*The Boys T01* Garth Ennis, Darick Robertson. 2021-04-14 Quand le cynique Garth Ennis (Punisher, Crossed) rencontre le talentueux Darick Robertson (Wolverine), cela donne The Boys, une série complètement déjantée et politiquement très incorrecte. Dans cette satire acide et violente des surhumains en collant, vous assisterez aux (mé)aventures des P'tits Gars de la CIA, chargés de neutraliser les supers-héros qui se croient au-dessus des lois. Ce premier volume de la nouvelle édition présente les épisodes The Boys 1 à 14, un carnet de croquis et de nombreux autres bonus.

**The Boys Omnibus Vol 3** Garth Ennis. 2019-07-31 Dynamite's new compilation of Garth Ennis and Darick Robertson's hit series The Boys continues with Volume 3, which includes both of the original volumes 5 & 6. An evil so profound it threatens all mankind! The mightiest heroes on the planet uniting to defend us all! A secret crisis of such utter finality that a countdown to civil or infinite war seems unavoidable! But have you ever wondered what really happens during Crossovers? The Seven, Payback, Teenage Kix, Fantastico, and every other superhero on Earth team up for an annual event like no other - and where the superheroes go, can a certain five complications and a dog be far behind? But as the fun and games begin, it seems our heroes have set their sights on bigger game than usual. You can only maim and murder so many superheroes before someone decides to do something about it, and in The Boys' case that means Payback - a superteam of unimaginable power, second only to the mighty Seven. Pulping teenage supes is one thing, but how will our

heroes fare against Soldier Boy, Mind-Droid, Swatto, the Crimson Countess, and the Nazi juggernaut known as Stormfront? Blood flies and bones shatter, as Butcher and company meet fire with fire.

Epigraphical Approaches to the Post-Classical Polis Paraskevi Martzavou, Nikolaos Papazarkadas. 2012-12-13 This volume richly illustrates the multiple ways in which epigraphy enables historical analysis of the postclassical polis (city-state) across a world of geographically dispersed poleis: from the Black Sea and Asia Minor to Sicily via the Aegean and mainland Greece. The collection of 16 papers looks at themes such as the modes of interaction between polis and ruling powers, the construction of ethnic and social identity, interstate and civil conflict and its resolution, social economics, institutional processes and privileges, polis representations, ethics, and, not least, religious phenomena. The contributions range from 'hard epigraphy' to sophisticated conceptual studies of aspects of the postclassical polis, and approach the inscriptions both as textual objects and as artefacts. The aim of this volume is to identify the postclassical polis both as a reality and as a constructed concept, not only a monolithic block, but a result of tension in the exercise of different kinds of powers. All the individual contributions of this collective volume show that the postclassical polis, both as a reality and as a representation, is the result of negotiations, ancient and modern; but they also illustrate how much of our understanding of the polis is built on patient, painstaking work on the inscriptions.

why the traditional psychological understanding of bullying fails those affected, and deconstructs how bullying is shaped by prominent discourse. By drawing on poststructuralist feminist theory Victoria Rawlings highlights the social and cultural inequalities too often forgotten in analysis of aggressive behaviour in schools, and places particular emphasis on gender and sexuality as facilitating and constraining forces within school environments and bullying discourses. This book provides a necessary assessment as to why current anti-bullying approaches are failing, and offers an alternative explanation as to how and why bullying occurs. This is a timely and authoritative study which is based on qualitative research, including interviews and group sessions which are used to emphasize the real-life experiences of young people in schools today. Interdisciplinary in nature, this book has a broad appeal and will be of special interest to scholars in the fields of gender and sexuality studies, sociology, and education.
