The Canon in Southeast Asian Literature David Smyth.2013-10-08 The literary canon is one of the most lively areas of debate in contemporary literary studies. This set of essays is both timely and original in its focus on the canon in South-East Asian literatures, covering Burma, Cambodia, Indonesia, Laos, Malaysia, Philippines, Thailand and Vietnam. They vary in focus, from the broad panoramic survey of trends in a national literature to very specific discussions of the role of individuals in shaping a canon or the place of a particular text within a tradition, and from contemporary to traditional literature. They include discussions of the development of prose fiction, censorship and artistic freedom, the role of westerners in codifying indigenous literatures, the writing of literary history, the development of literary criticism and indigenous aesthetics.

The King In Exile Sudha Shah.2012-06-14 'An absorbing read. Exhaustively researched and gracefully written, *The King in Exile* tells a story of compelling human interest, filled with drama, pathos and tragedy... [It] heralds the arrival of a writer of non-fiction who is both uncommonly talented and exceptionally diligent...One of the great merits of [the book] is that it is completely free of jargon and theorizing. It is in essence a family story, centred on five women whose lives were waylaid by history' - Amitav Ghosh in his blog 'The captivity of Burma's last king and the fall of the Konbaung dynasty: a compelling new account' In 1879, as the king of Burma lay dying, one of his queens schemed for his forty-first son, Thibaw, to supersede his half brothers to the throne. For seven years, King Thibaw and Queen Supayalat ruled from the resplendent, intrigue-infused Golden

Palace in Mandalay, where they were treated as demi-gods. After a war against Britain in 1885, their kingdom was lost, and the family exiled to the secluded town of Ratnagiri in British-occupied India. Here they lived, closely guarded, for over thirty-one years. The king's four daughters received almost no education, and their social interaction was restricted mainly to their staff. As the princesses grew, so did their hopes and frustrations. Two of them fell in love with 'highly inappropriate' men. In 1916, the heartbroken king died. Queen Supayalat and her daughters were permitted to return to Rangoon in 1919. In Burma, the old queen regained some of her feisty spirit as visitors came by daily to pay their respects. All the princesses, however, had to make numerous adjustments in a world they had no knowledge of. The impact of the deposition and exile echoed forever in each of their lives, as it did in the lives of their children. Written after years of meticulous research, and richly supplemented with photographs and illustrations, *The King in Exile* is an engrossing human-interest story of this forgotten but fascinating family.

India's War Srinath Raghavan.2016-05-10 Between 1939 and 1945 India underwent extraordinary and irreversible change. Hundreds of thousands of Indians suddenly found themselves in uniform, fighting in the Middle East, North and East Africa, Europe and-something simply never imagined-against a Japanese army poised to invade eastern India. With the threat of the Axis powers looming, the entire country was pulled into the vortex of wartime mobilization. By the war's end, the Indian Army had become the largest volunteer force in the conflict, consisting of 2.5 million men, while many millions more had offered their industrial, agricultural, and military labor. It was clear that India would never be same-the only question was: would the war effort push the country toward or away from independence? In India's War, historian Srinath Raghavan paints a compelling picture of battles abroad and of life on the home front, arguing that the war is crucial to explaining how and why colonial rule ended in South Asia. World War II forever altered the country's social landscape, overturning many Indians' settled assumptions and opening up new opportunities for the nation's

most disadvantaged people. When the dust of war settled, India had emerged as a major Asian power with her feet set firmly on the path toward Independence. From Gandhi's early urging in support of Britain's war efforts, to the crucial Burma Campaign, where Indian forces broke the siege of Imphal and stemmed the western advance of Imperial Japan, Raghavan brings this underexplored theater of WWII to vivid life. The first major account of India during World War II, *India's War* chronicles how the war forever transformed India, its economy, its politics, and its people, laying the groundwork for the emergence of modern South Asia and the rise of India as a major power.

Survivor on the River Kwai Reg Twigg. 2013-05-23 *Survivor on the River Kwai* is the heartbreaking story of Reg Twigg, one of the last men standing from a forgotten war. Called up in 1940, Reg expected to be fighting Germans. Instead, he found himself caught up in the worst military defeat in modern British history - the fall of Singapore to the Japanese. What followed were three years of hell, moving from one camp to another along the Kwai river, building the infamous Burma railway for the all-conquering Japanese Imperial Army. Some prisoners coped with the endless brutality of the code of Bushido by turning to God; others clung to whatever was left of the regimental structure. Reg made the deadly jungle, with its malaria, cholera, swollen rivers, lethal snakes and exhausting heat, work for him. With an ingenuity that is astonishing, he trapped and ate lizards, harvested pumpkins from the canteen rubbish heap and with his homemade razor became camp barber. That Reg survived is testimony to his own courage and determination, his will to beat the alien brutality of camp guards who had nothing but contempt for him and his fellow POWs. He was a risk taker

whose survival strategies sometimes bordered on genius. Reg's story is unique. Reg Twigg was born at Wigston (Leicester) barracks on 16 December 1913. He was called up to the Leicestershire Regiment in 1940 but instead of fighting Hitler he was sent to the Far East, stationed at Singapore. When captured by the Japanese, he decided he would do everything to survive. After his repatriation from the Far East, Reg returned to Leicester. With his family he returned to Thailand in 2006, and revisited the sites of the POW camps. Reg died in 2013, at the age of ninety-nine, two weeks before the publication of this book.

Twilight over Burma Inge Sargent. 1994-08-01 Just married and returning to live in her new husband's native land, a young Austrian woman arrived with her Burmese husband by passenger ship in Rangoon in 1953. They were met at dockside by hundreds of well-wishers displaying colorful banners, playing music on homemade instruments, and carrying giant bouquets of flowers. She was puzzled by this unusual welcome until her embarrassed husband explained that he was something more than a recently graduated mining engineer - he was the Prince of Hsipaw, the ruler of an autonomous state in Burma's Shan mountains. And these people were his subjects! She immersed herself in the Shan lifestyle, eagerly learning the language, the culture, and the history of the Shan hill people. The Princess of Hsipaw fell in love with this remote, exotic land and its warm and friendly people. She worked at her husband's side to bring change and modernization to their primitive country. Her efforts to improve the education and health care of the country, and her

husband's commitment to improve the economic well-being of the people made them one of the most popular ruling couples in Southeast Asia. Then the violent military coup of 1962 shattered the idyllic existence of the previous ten years. Her life irrevocably changed. Inge Sargent tells a story of a life most of us can only dream about. She vividly describes the social, religious, and political events she experienced. She details the day-to-day living as a reluctant ruler and her role as her husband's equal - a role that perplexed the males in Hsipaw and created awe in the females. And then she describes the military events that threatened her life and that of her children. *Twilight over Burma* is a story of a great happiness destroyed by evil, of one woman's determination and bravery against a ruthless military regime, and of the truth behind the overthrow of one of Burma's most popular local leaders.

The Birth of Insight Erik Braun. 2013-11-19 Insight meditation, which claims to offer practitioners a chance to escape all suffering by perceiving the true nature of reality, is one of the most popular forms of meditation today. The Theravada Buddhist cultures of South and Southeast Asia often see it as the Buddha's most important gift to humanity. In the first book to examine how this practice came to play such a dominant—and relatively recent—role in Buddhism, Erik Braun takes readers to Burma, revealing that Burmese Buddhists in the colonial period were pioneers in making insight meditation indispensable to modern Buddhism. Braun focuses on the Burmese monk Ledi Sayadaw, a pivotal architect of modern insight meditation, and explores Ledi's popularization of the study of crucial Buddhist philosophical texts in the early twentieth century. By promoting the study of such abstruse texts, Braun shows, Ledi was able to standardize and simplify meditation methods and make them widely accessible—in part to protect Buddhism in Burma after the British takeover in 1885. Braun also addresses the question of what really constitutes the “modern” in colonial and

postcolonial forms of Buddhism, arguing that the emergence of this type of meditation was caused by precolonial factors in Burmese culture as well as the disruptive forces of the colonial era. Offering a readable narrative of the life and legacy of one of modern Buddhism's most important figures, *The Birth of Insight* provides an original account of the development of mass meditation.

Little Daughter Zoya Phan.2009-04-20 Zoya Phan was born in the remote jungles of Burma, to the Karen ethnic group. For decades the Karen have been under attack from Burma's military junta; Zoya's mother was a guerrilla soldier, her father a freedom activist. She lived in a bamboo hut on stilts by the Moei River; she hunted for edible fungi with her much-loved adopted brother, Say Say. Many Karen are Christian or Buddhist, but Zoya's parents were animist, venerating the spirits of forest, river and moon. Her early years were blissfully removed from the war. At the age of fourteen, however, Zoya's childhood was shattered as the Burmese army attacked. With their house in flames, Zoya and her family fled. So began two terrible years of running from guns, as Zoya joined thousands of refugees hiding in the jungle. Her family scattered, Zoya sought sanctuary across the border in a Thai refugee camp. Conditions in the camp were difficult, and Zoya now had to care for her ailing mother. Zoya, a gifted pupil, was eventually able to escape, first to Bangkok and then, with her enemies still pursuing her, in 2004 she fled to the UK and claimed asylum. The following year, at a 'free Burma' march, she was plucked from the crowd to appear on the BBC, the first of countless interviews with the world's media. She became the face of a nation enslaved, rubbing shoulders with presidents and film stars. By turns uplifting, tragic and entirely gripping, this is the extraordinary true story of the girl from the jungle who became an icon of a suffering land.

Burma, Kipling and Western Music Andrew Selth.2016-11-03 For decades, scholars have been trying to answer the question: how was colonial Burma perceived in and by the Western world, and how

did people in countries like the United Kingdom and United States form their views? This book explores how Western perceptions of Burma were influenced by the popular music of the day. From the First Anglo-Burmese War of 1824-6 until Burma regained its independence in 1948, more than 180 musical works with Burma-related themes were written in English-speaking countries, in addition to the many hymns composed in and about Burma by Christian missionaries. Servicemen posted to Burma added to the lexicon with marches and ditties, and after 1913 most movies about Burma had their own distinctive scores. Taking Rudyard Kipling's 1890 ballad 'Mandalay' as a critical turning point, this book surveys all these works with emphasis on popular songs and show tunes, also looking at classical works, ballet scores, hymns, soldiers' songs, sea shanties, and film soundtracks. It examines how they influenced Western perceptions of Burma, and in turn reflected those views back to Western audiences. The book sheds new light not only on the West's historical relationship with Burma, and the colonial music scene, but also Burma's place in the development of popular music and the rise of the global music industry. In doing so, it makes an original contribution to the fields of musicology and Asian Studies.

Richard Flanagan Robert Dixon, Ben Holgate, Joseph Cummins, Laura A. White, Bill Ashcroft, Salhia Ben Messahel, Marc Delrez, Margaret Harris, Nathanael O'Reilly, Theodore F. Sheckels, Nicholas Birns, Liliana Zavaglia. 2018-10-12 *Richard Flanagan: Critical Essays* is the first book to be published about the life and work of this major world author. Written by twelve leading critics from Australia, Europe and North America, these richly varied essays offer new ways of understanding Flanagan's contribution to Tasmanian, Australian and world literature. Flanagan's fictional worlds offer empathetic, often poignant, renderings of those whose voices have been lost beneath official accounts of history, stories from a small region that have made their mark on a global scale.

Considering his seven novels as well as his non-fiction, journalism and correspondence, this collection examines the historical and geographical factors that have shaped Flanagan's representation of Tasmanian identity. This collection offers new insights into a determinedly regional writer, and the impact he has had on a local, national and global scale.

Remaking the Modern World 1900 - 2015 C. A. Bayly. 2018-10-22 The sequel and companion volume to C.A. It will comprise some two dozen volumes, of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time. The volumes are narrative in form, giving balanced attention to social and cultural history (in the broadest sense) as well as to

institutional development and political change. Each provides a systematic account of a very large subject, but they are also both imaginative and interpretative. The Series is intended to be accessible to the widest possible readership, and the accessibility of its volumes is matched by the style of presentation and production.

Baptizing Burma Alexandra Kaloyanides.2023-06-20 In July 1813, a young American couple from Boston arrived in Rangoon to preach the gospel. Celebrated in the Protestant press, which ran dramatic accounts of exotic adventures, the attempt to convert the Burmese met with mixed results. Although Burmese Buddhists resisted Christian evangelism, people from minority communities were baptized in large numbers throughout the nineteenth century. American Baptist Christianity was itself transformed in the Buddhist kingdom. Missionaries who were initially horrified by what they saw as the idolatry of Buddha statues found themselves creating tree shrines and their converts hanging colorful Jesus paintings in their churches. *Baptizing Burma* explores the history of how the American Baptist mission to Burma failed to convert the country yet succeeded in transforming its religious landscape. Alexandra Kaloyanides examines how the Burmese majority positioned Buddhism to counter Christianity, how marginalized groups took on Baptist identities, and how Protestantism was reimagined as a Southeast Asian religion. She considers a series of holy objects to reveal the mechanics of religious practice in a period of entangled empires—British, Burmese, and American. By telling stories of four key things—the sacred book, the school house, the pagoda, and the portrait—this book illuminates the histories of Burma’s last kingdom and the unexpected consequences of America’s first overseas mission.

Undaunted Zoya Phan.2010-05-04 Once a royal kingdom and then part of the British Empire, Burma long held sway in the Western imagination as a mythic place of great beauty. In recent times,

Burma has been torn apart and isolated by one of the most brutal dictatorships in the world. Now, Zoya of the, a young member of the Karen tribe in Burma, bravely comes forward with her astonishingly vivid story of growing up in the idyllic green mansions of the jungle, and her violent displacement by the military junta that has controlled the country for almost a half century. This same cadre has also relentlessly hunted Zoya and her family across borders and continents. Undaunted tells of Zoya's riveting adventures, from her unusual childhood in a fascinating remote culture, to her years on the run, to her emergence as an activist icon. Named for a courageous Russian freedom fighter of World War II, Zoya was fourteen when Burmese aircraft bombed her peaceful village, forcing her and her family to flee through the jungles to a refugee camp just over the border in Thailand. After being trapped in refugee camps for years in poverty and despair, her family scattered: as her father became more deeply involved in the struggle for freedom, Zoya and her sister left their mother in the camp to go to a college in Bangkok to which they had won scholarships. But even as she attended classes, Zoya, the girl from the jungle, had to dodge police and assume an urban disguise, as she was technically an illegal immigrant and subject to deportation. Although, following graduation, she obtained a comfortable job with a major communications company in Bangkok, Zoya felt called back to Burma to help her mother and her people, millions of whom still have to live on the run today in order to survive—in fact, more villages have been destroyed in eastern Burma than in Darfur, Sudan. After a plot to kill her was uncovered, in 2004 Zoya escaped to the United Kingdom, where she began speaking at political conferences and demonstrations—a mission made all the more vital by her father's assassination in 2008 by agents of the Burmese regime. Like Ayaan Hirsi Ali, Zoya has become a powerful spokesperson against oppressors, undaunted by dangers posed to her life. Zoya's love of her people, their land, and their

way of life fuels her determination to survive, and in *Undaunted* she hauntingly brings to life a lost culture and world, putting faces to the stories of the numberless innocent victims of Burma's military

The Politics of Love in Myanmar Lynette J. Chua.2018-12-25 *The Politics of Love in Myanmar* offers an intimate ethnographic account of a group of LGBT activists before, during, and after Myanmar's post-2011 political transition. Lynette J. Chua explores how these activists devoted themselves to, and fell in love with, the practice of human rights and how they were able to empower queer Burmese to accept themselves, gain social belonging, and reform discriminatory legislation and law enforcement. Informed by interviews with activists from all walks of life—city dwellers, villagers, political dissidents, children of military families, wage laborers, shopkeepers, beauticians, spirit mediums, lawyers, students—Chua details the vivid particulars of the LGBT activist experience founding a movement first among exiles and migrants and then in Myanmar's cities, towns, and countryside. A distinct political and emotional culture of activism took shape, fusing shared emotions and cultural bearings with legal and political ideas about human rights. For this network of activists, human rights moved hearts and minds and crafted a transformative web of friendship, fellowship, and affection among queer Burmese. Chua's investigation provides crucial insights into the intersection of emotions and interpersonal relationships with law, rights, and social movements.

Romancing Human Rights Tamara C. Ho. 2015-01-31 When the world thinks of Burma, it is often in relation to Nobel laureate and icon Aung San Suu Kyi. But beyond her is another world, one that complicates the overdetermination of Burma as a pariah state and myths about the “high status” of Southeast Asian women. Highlighting and critiquing this fraught terrain, Tamara C. Ho’s *Romancing Human Rights* maps “Burmese women” as real and imagined figures across the twentieth century and into the twenty-first century. More than a recitation of “on the ground” facts, Ho’s groundbreaking scholarship—the first monograph to examine Anglophone literature and dynamics of gender and race in relation to Burma—brings a critical lens to contemporary literature, film, and politics through the use of an innovative feminist/queer methodology. She crosses intellectual boundaries to illustrate how literary and gender analysis can contribute to discourses surrounding and informing human rights—and in the process offers a new voice in the debates about representation, racialization, migration, and spirituality. *Romancing Human Rights* demonstrates how Burmese women break out of prisons, both real and discursive, by writing themselves into being. Ho assembles an eclectic archive that includes George Orwell, Aung San Suu Kyi, critically acclaimed authors Ma Ma Lay and Wendy Law-Yone, and activist Zoya Phan. Her close readings of literature and politicized performances by women in Burma, the Burmese diaspora, and the United States illuminate their contributions as authors, cultural mediators, and practitioner-citizens. Using flexible, polyglot rhetorical tactics and embodied performances, these authors creatively articulate

alter/native epistemologies—regionally situated knowledges and decolonizing viewpoints that interrogate and destabilize competing transnational hegemonies, such as U.S. moral imperialism and Asian militarized dictatorship. Weaving together the fictional and non-fictional, Ho's gendered analysis makes *Romancing Human Rights* a unique cultural studies project that bridges postcolonial studies, area studies, and critical race/ethnic studies—a must-read for those with an interest in fields of literature, Asian and Asian American studies, history, politics, religion, and women's and gender studies.

Civilized Rebels Dennis Smith.2018-05-16 *Civilized Rebels* compares in depth four very well-known literary and political figures, who all opposed arrogant regimes and became prisoners. Through

comparative biographies of Oscar Wilde, Jean Améry, Nelson Mandela and Aung San Suu Kyi, it explores the long-term process of the retreat of the West from global power since the late nineteenth century, relating this to the decline and fall of the British Empire and the trauma surrounding Brexit. Drawing on rich empirical materials to examine themes of forced displacement, war, poverty, imprisonment and the threat of humiliation, the book reveals how these highly civilized rebels penetrated their opponents' mind-sets, while also providing a sophisticated analysis of how their struggles fitted into the larger world picture. Methodologically and theoretically innovative, and written in a lively and accessible style, *Civilized Rebels* will appeal to scholars across a range of disciplines, with interests in globalization, historical international relations, postcolonial and subaltern studies, comparative biographical studies, European studies, the sociology of emotions and historical sociology.

Browned Off and Bloody-minded Alan Allport.2015-01-01 More than three-and-a-half million men served in the British Army during the Second World War, the vast majority of them civilians who had never expected to become soldiers and had little idea what military life, with all its strange rituals, discomforts, and dangers, was going to be like. Alan Allport's rich and luminous social history

examines the experience of the greatest and most terrible war in history from the perspective of these ordinary, extraordinary men, who were plucked from their peacetime families and workplaces and sent to fight for King and Country. Allport chronicles the huge diversity of their wartime trajectories, tracing how soldiers responded to and were shaped by their years with the British Army, and how that army, however reluctantly, had to accommodate itself to them. Touching on issues of class, sex, crime, trauma, and national identity, through a colorful multitude of fresh individual perspectives, the book provides an enlightening, deeply moving perspective on how a generation of very modern-minded young men responded to the challenges of a brutal and disorienting conflict.

Unlocking the Love-Lock Ceri Houlbrook. 2021-01-13 Explores the worldwide popularity of the love-lock as a ritual token of love and commitment by considering its history, symbolism, and heritage. “[T]his is an eminently enjoyable and thorough investigation of a popular phenomenon through the lens of heritage and folk tradition.”—Sara De Nardi, Western Sydney University A padlock is a mundane object, designed to fulfil a specific - and secular - purpose. A contemporary custom has given padlocks new significance. This custom is ‘love-locking’, where padlocks are engraved with names and attached to bridges in declaration of romantic commitment. This custom became popular in the 2000s, and its dissemination was rapid, geographically unbound, and highly divisive, with love-locks emerging in locations as diverse as Paris and Taiwan; New York and Seoul; Melbourne and Moscow. From the introduction: I was distractedly perusing the photo frame aisle, my eyes skimming the generically sentimental stock pictures of happy families smiling at the camera, pretty landscapes, cute pets and couples walking hand-in-hand, when I came across one that jumped out at me.... I recognised the image instantly as a photograph of love-locks: the padlocks

that had been appearing en masse on bridges and other public structures on a global scale since the early 2000s. And, having been researching the custom known as lovelocking for about five years at that point, it was with a peculiar sense of pride that I realised love-locks had accomplished the status of a stock image.

Reflections on Myanmar Reshmi Banerjee.2023-02-17 Myanmar is known for its engaging history, rich cultural heritage, and diverse ethnic communities. Its tumultuous political past has been discussed by academics and policy makers for decades; however, the land of the Shwedagon cannot only be defined by conflict and contestation. Myanmar is complex and multi-layered with innumerable issues shaping its identity and manifold interpretations creating its distinctiveness. A deeper comprehension of its past glory with thoughtful deliberation on its socio-economic challenges helps to understand the country better. This book fills this gap by focusing on four broad themes--reminiscence, restoration, re-evaluation, and resurrection. It studies interconnected issues ranging from nostalgia and belonging to Myanmar's contribution to art and heritage (through its museums, cinema, folk traditions); from the problems of landlessness, resource dispossession, and climate change to the experience of marginalized groups. The author weaves these themes into a common narrative of discovering Myanmar through a holistic lens. The book aims to explore the country through its history, culture, communities, and challenges. A unique contribution, the book highlights the myriad facets of Myanmar by contemplating on its inherent strengths and visible weaknesses. It would be indispensable for scholars and researchers of Southeast Asian studies, Asian studies, area studies, Myanmar studies, political studies, cultural studies, and sociology.

Forensic Justice Beulah Shekhar,Purvi Pokhariyal.2024-03-18 Forensic science is playing an increasingly important role in criminal investigations, as it provides scientific methods and

techniques to gather and analyse evidence from crime scenes. Forensic evidence can be crucial in identifying suspects, linking them to the crime scene, and helping to secure convictions in court. In this sense, forensic science is seen as an aid to criminal investigation, providing reliable and objective evidence that can be used to uncover the truth behind criminal activities. The integration of forensic science with law and criminology is creating a new era of progressive thinking, where advanced techniques are being developed to better understand the nature of crime and the behaviour of criminals. With the help of forensic science, investigators can obtain speedy justice and bring criminals to book. However, this requires appropriate measures to be taken for the efficient execution of forensic investigations, including the use of modern technology and the training of professionals in the latest forensic techniques. Given the importance of forensic science in the criminal justice system, it is essential to have a comprehensive understanding of its different aspects. This includes the collection, preservation, and analysis of forensic evidence, as well as the interpretation of this evidence in the context of criminal investigations. This book covers these topics in detail, providing valuable insights for professionals, practitioners, academics, and students of the related fields.

Development Across Faith Boundaries Anthony Ware, Matthew Clarke. 2016-11-03 Faith-based organisations (FBOs) have long been recognised as having an advantage in delivering programs and interventions amongst communities of the same faith. However, many FBOs today work across a variety of contexts, including with local partners and communities of different faiths. Likewise, secular NGOs and donors are increasingly partnering with faith-based organisations to work in highly-religious communities. *Development Across Faith Boundaries* explores the dynamics of activities by local or international FBOs that cross faith boundaries, whether with their partners, donors or recipient communities. The book investigates the dynamics of cross-faith partnerships in a range of development contexts, from India, Cambodia and Myanmar, to Melanesia, Bosnia, Ethiopia and Afghanistan. The book demonstrates how far FBOs extend their activities beyond their own faith communities and how far NGOs partner with religious actors. It also considers the impacts of these cross-faith partnerships, including their work on conflict and sectarian or ethnic tension in the relevant communities. This book is an invaluable guide for graduates, researchers and students with

an interest in development and religious studies, as well as practitioners within the aid sector.

Women in Modern Burma Tharaphi Than.2013-11-07 This book challenges the popular notion that Burmese women are powerful and are granted equal rights as men by society. Throughout history Burmese women have been represented as powerful and as having equal status to men by western travellers and scholars alike. National history about women also follows this conjecture. This book explains why actually very few powerful Burmese women exist, and how these few women help construct the notion of the high status of Burmese women, thereby inevitably silencing the majority of 'unequal' and disempowered women. One of the underlying questions throughout this book is why a few powerful women feel compelled to defend the notion that women hold privileged positions in Burmese society. Combining historical archives with statistical data published by UN agencies, this book highlights the reality of women's status in modern Burma. Case studies include why the first Burmese women's army was disbanded a few months after its establishment; how women writers assessed the conditions of Burmese women and represented their contemporaries in their works; the current state of prostitution; how modern-day sex-workers are trying to find their voice; and how women fared vis-à-vis men in education.

Burmese Silver Art: Masterpieces Illuminating Buddhist, Hindu and Mythological Stories of Purpose and Wisdom David C. Owens.2020-06-15 Burmese master silversmiths produced a magnificent body of work from the mid-19th to the early 20th centuries - the Burmese Silver Age. This aesthetic and functional work is characterized by a unique decorative style and superb technical artistry. Many of the artefacts are embellished with mysterious visual narratives drawn from ancient religious and mythological sources, communicating spiritual beliefs and values that resonate to this day. Burmese silverwork is a distinct and little-known genre of silver art. This book tackles this obscurity by

illuminating and describing for the first time 100 Burmese silver artefacts in a stunning photographic gallery. This silverwork - from the Noble Silver Collection - represents some of the rarest and finest quality work from the Burmese Silver Age. The centrepiece gallery of silverwork masterpieces is bookended by two well-illustrated and informative chapters that provide readers with deeper insights into Burmese silverwork: a robust frame of reference chapter summarises the 2,000-year history and cultural tradition of Burmese silverwork; and a chapter following the gallery deciphers the complex and allegorical iconography of the decoration, which gives the reader a deeper appreciation of its religious and cultural meaning and origin. This book captures the great, almost mystical, allure of Burmese silverwork - from the sublime artistry of the decoration, to the extraordinary skill of the silversmith and the profound meaning and importance of the visual narratives. In doing so, *Burmese Silver Art* takes its place as a definitive reference work for any art historian, collector, expert, student, or general reader interested in this hitherto-overlooked body of noble art.

Burma Lost and Found Marek Lenarcik.2015-04 In January 2011, just before political reforms in Myanmar ended a decades-old military regime, writer and travel expert Marek Lenarcik arrived in Yangon on a short-term work assignment. Little did he know then that a broken heart and dwindling savings would lead him to pursue a dream career working for one of the country's top tour companies. On duty as a travel product manager, Marek traverses the country by trains, planes and automobiles to experience stunning landscapes, ruins of empires, exotic food and unique cultures in search of the best that the nation's budding tour and hospitality industry has to offer. With stories from the emerald shores of the Andaman Sea at Ngapali beach to the mountain peaks of Chin State, *Burma Lost & Found* brings humour, vivid description and insight to his adventures and encounters

with an eclectic cast of characters including an eccentric monk, dodgy expats, charismatic guides, gracious hosts and many more.

Sweet Treats around the World Timothy G. Roufs, Kathleen Smyth Roufs. 2014-07-29 From apple pie to baklava, cannoli to gulab jamun, sweet treats have universal appeal in countries around the world. This encyclopedia provides a comprehensive look at global dessert culture. Few things represent a culture as well as food. Because sweets are universal foods, they are the perfect basis for a comparative study of the intersection of history, geography, social class, religion, politics, and other key aspects of life. With that in mind, this encyclopedia surveys nearly 100 countries, examining their characteristic sweet treats from an anthropological perspective. It offers historical context on what sweets are popular where and why and emphasizes the cross-cultural insights those sweets present. The reference opens with an overview of general trends in desserts and sweet treats. Entries organized by country and region describe cultural attributes of local desserts, how and when sweets are enjoyed, and any ingredients that are iconic. Several popular desserts are discussed within each entry including information on their history, their importance, and regional/cultural variations on preparation. An appendix of recipes provides instructions on how to make many of the dishes, whether for school projects or general entertaining.

Nowhere to Be Home Maggie Lemere,Zoe West.2023-06-15 Decades of military oppression in Burma have led to the systematic destruction of thousands of ethnic minority villages, a standing army with one of the world's highest number of child soldiers, and the displacement of millions of people. Nowhere to Be Home is an eye-opening collection of oral histories exposing the realities of life under military rule. In their own words, men and women from Burma describe their lives in the country that Human Rights Watch has called "the textbook example of a police state."
