David Hockney Christopher Simon Sykes.2014-11-11 In this fascinating and entertaining second volume, Christopher Simon Sykes explores the life and work of Britain's most popular living artist. David Hockney is one of the most influential and best-loved artists of the twentieth century. His career has spanned and epitomized the art movements of the past five decades. Picking up Hockney's story in 1975, this book finds him flitting between Notting Hill and California, where he took inspiration for the swimming pool series of paintings; creating acclaimed set designs for operas around the world; and embracing emerging technologies—the Polaroid camera and fax machine in the seventies and eighties and, most recently, the iPad. Hockney's boundless energy extends to his personal life too, and this volume illuminates the glamorous circles he moves in, as well as his sometimes turbulent relationships. Christopher Simon Sykes has been granted exclusive and unprecedented access to Hockney's paintings, notebooks, and diaries, and a great number of them are reproduced here. Featuring interviews with family, friends, and Hockney himself, this is a lively and revelatory account of an acclaimed artist and an extraordinary man.

Nairi Lands Guido Guarducci.2019-12-19 This study analyses the social and symbolic value of the material culture, in particular the pottery production and the architecture, and the social structure of the local communities of a broad area encompassing Eastern Anatolia, the South Caucasus and North-western Iran during the last phase of the Late Bronze Age and the Early Iron Age. This broad area is known from the Assyrian texts as 'Nairi lands'. The second part of the study, furnishes a reassessment of pottery production characteristics and theories, as well as of the socio-economic structure and issues, tied to the sedentary and mobile local communities of the Nairi lands. The study brings into focus the characteristics, the extension and the distribution of Grooved pottery, along with other pottery typologies, by providing an accompanying online catalogue with detailed descriptions and high-resolution images of the pots and sherds obtained from public and private institutions in Turkey and Armenia. Moreover, the socio-political organisation and subsistence economy issues are addressed in order to advance a possible reconstruction of the social structure of the Nairi lands communities. Particular attention is devoted to the pastoral nomad component and the role played within the Nairi phenomenon. The study includes a very large corpus of text images and high-resolution color images of the pottery of the area under examination, gathered by the author in order to offer a reliable tool and compendium.

Architectural Drafting: Residential and Commercial Thomas L. Obermeyer.1993-01-25 This unique text, which focuses on architectural drafting skills, presents information based on current drafting standards and trend in the architectural industry. A very graphically organized text, it will appeal to both students and instructors. The hand-lettered text and illustrations are easy to read and relate well to the details. Step-by-step procedures are given for laying out and drafting working drawings. This text instructs students to prepare sets of drawings in light commercial and residential construction. Basic drafting procedures, project assembly techniques, computer-aided drafting, building materials, problem solving, site plans, floor plans, and schedules are among the up-to-date topics covered. Cut-out models assist students in visualizing buildings in three dimensions. Working drawings are organized in the text so that students can see the complete picture. The models and working drawings include a college library, a fire station, and a skyway house. The text contains numerous end-of-chapter questions and drafting problems as well as abundant illustrations and examples. The Instructor's Guide contains learning objectives, answers to end-of-chapter questions, and drafting problems.

Walking Between Worlds: The Complete Trilogy J.K. Norry.2016-04-27 Meet the unsung heroes of the supernatural. Demon hunters, evil angels, and

one very angry Queen of Hell. Can Paul learn the ways of the Walker in time to save humanity, or will all the worlds burn in hellfire? 700+ pages of supernatural battle, prophecies come true, and a match made in Hell. BOOK I: DEMONS & ANGELS Dark thoughts feed our demons... A week ago Paul didn't even believe in demons. Now he sees them everywhere. They ride around on heavy human shoulders, whispering hateful silence to their hosts. In the wake of a tragic accident, Paul finds it hard to take the demons seriously. He is too caught up in mourning the loss of his best friend Kris. Whatever responsibility that comes with seeing demons is of no interest to him. Paul just wants his life back. Except Kris is haunting Paul. The demons are starting to notice him watching them. Also, he seems to have developed some pretty incredible abilities beyond seeing demons. A new life needs to take shape if Paul wishes to survive, but the cost may be his old life falling apart. BOOK II: RISE OF THE WALKER KING The Walking Between Worlds story continues... The way of the demon hunter is finally beginning to make sense to Paul, as is the art of walking between worlds. He is forced to shoulder the heavy burden of leading this mighty army of immortals if they are to continue their vital secret work. Just when he needs her most, his love has been torn from his grasp. Rather than turn to his trusted Guide and best friend in his time of need, Paul turns away from him. Kris is left to wonder if the fire burning inside the new king will drive him to victory or madness War takes the army to Hell, and pits their forces against a sea of displaced demons. Lines are crossed, lives are lost, and the battles take heavy tolls on both sides. As light looms at the end of the treacherous tunnel leading to victory, the army emerges to a shaking realization: the light is dragon fire, and the war has only just begun. BOOK III: FALL OF THE WALKER KING The explosive end to the Walking Between Worlds trilogy. Heaven is in turmoil over the war being waged below. Hell is a ravaged wasteland, its beauty lost to all but ancient memory. Earth is trapped between, unaware of the army of supernaturals battling for their souls. A champion emerges to lead them, and to search for their lost king. His new student sees the timeless art of dealing with demons in an astonishingly unique way; it makes William question everything he is supposed to be teaching the warrior apprentice, while battling day and night to save the way of the Walker. Ruling from their lofty perches, the angels have long since lost their way. They want control of everything, and will stop at nothing to get it. Barely an army, the remaining demon hunters dodge plots from above and fire from below in their hopes to secretly save the worlds they walk between once more. The dragons that reign in Hell have grown more brutal over long centuries; when one queen fell, a more fearsome dragon took her place. It will take more than one miracle to stop her from setting all the worlds aflame forever.
