Imagine Heaven John Burke. 2015-10-13 It's obvious from the bookshelves and the big screen that heaven is on everyone's mind. All of us long to know what life after death will be like. Bestselling author John Burke is no exception. For decades, he has been studying accounts of people who have had near-death experiences (NDEs). While not every detail of individual NDEs correlate with Scripture, Burke shows how the common experiences shared by thousands of survivors clearly point to the God of the Bible and the exhilarating picture of heaven he promises. *Imagine Heaven* is an inspirational journey through the Bible's picture of heaven, colored in with the real-life stories of heaven's wonders. Burke compares gripping stories of NDEs to what Scripture says about our biggest questions of heaven: Will I be myself? Will I see friends and loved ones? What will it look like? What is God like? What will we do forever? What about children and pets? This book will propel readers into an experience that will forever change their view of the life to come and the way they live life today. It also tackles the tough questions of heavenly reward and hellish NDEs. Anyone interested in NDEs or longing to imagine heaven more clearly will enjoy this fascinating and hope-filled book.

Next Level Thinking Joel Osteen.2019-12-12 Joel Osteen, number one best-selling author and pastor of Lakewood Church, invites you to set aside the shortcomings of the past and step into a new level of victory and favor. Many of us have let our minds become conditioned to thinking we've reached our limits; we've made too many mistakes; we'll never do anything great. What's happened? Instead of moving forward, we've adapted to our environment. Instead of pushing beyond our bounds, we've allowed a bad break, how we were raised, living with insecurity, or what someone did or didn't do to hold us back. The good news is that people don't determine our destiny - God does. And he has already taken into account every detail of our lives and factored them all into his plan. In his new book, Next Level Thinking, Joel Osteen teaches us that we weren't created to go through life weighed down by the past. God has destined us to rise higher - to the next level. When we leave behind the negative mind sets, the scarcity mentality, and the limits others have put on us, we'll experience the life of victory, favor, and abundance that was meant for us all along.

Only You Can Be You Erik Rees.2009-07-07 Based on the psychological tenet that it takes twenty-one days for a new behavior to become a habit, Erik Rees presents twenty-one daily principles for reminding readers of their individual importance. "Make your life count." These four simple words spoken at the funeral of a four-month-old child haunted the author, hitting him like a ton of bricks and causing him to wonder if he was making his own life count. Contemplating what kind of legacy he would leave, he wondered if there was anything about the present course his life was taking that would make a difference to anyone in the years to come. Furthermore, it hit him that these are the same thoughts most men and women ponder. This challenged him to write this book focusing on principles that would help people's lives make an impact. By the time many people reach adulthood, they carry so much baggage that the weight of it distracts them from maximizing life and leaves them feeling insignificant for not doing much beyond surviving. The book suggests that there are three great choices that affect every aspect of our lives. These "life choices" relate to who we surrender our life to, how we steward our unique gifts, and the choices we make to help others. Learning to make the best choices in these three areas will influence every aspect of life, and will resolve the "why am I here" questions. Only You Can Be You does not offer simplistic choices, which are quickly dismissed because they do not deal with reality, but instead it shows that sometimes life's decisions require deep courage and strength. The book strongly affirms that you can make the right choices and that when you do, you will ultimately find significance. The message of the author is that by making the best possible life choices, readers will not only find genuine happiness and purpose, but they will also leave a legacy that really makes a difference.

The 48 Laws of Power Robert Greene.2000-09-01 Amoral, cunning, ruthless, and instructive, this

multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.
