very likely the single best investment you can make if you are at a beginner or intermediate level. You will be amazed at the speed of progress within a matter of just weeks of daily practice. Who this Greek frequency list is not for: This book is not for you if you are an advanced learner of Greek. In this case, please go to our website or search for our Greek vocabulary book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields. Furthermore, if you are looking for an all in one Greek learning book that guides you through the various steps of learning Greek, this book is most likely also not what you are looking for. This book contains vocabularies only and we expect buyers to learn things like grammar and pronunciation either from other sources or through language courses. The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book. Please be aware of this when making the purchase. How to use this Greek workbook: This book is ideally used on a daily basis, reviewing a set number of pages in each session. The book is split into sections of 25 vocabularies which allows you to step by step progress through the book. Let's for example say you are currently reviewing vocabularies 101 to 200. Once you know vocabularies 101 to 125 very well, you can start learning vocabularies 201 to 225 and on the next day skip 101-125 and continue reviewing vocabularies 126 to 225. This way, step by step, you will work your way through the book and your language skills will jump with each page you master. Some final thoughts: Like many language hacking methods, this book is quite unconventional in its approach, but for a driven person that uses it correctly it can significantly speed up the learning process. Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work quite well - and that is what counts in the end.

Greek Made Easy - Lower Beginner - Part 1 of 2 - Series 1 of 3 Lingo Wave.2019-06-01 We broke our new series on learning Greek down into different learning stages. Start with the "Lower Beginner" books followed by the "Beginner" and "Upper Beginner" books. Next, progress to the "Intermediate" series, then test and reinforce your knowledge with the "Conversations" series. Our experienced educators and speakers possess the linguistic skills to help you understand and speak Greek clearly. We are very proud to have developed a product that truly helps you learn Greek quickly and easily, anytime and anywhere. This audiobook is divided into units. While it provides different learning patterns and accommodates various needs, this audiobook focuses on helping you improve your ability to understand, speak, and memorise Greek. The sample will give you a taste of what you can look forward to. In Unit 1 you will hear Greek decoded with each syllable spoken very slowly and clearly with repetition. Immediately before each sentence is spoken, you will hear the translation, so you will always understand what is being said. Unit 2 focuses solely on increasing your listening ability, which will improve your abilities to engage in dialogue with a native Greek speaker. This chapter requires you to listen very carefully to nuances in the language. By Unit 3 you will already notice progress in your abilities to speak and understand Greek. The spoken translation is followed by two repetitions in Greek at a completely natural speed. While you are learning to process naturally spoken Greek, Units 3 and 4 will help you memorise new vocabulary and full sentences. In Unit 5 you can test yourself on how much you have learned. If you are having difficulties, we suggest you revisit the listening, speaking, or memorisation section of Units 1, 2 3 or 4, according to what you need more help with. We developed our audiobooks to enable you to learn without an eBook. This gives you the opportunity to advance your Greek language skills anywhere whether you're on the go or waiting around. As the audiobook is neatly arranged into many sub-units, it is also very practical for educators to navigate and use in classrooms or any time sensitive learning environment. Topics covered in this 2 part series: Part 1: - Greetings - Asking personal information - Asking about people or things - Talking about food - Talking about the current time and date Part 2: - Talking about the location of things - Describing things - Likes and dislikes - Talking about abilities - Talking about appearance - Talking about personality - Talking about the weather - Talking about the house (rooms and furniture)
