**Sherlock Holmes: The Boscombe Valley Mystery** Sir Arthur Conan Doyle. We were seated at breakfast one morning, my wife and I, when the maid brought in a telegram. It was from Sherlock Holmes and ran in this way: "Have you a couple of days to spare? Have just been wired for from the west of England in connection with Boscombe Valley tragedy. Shall be glad if you will come with me. Air and scenery perfect. Leave Paddington by the 11:15." "What do you say, dear?" said my wife, looking across at me. "Will you go?" "I really don't know what to say. I have a fairly long list at present." "Oh, Anstruther would do your work for you. You have been looking a little pale lately. I think that the change would do you good, and you are always so interested in Mr. Sherlock Holmes' cases." "I should be ungrateful if I were not, seeing what I gained through one of them," I answered. "But if I am to go, I must pack at once, for I have only half an hour." My experience of camp life in Afghanistan had at least had the effect of making me a prompt and ready traveller. My wants were few and simple, so that in less than the time stated I was in a cab with my valise, rattling away to Paddington Station. Sherlock Holmes was pacing up and down the platform, his tall, gaunt figure made even gaunter and taller by his long grey travelling-cloak and close-fitting cloth cap. "It is really very good of you to come, Watson," said he. "It makes a considerable difference to me, having someone with me on whom I can thoroughly rely. Local aid is always either worthless or else biassed. If you will keep the two corner seats I shall get the tickets." We had the carriage to ourselves save for an immense litter of papers which Holmes had brought with him. Among these he rummaged and read, with intervals of note-taking and of meditation, until we were past Reading. Then he suddenly rolled them all into a gigantic ball and tossed them up onto the rack.

*The Boscombe Valley Mystery* Andrew Delaplaine.2012-04-01 Sherlock Holmes IV is a direct descendant of the famed detective whose daring exploits were so vividly chronicled by Dr. John Watson and related to us by Arthur Conan Doyle. This new Sherlock Holmes owns a small hotel on Miami's South Beach, and is just as renowned in the present day as his ancestor was in his. In "The Boscombe Valley Mystery," Sherlock Holmes and Watson are called to a remote area of Florida overlooking Lake Okeechobee to investigate a murder where all the evidence points to the victim's son as the killer. Holmes, however, is not so sure. "Imagine Sherlock Holmes—or rather, his great-great-great-grandson—living on South Beach and solving crimes and mysteries with the same aplomb as his famous forebear and you'll get the picture of what's going on here..." --Bartholomew Fox, author of "Deadlock""Witty and clever, with a whole new cast of characters to support this new Holmes and this new Watson. They live in a small boutique hotel on Lincoln Road called Fleming House (named after Sherlock the IV's love for James Bond author Ian Fleming). Holmes paces about in the penthouse while Watson (yes, he's a direct descendant of Dr. Watson) manages Fleming House. The cast of supporting characters, from the unseen tempestuous Chef Hilario to the gay manager of the Crown Colony restaurant in the hotel, Bjorn Karlsen, who has to put up with the chef, are refreshing and contemporary."--Renee Rodgers, author of "A Tuned Body""You'll like not only this new Sherlock Holmes, but the hip new world he finds himself living in...South Beach. Lady Gaga even makes an appearance in 'The Red-haired Man!'"--Sophie Charpentier, author of "Country Club Tennis Rules"

*The Boscombe Valley Mystery* Arthur Conan Doyle.2018-06-26 First appearing in print in 1887 (in A Study in Scarlet), the character's popularity became widespread with the first series of short stories in The Strand Magazine, beginning with A Scandal in Bohemia in 1891; additional tales appeared from then until 1927, eventually totalling four novels and 56 short stories. All but one are set in the Victorian or Edwardian eras, between about 1880 and 1914. Most are narrated by the character of Holmes's friend and biographer Dr. Watson, who usually accompanies Holmes during his investigations and often shares quarters with him at the address of 221B Baker Street, London, where many of the stories begin. Though not the first fictional detective, Sherlock Holmes is arguably the best known, with Guinness World Records listing him as the most portrayed movie character in history. Holmes's popularity and fame are such that many have believed him to be not a fictional character but a real individual; numerous literary and fan societies have been founded that pretend to operate on this principle. Widely considered a British cultural icon, the character and

stories have had a profound and lasting effect on mystery writing and popular culture as a whole, with the original tales as well as thousands written by authors other than Conan Doyle being adapted into stage and radio plays, television, films, video games, and other media for over one hundred years.
