Oekraïne en Georgië Dolf de Vries.2011-03-30 Met hun campertje, maar ook logerend in pensions en bij de lokale bevolking thuis, reist schrijver en acteur (Soldaat van Oranje, Zwartboek) Dolf de Vries met zijn vrouw Lout door Oekraïne en Georgië. Welcome, me no English, zegt Ira. Hoewel de auteur zinnen van deze strekking steeds tegenkomt, blijkt het taalprobleem voor mensenmens Dolf de Vries geen belemmering om inzicht te krijgen in het leven in deze twee nieuwe landen. Dolf verhaalt over de indrukwekkende natuur, de prachtige iconen, de veerkracht en toekomstvisie van de bevolking, hun warme gastvrijheid en hunkering naar het Westen, maar ook over trieste musea met vergane glorie en routineverhaaltjes afstekende gidsen, bouwputten, afval in de berm, en bijna onmogelijk te berijden wegen. Het boek is een feest voor wie deze landen wil bezoeken, wie er al eens is geweest en wie gewoon thuis iets te weten wil komen over deze twee voormalige Sovjetrepublieken. First lady van Georgië Sandra Roelofs: De verhalen van Dolf de Vries over de Georgiërs geven uitstekend weer hoe zij zijn: vol levensvreugde, liefde voor het land, gastvrijheid, passie en creativiteit. En alles gebeurt onder het genot van heerlijke schotels en een goed glas wijn, want samen tafelen staat centraal in de Georgische cultuur en het leven van alledag.

Duurzaam leiderschap David Ducheyne.2016-07-12 Duurzaam leiderschap is een must have om vandaag succesvol te leiden Succesvolle leiders baseren hun leiderschap op hun persoonlijke stijl. Ze blijven trouw aan zichzelf en zoeken een context waarin hun persoonlijkheid een deel van de oplossing kan zijn. Dit boek geeft je de ingrediënten om op een duurzame manier te leiden in een steeds veranderende wereld. Het recept? Dat maak je beter zelf. Want leiderschap leer je niet in een klaslokaal of uit een boek. Leiderschap ontwikkelt zich in de tijd: door te leren uit de situaties waarmee je geconfronteerd wordt. En uit de fouten die je maakt. Duurzaam leiderschap helpt je nadenken over je leiderschapsstijl. Het biedt talloze inzichten, verfrissende ideeën en inspirerende voorbeelden. Kies de elementen die jou aanspreken en doe zo je eigen leiderschapsstijl evolueren. Duurzaam leiderschap biedt het antwoord op de vraag: Hoe kunnen we in de huidige maatschappij duurzaam ondernemen? EXTRACTEN Wat zouden je laatste woorden zijn op je sterfbed? Waarschijnlijk zal je willen zeggen dat je een goed leven hebt gehad. We willen terugkijken en kunnen zeggen dat we het goed hebben gedaan. Maar wat is dat, een goed leven? Voor wie was het goed? Ieder mens moet meanderen rond de obstakels die het leven brengt. Sommigen slagen erin om de problemen die ze tegenkomen op te lossen, anderen niet. Sommigen nemen meer verantwoordelijkheid op dan anderen. Sommigen benutten ten volle hun talenten, terwijl anderen dat niet doen. Er is hier geen enkel oordeel. We doen wat we doen. We zijn wie we zijn. OVER DAVID DUCHEYNE David Ducheyne schreef dit boek voor leiders die op zoek zijn naar inspiratie om hun leiderschap vorm te geven. Het is ook een intentie om het zelf beter te willen doen. Als arbeids- en organisatiepsycholoog heeft David gedurende meer dan twee decennia ervaring opgebouwd in het leiden en begeleiden van leidinggevendenden bij Alcatel, de Ugent, Henkel, Case New Holland en Securex. Hij is ook key note speaker en een gretige blogger.

How Welfare States Care Monique Kremer.2007 Though women's employment patterns in Europe have been changing drastically over several decades, the repercussions of this social revolution are just beginning to garner serious attention. Many scholars have presumed that diversity and change in women's employment is based on the structures of welfare states and women's responses to economic incentives and disincentives to join the workforce; How Welfare States Care provides in-depth analysis of women's employment and childcare patterns, taxation, social security, and maternity leave provisions in order to show this logic does not hold. Combining economic, sociological, and psychological insights, Kremer demonstrates that care is embedded in welfare states and that European women are motivated by culturally and morally-shaped ideals of care that are embedded in welfare states—and less by economic reality.

Economics and the Business Environment A. J. Marijs, W. Hulleman.2019-11-11 Economics and the Business Environment is directed at students who will be taking up managerial positions in trade and industry or in government. The economic environment of European companies is central to the book giving students a good impression of recent developments within the European economy. The theories described enable students to: calculate how much competition firms within a particular business sector are exposed to analyze the current economic position of a particular country and make exchange rate prognoses gauge the effect of the economic environment on business sales and profits. Complicated analyses and mathematical models have been avoided as much as possible. Political History of Belgium Els Witte, Jan Craeybeckx, Alain Meynen.2009 The political history of Belgium is a fascinating story that should not be kept from speakers of English in Belgium and abroad. From an international point of view, Belgium has been a trendsetter in many ways. It was the first country on the European continent to experience a quick process of industrialisation, with the development of the first liberal state following closely behind. More than elsewhere, liberalism reigned supreme in the 19th century, and as a result the social question was raised with great vehemence. The World Wars put Belgium in the middle of the fighting twice over; especially after 1945, the country played a prominent international role, first in the foundation of the Atlantic alliance and the European construction, and later in the decolonisation of the Congo. In the meantime, Belgium has developed into one of the countries experiencing the full force of globalisation, and, thanks to Brussels, into one of the preeminent international political centres. Belgium is also a model of pacification democracy. Throughout many conflicts during the 19th and 20th centuries, an enduring compromise grew between Catholics and freethinkers, making Belgium one of the most pluralistic countries in Europe today. The fierce conflict between workers and employers, in its turn, led to a well-functioning model of a consultation and welfare state. Two cultures live together in Belgium. Up until the second half of the past century, the Flemish majority was at an economic, political and cultural disadvantage; during the process of catching up, coinciding with the demise of the Walloon economy, a complex federal model developed, in which cosmopolitan Brussels takes a very special position. This book aims to offer a historical perspective in interpreting the current tensions in Belgian politics based on scientific literature. Political History of Belgium is without doubt the outstanding authoritative reference work about the political history of a country at the centre of the development of Europe. As such, it offers essential background information for politicians, policy makers, civil servants, journalists, researchers, students and anyone with an interest in Belgium and Europe.
