**Ku Klux Klan Sheet Music** Danny O. Crew.2015-09-16 The Ku Klux Klan has received much attention for its violent activities, but comparatively little research has been done on its musical legacy. The printed music that still exists is spread throughout the nation in both public and private collections. This work presents, chronologically, the music associated with the Klan from 1867 to 2002, thus enabling readers to sense the arguments and attitudes of the Klan as they developed and changed over time. Because of the relative scarcity of Klan-related music, non-Klan music that mentions the word "Klan" is included. These obscure references help place the Klan in a larger social perspective and are very important in documenting anti-Klan musical reaction. In instances where a song merely mentions the Klan, usually in only one verse or in the chorus, then only that verse containing the Klan reference, plus appropriate context, is included. The catalogue also includes Klan-related music that does not have lyrics, such as marches, waltzes, two-steps, and several Klan-related pieces that were published in Europe. Sheet music was virtually nonexistent after the 1930s, so in order to capture a feeling of Klan-related music today, a limited discography of Klan-related recordings from 1920 to 2002 is also included.

**Walking on Lava** The Dark Mountain Project.2017-07-14 The Dark Mountain Project began with a manifesto published in 2009 by two English writers—Dougald Hine and Paul Kingsnorth—who felt that literature was not responding honestly to the crises of our time. In a world in which the climate is being altered by human activities; in which global ecosystems are being destroyed by the advance of industrial civilisation; and in which the dominant economic and cultural assumptions of the West are visibly crumbling, Dark Mountain asked: where are the writers and the artists? Why are the mainstream cultural forms of our society still behaving as if this were the twentieth century—or even the nineteenth? Dark Mountain's call for writers, thinkers and artists willing to face the depth of the mess we are in has made it a gathering point for a growing international network. Rooted in place, time and nature, their work finds a home in the pages of the Dark Mountain books, with two new volumes published every year. *Walking on Lava* brings together the best of the first ten volumes, along with the original manifesto. This collection of essays, fiction, poetry, interviews and artwork introduces The Dark Mountain Project's groundbreaking work to a wider audience in search of 'the hope beyond hope, the paths which lead to the unknown world ahead of us.'
