Die umfangreiche Praxis des Bundesgerichts ist auf ihrem aktuellen Stand eingearbeitet und wird kritisch analysiert. Eigene Positionen sind ebenfalls einer kritischen Würdigung unterzogen und, wo nötig, revidiert worden. Das Werk enthält weiter Hinweise auf ausgewählte Publikationen. Ein Gesetzes- und ein ausführliches Sachregister erleichtern die Benutzung der Neuauflage.

Books Pics is a cool site that allows you to download fresh books and magazines for free. It features a wide variety of books and magazines every day for your daily fodder, so get to it now! Overdrive is the cleanest, fastest, and most legal way to access millions of ebooks—not just ones in the public domain, but even recently released mainstream titles. There is one hitch though: you'll need a valid and active public library card. Overdrive works with over 30,000 public libraries in over 40 different countries worldwide. While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers. You can search Google Books for any book or topic. In this case, let's go with "Alice in Wonderland" since it's a well-known book, and there's probably a free eBook or two for this title. The original work is in the public domain, so most of the variations are just with formatting and the number of illustrations included in the work. However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title. If your library doesn't have a subscription to OverDrive or you're looking for some more free Kindle books, then Book Lending is a similar service where you can borrow and lend books for your Kindle without going through a library. Free ebooks are available on every different subject you can think of in both fiction and non-fiction. There are free ebooks available for adults and kids, and even those tween and teenage readers. If you love to read but hate spending money on books, then this is just what you're looking for. Better to search instead for a particular book title, author, or synopsis. The Advanced Search lets you narrow the results by language and file extension (e.g. PDF, EPUB, MOBI, DOC, etc). Similar to PDF Books World, Feedbooks allows those that sign up for an account to download a multitude of free e-books that have become accessible via public domain, and therefore cost you nothing to access. Just make sure that when you're on Feedbooks' site you head to the "Public Domain" tab to avoid its collection of "premium" books only available for purchase.
