The Death of Balzac Octave Mirbeau.2018-04-02 Here, presented in English for the first time in a translation by Brian Stableford, is one of Octave Mirbeau's darkest works: a fictionalized account of the death of the giant of French letters, - HonorE de Balzac. Among his journalistic endeavors, Mirbeau contributed a large number of short stories to the newspapers in the fin-de-siEcle period, and he honed his skill in that kind of work to near-perfection. Many of his anecdotal short stories make the customary tokenistic pretences to be true, and there is a considerable gray area between his explicit works of fiction, and articles that represent themselves falsely as reportage. None of his other impostures of that -ambiguous kind, however, are quite as brazen or as seductively -persuasive in their deception as the triptych making up *The Death of Balzac*, which, seen purely as a literary exercise, is a masterpiece of sorts, in terms of the persuasiveness of its mendacious execution and the elegance of its narration. It is a gripping and affectively powerful story, artful in its very atrocity; a prime specimen of the work of an exceptional writer.

Ash Princess: Ash Princess Book 1 Laura

Sebastian.2018-04-24 Princess. Prisoner. Orphan. Rebel.

Theodosia was six when her country was invaded and her mother, the Fire Queen, was murdered. On that day the Kaiser took Theodosia's land and her name. Theo was crowned Ash Princess - a title of shame to wear in her new life as a prisoner. For ten years Theo has been a captive in her own palace. She's endured the relentless abuse and ridicule of the Kaiser and his court. She

is powerless, surviving in her new world only by burying the girl she was deep inside. Then, one night, the Kaiser forces her to do the unthinkable. With blood on her hands and all hope of reclaiming her throne lost, she realizes that surviving is no longer enough. But she does have a weapon: her mind is sharper than any sword. And power isn't always won on the battlefield. Tense and imaginative. Ash Princess is a smart, feminist twist on a traditional tale of a fallen heroine, with plenty of court intrigue, love, and lies to sweeten the deal. Good luck putting this one down. Sissy Dreams: From Boyfriend to Girlfriend Paul Zante.

Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

Blood is Thicker Than Water Alistair J. Bright. 2011 This study represents a contribution to the pre-Colonial archaeology of the Windward Islands in the Caribbean. The research aimed to determine how the Ceramic Age (c. 400 BC - AD 1492) Amerindian inhabitants of the region related to one another and others at various geographic scales, with a view to better understanding social interaction and organisation within the Windward Islands as well the integration of this region within the macro-region. This research approached the study of intra- and inter-island interaction and social development through an island-by-island study of some 640 archaeological sites and their ceramic assemblages. Besides providing insight into settlement sequences, patterns and micro-mobility through time, it also highlighted various configurations of sites spread across different islands that were united by shared ceramic (decorative) traits. These configurations were more closely examined by taking recourse to graph-theory. By extending the comparative scope of this research to the Greater Antilles and the South American mainland, possible material cultural influences from more distant regions could be suggested. While Windward Island communities

certainly developed a localised material cultural identity, they remained open to a host of wide-ranging influences outside the Windward Island micro-region. As such, rather than representing a cultural backwater operating in the periphery of a burgeoning Taíno empire, it is argued that Windward Island communities actively and flexibly realigned themselves with several mainland South American societies in Late Ceramic Age times (c. AD 700-1500), forging and maintaining significant ties and exchange relationships. Alistair Bright was a member of the Caribbean Research Group at Leiden University from 2003 to 2010 and participated in numerous archaeological surveys and excavations in the Caribbean during that time. His research interests include the archaeology, ethnohistory and ethnography of the Caribbean and South America, as well as the archaeology of island societies throughout the world in general.

A Six Letter Word for Death Patricia Moyes.2019-11-25 A killer of a crossword draws Inspector Tibbett into a mystery with “considerable charm, atmosphere (an Isle of Wight travelogue), and English geniality” (Kirkus Reviews). It’s a slow day at Scotland Yard, so Inspector Henry Tibbett takes a busman’s holiday, immersing himself in the world of puzzling puzzlers. The hijinks kick off with an amusing gift: Someone unnamed has sent Henry the beginnings of a crossword puzzle. Even more mysterious: The clues point to the group of mystery writers to whom Henry has pledged to give a presentation. Most mysterious of all: None of the writers are who they claim to be, and one is a murderer. Which one? For that you’ll need to solve the puzzle. Six across and then down, down, down. Praise for Patricia Moyes “The author who put the ‘who’ back in whodunit.” —Chicago Daily News “A new queen of crime . . . her name can be mentioned in the same breath as Agatha Christie and Ngaio Marsh.” —Daily Herald “An excellent detective novel in the best British tradition. Superbly handled.” —Columbus Dispatch “Intricate plots, ingenious murders, and skillfully drawn, often

hilarious, characters distinguish Patricia Moyes' writing."

Translation and Adaptation in Theatre and Film Katja

Krebs.2013-08-15 This book provides a pioneering and provocative exploration of the rich synergies between adaptation studies and translation studies and is the first genuine attempt to discuss the rather loose usage of the concepts of translation and adaptation in terms of theatre and film. At the heart of this collection is the proposition that translation studies and adaptation studies have much to offer each other in practical and theoretical terms and can no longer exist independently from one another. As a result, it generates productive ideas within the contact zone between these two fields of study, both through new theoretical paradigms and detailed case studies. Such closely intertwined areas as translation and adaptation need to encounter each other's methodologies and perspectives in order to develop ever more rigorous approaches to the study of adaptation and translation phenomena, challenging current assumptions and prejudices in terms of both. The book includes contributions as diverse yet interrelated as Bakhtin's notion of translation and adaptation, Bollywood adaptations of Shakespeare's Othello, and an analysis of performance practice, itself arguably an adaptive practice, which uses a variety of languages from English and Greek to British and International Sign-Language. As translation and adaptation practices are an integral part of global cultural and political activities and agendas, it is ever more important to study such occurrences of rewriting and reshaping. By exploring and investigating interdisciplinary and cross-cultural perspectives and approaches, this volume investigates the impact such occurrences of rewriting have on the constructions and experiences of cultures while at the same time developing a rigorous methodological framework which will form the basis of future scholarship on performance and film, translation and adaptation.

Kumba Africa Sampson Ejike Odum.2020-11-03 'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her

cultures and traditions as an AFRICAN AUTHOR.

Twelve Years a Slave Solomon Northup.2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

The Chemical Industry in Europe, 1850-1914 Ernst

Homburg,Anthony S. Travis,Harm G. Schröter.1998-10-31 Europe is the cradle of the moderm international chemical industry. From the middle of the nineteenth century until the outbreak of World War I, the European chemical industry influenced not only the production and control of science and technology, but also made significant contributions towards economic development, as well as bringing about profound changes in working and living

environments. It is a highly complex heritage, both rich and threatening, that calls for close scrutiny. Fortunately, a unique opportunity to explore the historical development of the European chemical industry from a variety of novel standpoints, was made possible during 1993 as part of the European Science Foundation (ESF) programme called 'The Evolution of Chemistry in Europe, 1789-1939.' This process of exploration has taken place through three workshops, each dealing with different time periods. The workshop concerned with the period 1850-1914, which corresponds roughly to the so-called Second Industrial Revolution, was held in Maastricht, The Netherlands, on 23-25 March 1995. This volume is the outcome of that workshop. The other workshops dealing with European chemical industry were held in Liege in 1994, covering the First Industrial Revolution period, 1789-1850, and Strasbourg in 1996, covering the period between the two World Wars.

21 Days of a Neurasthenic Octave Mirbeau. 2015 Octave Mirbeau, author of *The Torture Garden* and *Diary of a Chambermaid*, wrote this scathing novel on the cusp of the twentieth century. Driven mad by modern life, Georges Vasseur leaves for a rest cure, where he encounters corrupt politicians, amnesiac coquettes, cheerfully sadistic killers, imperialist generals, and quack psychiatrists. Hypocrites are eternal, and not much has changed since Mirbeau wrote this acid portrait of his era.

The Rejection of Consequentialism Samuel Scheffler. 1994-08-11 In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a

hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

Charles Pettigrew, First Bishop-Elect of the North Carolina

Episcopal Church (Classic Reprint) Bennett H. Wall.2018-08-14

Excerpt from Charles Pettigrew, First Bishop-Elect of the North Carolina Episcopal Church As soon as he received the news of his appointment, Pettigrew resigned his position in Bute County and moved to Edenton. He became a member of the Church of England about this time and obtained a position as lay reader of St. Paul's Church in Edenton. Since several members of the vestry of St. Paul's Parish were trustees of the academy, it is reasonable to assume that he had contacted these men and made known to them his desire to become a minister of the Church of England. Whether or not that View is correct, it is known that while occupying the positions of schoolmaster and lay reader he engaged in the studies expected of candidates for ordination in that church. In the spring of 1775 he sailed for London where he was duly ordained deacon and priest by the bishops of London and Rochester. The Nothing Machine Robert Ziegler.2007 In an era when reality was aestheticized as collectibles, Octave Mirbeau unleashed his fiction like a destructive machine, setting fire to stale material and discredited ideologies, burning them as fuel and expelling texts as clean emissions. In this first English-language overview of all the novels published under Mirbeau's name, this study argues that Mirbeau is unique among his fin-de-siècle peers. Unlike the Decadents, whose art was a reliquary in which dead inspiration was preserved, Mirbeau disengaged himself from the corpses of past works. Abhorring tradition and complacency, Mirbeau elaborated a kinetics of fiction that made the novel into an agent of violent transformation. Contrasting the Decadents' aesthetic of elegant morbidity with Mirbeau's vitalistic view of fiction, this volume shows Mirbeau modeling himself on the figure of the torture artist, cutting up his finished works, building novels to disassemble them, fitting them together in revolutionary ways. Creativity for Mirbeau fertilizes un jardin des supplices, a cemetery smoldering with decomposing texts that are resolved into their constituent parts and then reemerge in different guises. In Mirbeau's writing, lives and art works are only transient aggregates of material, and creativity is immortalized through the perishing of old forms.

The Decadent Reader Asti Hustvedt.1998-11 A collection of stories and novels from fin-de-siècle France that celebrate decline, decay, and deviance.In France at the end of the nineteenth century, progress and material prosperity coincided with

widespread alarm about disease and decay. The obsessions of our own culture as the twentieth century came to a close resonate strikingly with those of the last fin-de-si cle: crime, pollution, sexually transmitted diseases, gender confusion, moral depravity, alcoholism, and tobacco and drug use were topics of popular discussion then as now. The Decadent Reader is a collection of novels and stories from fin-de-si cle France that celebrate decline, aestheticize decay, and take pleasure in perversity. By embracing the marginal, the unhealthy, and the deviant, the decadent writers attacked bourgeois life, which they perceived to be the chief enemy of art. Barbey d'Aurevilly, Joris-Karl Huysmans, Jean Lorrain, Guy de Maupassant, Villiers de l'Isle-Adam, Catulle Mend s, Rachilde, Jean Mor as, Octave Mirbeau, Jos phin P ladan, and Remy de Gourmont looted the riches of their culture for their own purposes. In an age of medicine, they borrowed its occult mysteries rather than its positivism. From its social Darwinism, they found their monsters: sadists, murderers, transvestites, fetishists, prostitutes, nymphomaniacs, and hysterics. And they reveled in them, completely upending the conventions of romance and sentimentality. The Decadent Reader, which includes critical essays on all of the authors, many novels and stories that have never before appeared in English, and familiar works set in a new context, offers a compelling portrait of fin-de-si cle France.

Tacky Rax King.2021-11-02 An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the *Catapult* column *Store-Bought Is Fine*—Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to good taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, *Sex and the City*, *Cheesecake Factory's* gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in *You Wanna Be On Top*, Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little too much with clarity, heartfelt honesty, and Rax King's trademark humor. The Forgotten Rohingya: Their Struggle for Human Rights in Burma Habib Habib Siddiqui.2019 Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal

military regime in your country for their self-determination and human rights consider you as settlers from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets? - Are restricted from traveling outside their villages? - Have no legal right to own land or

property?- Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings?- Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan?- Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights? Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. The Forgotten Rohingya makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.
