**Three Masks of the Japanese Mountain God** John Foster.2019-04-24 The three masks of the Japanese mountain god are given definition by the land and its memory and how these in myth and myth-acting in festivals help provide a model for character. The oldest of the masks pertains to passage into the mountains for purposes of skillful action such as hunting; the second mask is associated with sacred space and by extension protection of kinship groups and ancestor relations; the third mask is linked to the social environment of rice farming, which came to help model behavior related to rice and human fertility as well as what it means to be a good member of the extended kinship group. These are the three masks of the Japanese mountain god. This book is about these ancient Japanese myths. It is about their meaning, their history and their fate in the modern world. It is a book intended for non-specialists who are interested in Japanese religion and culture and those interested in how myth has been applied to solving problems historically and in ultramodern Japan.

**White Skins/Black Masks** Gail Ching-Liang Low.2003-09-02 In this exciting re-reading of the classic work of Haggard and Kipling, Gail Ching-Liang Low examines the representational dynamics of colonizer versus colonized. Exploring the interface between the native 'other' as a reflection and as a point of address, the author asserts that this 'other' is a mirror reflecting the image of the colonizer - a 'cultural cross-dressing'. Employing psychoanalysis, anthropology and postcolonial theory, Low analyzes the way in which fantasy and fabulation are caught up in networks of desire and power. *White Skins/Black Masks* is a fascinating entry into the current debate of post-colonial theory.

Only Mayor Margin Holland and his beautiful teenaged daughter Linda could feel the air of "wrongness" that hovered over the fairgrounds. Then the killings began—and their worst nightmares quickly came to life. Night after night a new victim was found, his insides smoldering, his face contorted in a gruesome death mask of hideous agony. Soon, for Martin, for Linda, for the entire plagued community, there was nowhere to run and nowhere to hide. Nebo's Carnival of Dread had come to town. And the horror show was just beginning!

**Mountain Passages** George Ellison.2005-05-01 I'm continually intrigued by the manner in which the natural and human histories of any given region overlap and eventually commingle. That process is ongoing, of course, anywhere one chooses to reside, but in no place I've experienced or read about is there a richer context than here in these mountains. This intriguing collection of intertwined essays results from writer George Ellison's thirty-year fascination with Western North Carolina and its Blue Ridge and Great Smoky Mountains. Gathered into three broad sections--Natural History, Cherokees and Mountaineers--these insightful essays provide a wealth of historic detail and offer a window onto the rich cultural heritage of this stunning and oft-misunderstood part of the country. Through a diverse cast of characters including early explorers and European plant hunters, a Cherokee shaman or two, weather sharps, a hermit, a moonshiner, several writers of note, ornithologists and naturalists, we hear stories in a distinctly Appalachian tone and gain an understanding of mountain life and lore. We develop a new language fit for mountain life, speaking of balds, knobs, gaps, seeps, springheads and shoals, and begin to understand the roots of the names Crooked Arm, Deeplow Gap and the Boogerman Trail. We see the world through the eyes of the ancient Cherokees, for whom the Nantahala Gorge, for example, was a chasm of horrors associated with the uktena, a mythic serpent from the dreaded Under World.

Joseph T. Shaw Milton Shaw.2019-12-25 Joseph T. "Cap" Shaw enjoyed several distinguished careers—military man and champion fencer, among them—before he assumed the editorial chair of the most significant fiction magazine since The Strand gave the world the immortal Sherlock Holmes. Between 1926 and 1936, Shaw edited Black Mask magazine. The pioneering first stories of Carroll John Daly and Dashiell Hammett had just begun to appear in its pages. Shaw recognized in their hard-boiled treatment of the American crime story the potential for a new literary school. Working closely with his hand-picked writers, he pulled the magazine back from the brink of cancellation, and transformed the staid detective story into a vigorous and modern genre, discovering and championing important inheritors of this new tradition, among them, Raymond Chandler. But there is more to Joe Shaw than his editorial career. Here, in the first biography ever written of this editorial giant, his son relates the full fascinating story of the man behind the revolutionary editorial persona....
