Georgian Jewellery 1714-1830 Ginny Redington Dawes, Olivia Collings. 2018 Georgian Jewellery is a celebration of the style and excellence of the eighteenth century, and of the ingenuity that produced such a wealth of fabulous jewellery. Heavy academic tomes have already been written about the period, but this book examines it in a more colourful and accessible way. The book aims to show that Georgian jewellery is not only the stuff of museums and safe boxes, but that it can be worn as elegantly and fashionably today as it was 200 years ago. Much disparate information about the jewellery has been gathered together and the period is brought alive by portraits and character sketches of famous Georgians in their finery, fashion tips, gossip, and some rather outrageous cartoons of the time, as well as fascinating recently discovered facts. With information on how to identify, buy and repair pieces, this sumptuously illustrated volume contains the largest single catalogue of 18th Century jewellery. AUTHORS: Ginny Redington Dawes, a life-long collector of antique jewellery, has written two previous books on the subject - The Bakelite Jewellery Book and Victorian Jewellery. Staff writer for MGM Screen Gems Music, she is also a successful composer; she wrote the book, music and lyrics for the off-Broadway show *The Talk of the Town* and has won a CLEO award for music for advertising. Olivia Collings became fascinated by the seventeenth century alchemist and jeweller Christopher Pinchbeck at an early age and bought her first piece of antique jewellery aged seven. She trained in an exclusive Bond Street antique jewellery shop before starting her own business in 1975 and has continued learning about and dealing in Georgian jewellery ever since. She is now an independent jewellery consultant. SELLING POINTS: * A thoroughly researched look at the jewellery of the time, offering good basic knowledge for the beginner and new facts for the expert * New and/or little-known facts about the techniques, styles and materials of the age * The only book solely on the Georgian period, and the largest ever catalogue of the diverse range of eighteenth century jewellery * Interesting portraits of characters of the period and their influence on the jewels of the time, with some contemporary gossip, outrageous cartoons and period fashion tips * Emphasis on jewellery that has been on the open market in recent years, rather than just unobtainable museum pieces 295 colour, 7 b/w images

Truth, Lies, and O-Rings Allan J. McDonald.2012-03-11 On a cold January morning in 1986, NASA launched the Space Shuttle Challenger, despite warnings against doing so by many individuals, including Allan McDonald. The fiery destruction of Challenger on live television moments after launch remains an indelible image in the nation's collective memory. In *Truth, Lies, and O-Rings*, McDonald, a skilled engineer and executive, relives the tragedy from where he stood at Launch Control Center. As he fought to draw attention to the real reasons behind the disaster, he was the only one targeted for retribution by both NASA and his employer, Morton Thiokol, Inc., makers of the shuttle's solid rocket boosters. In this whistle-blowing yet rigorous and fair-minded book, McDonald, with the assistance of internationally distinguished aerospace historian James R. Hansen, addresses all of the factors that led to the accident, some of which were never included in NASA's Failure Team report submitted to the Presidential Commission. *Truth, Lies, and O-Rings* is the first look at the Challenger tragedy and its aftermath from someone who was on the inside, recognized the potential disaster, and tried to prevent it. It also addresses the early warnings of very severe debris issues from the first two post-Challenger flights, which ultimately resulted in the loss of Columbia some fifteen years later.

The Book Of Five Rings Miyamoto Musashi.2023-04-07 NA

The American Roman Noir William Marling.1998-10-01 In *The American Roman Noir*, William Marling reads classic hard-boiled fiction and film in the contexts of narrative theories and American social and cultural history. His search for the origins of the dark narratives that emerged during the 1920s and 1930s leads to a sweeping critique of Jazz-Age and Depression-era culture. Integrating economic history, biography, consumer product design, narrative analysis, and film scholarship, Marling makes new connections between events of the 1920s and 1930s and the modes, styles, and genres of their representation. At the center of Marling's approach is the concept of prodigality: how narrative represents having, and having had, too much. Never before in the country, he argues, did wealth impinge on the national conscience as in the 1920s, and never was such conscience so sharply rebuked as in the 1930s. What, asks Marling, were the paradigms that explained accumulation and windfall, waste and failure? Marling first establishes a theoretical and historical context for the notion of prodigality. Among the topics he discusses are such watershed events as the trial of Sacco and Vanzetti and the premiere of the first sound movie, *The Jazz Singer*; technology's alteration of Americans' perceptive and figurative habits; and the shift from synecdochical to metonymical values entailed by a consumer society. Marling then considers six noir classics, relating them to their authors' own lives and to the milieu of prodigality that produced them and which they sought to explain: Dashiell Hammett's *Red Harvest* and *The Maltese Falcon*, James M. Cain's *The Postman Always Rings Twice* and *Double Indemnity*, and Raymond Chandler's *The Big Sleep* and *Farewell My Lovely*. Reading these narratives first as novels, then as films, Marling shows how they employed the prodigality fabula's variations and ancillary value systems to help Americans adapt—for better or worse—to a society driven by economic and technological forces beyond their control.
