**Zimbabwe's Cinematic Arts** Katrina Daly Thompson.2012-12-13 “A nuanced and convincing approach to evaluating the role of media in shaping African identities.” —James Burns, Clemson University This timely book reflects on discourses of identity that pervade local talk and texts in Zimbabwe, a nation beset by political and economic crisis. Exploring questions of culture that play out in broadly accessible local and foreign film and television, Katrina Daly Thompson shows how viewers interpret these media and how they impact everyday life, language use, and thinking about community. Thompson offers a unique understanding of how media reflect and contribute to Zimbabwean culture, language, and ethnicity. “Katrina Daly Thompson has made a fine contribution to scholarship on African cinema . . . This is a book that will enrich discussions of African film and media studies for years to come.” —African Studies Review “Thompson analyzes identity discourses through cinematic arts?films, documentaries, television programs, videos?consumed (whether or not produced) in Zimbabwe . . . . Beside bringing issues of race, financing, ethnicity, and language to the discussion, she also considers the 2001 Broadcasting Services Act, which was meant to liberalize the field and stem Western influence . . . Recommended.” —Choice “Katrina Daly Thompson’s study of Zimbabwean film and television presents a valuable addition to the ever-expanding corpus of analytical and historical studies on African film and media.” —Africa “Most compelling in Thompson’s study is her close attention to uses of language and culture, which she argues contest state-defined and state-controlled meaning in broadcast media. Recognizing culture as a socially negotiated process, the book uses critical discourse analysis to interrogate power structures and flows.” ?African Arts

**Beyond Concordance Lines** Pascual Pérez-Paredes,Geraldine Mark.2021-12-15 In over 30 years of data-driven learning (DDL) research, there has been a growing sophistication in the ways we collect, analyse, and put corpus data to use. This volume takes a three-fold perspective on DDL. It first looks at DDL and its role in informing language learning theory and how it might shed light on the language development process; secondly it addresses how DDL can help us characterise learner language and inform teaching accordingly, and thirdly it showcases practical applications for the use of DDL in classrooms. The contributors to this volume examine a variety of instructional settings and languages across the world. They reflect on theoretical, methodological and classroom implications using both novel and established language learning theories, natural language processing (NLP), longitudinal research designs, and a variety of language learning targets. The present volume is an invitation from some of the leading researchers in DDL to reflect on the research avenues that will define the field in the coming years.

**Zimbabwe in the Post-COVID-19 Era** Esther Mavengano,Tobias Marevesa,Ernest Jakaza.2023-07-14 This comprehensive book brings together reflections, lessons and insights relating to the post Covid-19 era in Zimbabwe. The outbreak of the COVID-19 pandemic has immensely affected all facets of humanity globally. Its impact on Zimbabwe is evident through its effect on socio-economic and education systems, politics, religion, infrastructural development, and health delivery systems. This book provides scholarly introspections into the lessons drawn from the pandemic in an effort to re-imagine the future possibilities of public health in Zimbabwe and beyond. Providing a platform for research that seeks to re-think global public health matters from a Decolonial school of thought, the book asks questions such as: What is the role of religion, linguistics, communication, education, economics, politics, and science in preparing Zimbabwe for possible future pandemics? How can the lessons drawn from the pandemic inform scholars to re-imagine the future trajectories of the country in the various domains? How can researchers evaluate the power and economic dialectics of COVID-19, navigate the tumultuous challenges generated, and come up with appropriate systems for future pandemics? Offering a realistic picture of the post COVID-19 era in Zimbabwe, the book will be a key resource to students and researchers across the fields of political communication, science communication, decolonial discourse, language and culture, as well as African Studies more broadly.

**A Safari Guide's Tales from Zimbabwe** Gavin Ford.2015-05-15 This book is an illustrated collection of short stories and memories of a Zimbabwean Professional Guide who loves what he does! All of the stories are factual accounts, that happened to me, except the one about Alistair Hull, a close colleague. These stories were about incidents that happened to me during the early years of eco-tourism in Zimbabwe, prior to 2000. All of the photographs (except where indicated) were collected by myself at different times during this period, and I have attempted to present them in a sequence similar to the stories.

**From Testing to Assessment** Clifford Hill, Kate Parry.2014-09-19 From Testing to Assessment: English as an International Language provides a critical review of conventional and alternative approaches to the assessment of English literacy skills in various parts of the world. It presents empirical studies conducted in three major settings: in countries such as Japan and Brazil where English functions as the language of international commerce; in multilingual countries such as Nigeria and Zimbabwe where English is the national language of education and government; and in such countries as Canada, the United Kingdom and the United States where English is the dominant language. The book opens with a discussion of language assessment in relation to debates about the nature of literacy; it concludes with a discussion of policy implications, which is grounded in literacy theory as well as in practical constraints such as available human and material resources.

Membering the Rhodesian Linguistic Agenda in Zimbabwe Isaac Mhute.2023-07-28 Membering the Rhodesian Linguistic Agenda in Zimbabwe reports on a study carried out in Zimbabwe to ascertain the degree and effect of honouring the colonial linguistic agenda. The book employs an interpretivist philosophy and qualitative research approach that relies on participatory observations, interviewing purposively sampled informants and focus group discussions involving snowball sampled graduates. It was inspired by the Critical Language Policy Theory that considers language choice a critical determinant factor in how communities are administered politically, economically, socioculturally and educationally. It establishes that whereas linguistic imperialism meant to serve as the lifeblood of the Southern Rhodesian colonial machine, the former coloniser ensured coloniality in Zimbabwe by presenting the English language as a sacred media in political, economic, sociocultural and educational settings forever. The study establishes that the only way Zimbabwe and other such post-colonies could find redemption is by eradicating the sacredness of former colonisers' languages by adding value to all their languages and the indigenous knowledge systems associated with them. It also demonstrates that the bigger the delay, the more is irretrievably lost together with custodians of the languages. This book will be informative for undergraduates, postgraduates and researchers in linguistics, communication, sociology, anthropology and history. It may also serve well as a resource to government researchers, politicians and other policymakers.

**Journalism 1908** Betty Houchin Winfield.2008-09-03 The year 1908 was not remarkable by most accounts, but it was an auspicious year for journalism. As newspapers sought to recover from big-city yellow journalism and circulation wars that reached their boiling point a few years earlier during the Spanish-American War, press clubs began to champion higher education. And schools dedicated to journalism education, led by the University of Missouri, began to emerge. Now sanctioned by universities, journalism could teach acceptable behavior and establish credentials. It was nothing less than the birth of a profession. Journalism—1908 opens a window on mass communication a century ago. It tells how the news media in the United States were fundamentally changed by the creation of academic departments and schools of journalism, by the founding of the National Press Club, and by exciting advances that included early newsreels, the introduction of halftones to print, and even changes in newspaper design. Journalism educator Betty Houchin Winfield has gathered a team of well-known media scholars, all specialists in particular areas of journalism history, to examine the status of their profession in 1908: news organizations, business practices, media law, advertising, forms of coverage from sports to arts, and more. Various facets of

journalism are explored and situated within the country's history and the movement toward reform and professionalism—not only formalized standards and ethics but also labor issues concerning pay, hours, and job differentiation that came with the emergence of new technologies. This overview of a watershed year is national in scope, examining early journalism education programs not only at Missouri but also at such schools as Colgate, Washington and Lee, Wisconsin, and Columbia. It also reviews the status of women in the profession and looks beyond big-city papers to Progressive Era magazines, the immigrant press, and African American publications. Journalism—1908 commemorates a century of progress in the media and, given the place of Missouri's School of Journalism in that history, is an appropriate celebration of that school's centennial. It is a lode of information about journalism education history that will surprise even many of those in the field and marks a seminal year with lasting significance for the profession.

**African Language Media** Abiodun Salawu.2020-11-16 This edited volume considers why the African language press is unstable and what can be done to develop quality African language journalism into a sustainable business. Providing an overview of the African language journalism landscape, this book examines the challenges of operating sustainable African language media businesses. The chapters explore the political economy and management of African language media and consider case studies of the successes and failures of African language newspapers, as well as the challenges of developing quality journalism. Covering print and digital newspapers and broadcast journalism, this book will be of interest to scholars of media and journalism in Africa.

You can search for free Kindle books at Free-eBooks.net by browsing through fiction and non-fiction categories or by viewing a list of the best books they offer. You'll need to be a member of Free-eBooks.net to download the books, but membership is free. Project Gutenberg (named after the printing press that democratized knowledge) is a huge archive of over 53,000 books in EPUB, Kindle, plain text, and HTML. You can download them directly, or have them sent to your preferred cloud storage service (Dropbox, Google Drive, or Microsoft OneDrive).

**FULL-SERVICE BOOK DISTRIBUTION.** Helping publishers grow their business. through partnership, trust, and collaboration. **Book Sales & Distribution.** The Kindle Owners' Lending Library has hundreds of thousands of free Kindle books available directly from Amazon. This is a lending process, so you'll only be able to borrow the book, not keep it. Much of its collection was seeded by Project Gutenberg back in the mid-2000s, but has since taken on an identity of its own with the addition of thousands of self-published works that have been made available at no charge. Think of this: When you have titles that you would like to display at one of the conferences we cover or have an author nipping at your heels, but you simply cannot justify the cost of purchasing your own booth, give us a call. We can be the solution. Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars). Finding the Free Ebooks. Another easy way to get Free Google eBooks is to just go to the Google Play store and browse. Top Free in Books is a browsing category that lists this week's most popular free downloads. This includes public

domain books and promotional books that legal copyright holders wanted to give away for free. If you want to stick to PDFs only, then you'll want to check out PDFBooksWorld. While the collection is small at only a few thousand titles, they're all free and guaranteed to be PDF-optimized. Most of them are literary classics, like *The Great Gatsby*, *A Tale of Two Cities*, *Crime and Punishment*, etc.
