Deities of Tibetan Buddhism Martin Willson, Martin Brauen.2000-03-01 An extraordinary encyclopedia of Buddhist icons. Illustrating the Rin 'byung brgya rtsa, the Nar thang brgya rtsa, and the Vajravali, the book is based on a collection of over five hundred images of Tibetan deities. The images, presented in the book at full scale, were originally created by a master artist in the early nineteenth century to serve as initiation cards (tsakli). The original tsakli were woodblock prints, hand colored at the request of a Ch'ing Dynasty nobleman who had received the initiations. Such cards are used in ceremonies to introduce the practitioner to the deity and his or her practice. The paintings are housed in the Ethnographic Museum of the University of Zurich. Deities of Tibetan Buddhism is also an indispensable reference tool for Tibetologists, students of Mahayana Buddhism, and museum curators. Its extensive supplementary materials include English translations of the basic invocation texts; the associated visualization with descriptions of the deities' postures, attributes, and colors; and the dharanis and mantras used in their invocation. Co-editor Martin Willson spent more than a decade translating and documenting this work. He has provided detailed explanations of technical terms, enlightening explanatory notes, and glossaries documenting the discrepancies in the depictions. The extensive pictorial index, featuring drawings and text by Robert Beer, explains the symbolic meaning behind the deities' implements and adornments. The cross-referenced indices for Tibetan, Sanskrit, Mongolian, and English names and terms provide quick access to vast amounts of information. Co-editor Martin Brauen and the technical staff of the Ethnographic Museum of the University of Zurich have documented the relationship between this and other sets of initiation cards that exist elsewhere, as well as detailing the construction materials and methods involved in producing this set. Deities of Tibetan Buddhism is a reference book without peer, essential for any serious student of Tibetan and East Asian art and religion.

Symbolism in Tibetan Buddhist Art Dave Glantz, David Huber.2018-11-17 This exploration and explanation of Tibetan Buddhist symbols uses full color images of the actual art work painted over the centuries in Tibet. By using the actual art work the context is kept and expounded on so the reader can fully appreciate the depth of meaning, for example, that an object surrounded by flames and kusha grass set in the Mahamudra Mists conveys. Explanations are offered into the various layers of those meanings and how they can be applied by any person seeking truth and self-awareness on the path to enlightenment. This leads to a powerful multilayered message and instruction that the viewer and reader can apply to their own journey. The actual teachings of Buddha are used to explain the Path to Awareness along with commentary. ~~~ We have ventured into the wisdom secrets of the esoteric world of tantric Tibetan Buddhism, providing in-depth explanations along with translations of the originating texts from noted teachers such as Tilopa, Milarepa, and Naropa among others. Along the way we provide context to the symbols, so when symbols have divergent meanings the viewer can determine which meaning applies to that particular depiction. ~~~ For example, delving into a seemingly simple depictions of cinnabar, showing how it is used to connect to the mind-stream, through both the use of cinnabar and the thought process shown in the multilayered context of actual Tibetan art. How to apply it to help focus meditation and access primordial wisdom and additionally, cinnabar is recommended by Buddha for use to access that supernormal wisdom. ~~~ Another example would be the yin-yang symbol: what does it have to do

with the Dharma Wheel and the Eightfold Noble Path? We show the relationships provided by context in ways no other book has explored.

This first systematic review is an abundantly illustrated reference book on Tibetan ritual art that aids our understanding of its different types and forms, its sacred meanings and ceremonial functions. Over eighteen chapters, several hundred different implements are documented in detail, in many cases for the first time and often in their various styles and iconographic forms: altar utensils and amulets, masks and mirrors, magic daggers and mandalas, tormas sculptures and prayer objects, vajras and votive tablets, sacrificial vessels and oracle crowns, stupas and spirit traps, ritual vases, textiles, furniture, and symbolic emblems. Dakini's Warm Breath Judith Simmer-Brown.2002-12-10 A fresh interpretation of the dakini—a Tibetan Buddhist symbol of the feminine—that will appeal to practitioners interested in goddess worship, female spirituality, and Tantric Buddhism The primary emblem of the feminine in Tibetan Buddhism is the dakini, or “sky-dancer,” a semi-wrathful spirit-woman who manifests in visions, dreams, and meditation experiences. Western scholars and interpreters of the dakini, influenced by Jungian psychology and feminist goddess theology, have shaped a contemporary critique of Tibetan Buddhism in which the dakini is seen as a psychological “shadow,” a feminine savior, or an objectified product of patriarchal fantasy. According to Judith Simmer-Brown—who writes from the point of view of an experienced practitioner of Tibetan Buddhism—such interpretations are inadequate. In the spiritual journey of the meditator, Simmer-Brown demonstrates, the dakini symbolizes levels of personal realization: the sacredness of the body, both female and male; the profound meeting point of body and mind in meditation; the visionary realm of ritual practice; and the empty, spacious qualities of mind itself. When the meditator encounters the dakini, living spiritual experience is activated in a nonconceptual manner by her direct gaze, her radiant body, and her compassionate revelation of reality. Grounded in the author's personal encounter with the dakini, this unique study will appeal to both male and female spiritual seekers interested in goddess worship, women's spirituality, and the tantric tradition.

The Psychedelic Experience Timothy Leary, Richard Alpert, Ralph Metzner.2022-07-26 We are in the midst of a powerful psychedelic renaissance. After four decades of hibernation, the promise of the psychoactive '60s--that deeper self-awareness, achieved through reality-bending substances and practices, will lead to greater external harmony--is again gaining a major following. The signs are everywhere, from the influence of today's preeminent psychedelic thinker Daniel Pinchbeck, to the renewed interest in the legacy of Terence McKenna, and to the upsurge of collective, inclusive (and overtly tripped-out) cultural phenomena like the spectacle of Burning Man. *The Psychedelic Experience*, created in the movement's early years by the prophetic shaman-professors Timothy Leary, Ralph Metzner, and Richard Alpert (Ram Dass), is a foundational text that serves as a model and a guide for all subsequent mind-expanding inquiries. In this wholly unique book, the authors provide an interpretation of an ancient sacred manuscript, *The Tibetan Book of the Dead*, from a psychedelic perspective. *The Psychedelic Experience* describes their discoveries in broadening spiritual consciousness through a combination of Tibetan meditation techniques and psychotropic substances.--Amazon.com.

[A Short Practice of Green Tara eBook](#) Lama Zopa Rinpoche.2019-05-17 Tara is a completely enlightened buddha who had previously promised to appear, after enlightenment, in the form of a female bodhisattva and goddess for the benefit of all beings. Her primary activity is to protect from the eight fears. Tara or simply Drol-ma in Tibetan, goddess of protection and compassion, is one of the widest worshiped deities in Tibet. Tara represents the miraculous activities of all buddhas. In myth she is born from Chenrezig's tears of compassion. There are innumerable manifestations of Tara arising according to sentient beings' needs, such as the dynamic Green Tara who quickly overcomes obstacles and saves beings in dangerous situations. While cultivating the wish that all of our endeavors ultimately benefit others, we can call upon the power of Tara to get things done in a most amazing way. Whether you are looking for the right partner in a relationship or wishing to find the conditions for entering into a life of solitary retreat, the practice of Tara can help. This practice includes the short sadhana, commentary from Lama Zopa Rinpoche, and three versions of Praises to the Twenty-One Taras. A Kriya Tantra empowerment of Green Tara is needed to practice this sadhana in full. However, one can do this practice without such an empowerment as long as one does not generate oneself as the deity. If one does not have the empowerment, one can do the self-generation practice at the crown of one's head. 32 pages. 2014 Edition.

The Golden Yoke Rebecca Redwood French.2019-06-07 The Golden Yoke is a remarkable achievement. It is the first elaboration of the legal, cultural, and ideological dimensions of precommunist Tibetan jurisprudence, a unique legal system that maintains its secularism within a thoroughly Buddhist setting. Layer by layer, Rebecca Redwood French reconstructs the daily operation of law in Tibet before the Chinese invasion in 1959. In the Tibetans' own words, French identifies their courts, symbols, and personnel and traces the procedures for petitioning and filing documents. There are stories here from judges, legal conciliators, and lay people about murder, property disputes, and divorce. French shows that Tibetan law is deeply embedded in its Buddhist culture and that the system evolved not from the rules and judgments but from what people actually do and say. In what amounts to a fully developed cosmology, she describes the cultural foundation that informs the system: myths, notions of time and conflux, inner morality, language patterns, rituals, use of space, symbols, and concepts. Based on extensive readings of Tibetan legal documents and codes, interviews with Tibetan scholars, and the reminiscences of Tibetans at home and in exile, this generously illustrated, elegantly written work is a model of outstanding research. French combines the talents of a legal anthropologist with those of a former law practitioner to develop a new field of study that has implications for other judicial systems, including our own.

Receptacle of the Sacred Jinah Kim. 2013-04-12 In considering medieval illustrated Buddhist manuscripts as sacred objects of cultic innovation, *Receptacle of the Sacred* explores how and why the South Asian Buddhist book-cult has survived for almost two millennia to the present. A book "manuscript" should be understood as a form of sacred space: a temple in microcosm, not only imbued with divine presence but also layered with the memories of many generations of users. Jinah Kim argues that illustrating a manuscript with Buddhist imagery not only empowered it as a three-dimensional sacred object, but also made it a suitable tool for the spiritual transformation of medieval Indian practitioners. Through a detailed historical analysis of Sanskrit colophons on patronage, production, and use of illustrated manuscripts, she suggests that while Buddhism's disappearance in eastern India was a slow and gradual process, the Buddhist book-cult played an important role in sustaining its identity. In addition, by examining the physical traces left by later Nepalese users and the contemporary ritual use of the book in Nepal, Kim shows how human agency

was critical in perpetuating and intensifying the potency of a manuscript as a sacred object throughout time.

These articles are distributed among eight major rubrics: two on history and biography, six on canonical and quasi-canonical texts, four on philosophical literature, four on literature on the paths, four on ritual, four on literary arts, four on non-literary arts and sciences, and two on guidebooks and reference works.

Buddhism without Beliefs Stephen Batchelor. 1998-03-01 A national bestseller and acclaimed guide to Buddhism for beginners and practitioners alike. In this simple but important volume, Stephen Batchelor reminds us that the Buddha was not a mystic who claimed privileged, esoteric knowledge of the universe, but a man who challenged us to understand the nature of anguish, let go of its origins, and bring into being a way of life that is available to us all. The concepts and practices of Buddhism, says Batchelor, are not something to believe in but something to do—and as he explains clearly and compellingly, it is a practice that we can engage in, regardless of our background or beliefs, as we live every day on the path to spiritual enlightenment.

White Lotus Jamgon Mipham.2015-09-01 The commentary translated in these pages is unusual and rare. But if the commentary is a rarity, its subject matter—the seven-line invocation of Padmasambhava—is one of the best-known prayers in the Tibetan Buddhist world. The overall significance of the Seven-Line Prayer is perhaps best appreciated in relation to a practice called guru-yoga, or union with the nature of the guru. The purpose of guru-yoga is to purify and deepen the student's relationship with his or her teacher. It is introduced as one of the preliminary practices, and it remains crucial—in fact, its importance increases—as one progresses through the more advanced levels of the tantric path. The cultivation of devotion to the guru and the blending of one's mind with his or her enlightened mind is, in the words of Dilgo Khyentse Rinpoche, the most vital and necessary of all practices and is in itself the surest and fastest way to reach the goal of enlightenment. Regarding the origin of this commentary, Mipham refers in the colophon to an event that triggered the abrupt appearance in his mind of the hidden meaning of the prayer. It is interesting to note that the language Mipham uses suggests that the commentary itself is not an ordinary composition but perhaps a treasure teaching, specifically a mind-treasure or gongter.
