The Ethnic Cleansing of Palestine Ilan Pappé.2007-09-01 The book that is providing a storm of controversy, from 'Israel's bravest historian' (John Pilger) Renowned Israeli historian, Ilan Pappé's groundbreaking work on the formation of the State of Israel. 'Along with the late Edward Said, Ilan Pappé is the most eloquent writer of Palestinian history.' NEW STATESMAN Between 1947 and 1949, over 400 Palestinian villages were deliberately destroyed, civilians were massacred and around a million men, women, and children were expelled from their homes at gunpoint. Denied for almost six decades, had it happened today it could only have been called 'ethnic cleansing'. Decisively debunking the myth that the Palestinian population left of their own accord in the course of this war, Ilan Pappé offers impressive archival evidence to demonstrate that, from its very inception, a central plank in Israel's founding ideology was the forcible removal of the indigenous population. Indispensable for anyone interested in the current crisis in the Middle East. *** 'Ilan Pappé is Israel's bravest, most principled, most incisive historian.' JOHN PILGER 'Pappé has opened up an important new line of inquiry into the vast and fateful subject of the Palestinian refugees. His book is rewarding in other ways. It has at times an elegiac, even sentimental, character, recalling the lost, obliterated life of the Palestinian Arabs and imagining or regretting what Pappé believes could have been a better land of Palestine.' TIMES LITERARY SUPPLEMENT 'A major intervention in an argument that will, and must, continue. There's no hope of lasting Middle East peace while the ghosts of 1948 still walk.' INDEPENDENT

Pathways to Greatness A. P. J. Abdul Kalam.2018-01-23 What makes a nation great? Is it simply economic prosperity and military strength - or something more? What is it that we as a nation require to make that last-mile journey to what all the plans, investments and projects are meant to lead up to? It is only a matter of time before India is termed economically developed. But a nation has to learn to survive in tough times too. And for that what is most important is national character, born out of the value systems that exist in our families, what schools teach students, and the culture of the nation. In *Pathways to Greatness*, A.P.J. Abdul Kalam shifts focus from the economic development of India by 2020 to the development of our strengths, offering key lessons that will help India withstand the forces of change. He identifies what makes a nation great and also compares the standards of living of other nations with India's. He draws on his travels and his interactions with people. He evolves unique oaths for citizens from all walks of life to ensure that a better life becomes possible for everyone. In the book he completed just a few months before he passed away in 2015, one of India's best-known icons writes how our nation can become a leader on the pathways to greatness.

Afghanistan's Islam Nile Green.2017 This book provides the first ever overview of the history and development of Islam in Afghanistan. It covers every era from the conversion of Afghanistan through the medieval and early modern periods to the present day. Based on primary sources in Arabic, Persian, Pashto, Urdu and Uzbek, its depth and scope of coverage is unrivalled by any existing publication on Afghanistan. As well as state-sponsored religion, the chapters cover such issues as the rise of Sufism, Sharia, women's religiosity, transnational Islamism and the Taliban. Islam has been one of the most influential social and political forces in Afghan history. Providing idioms and organizations for both anti-state and anti-foreign mobilization, Islam has proven to be a vital socio-political resource in modern Afghanistan. Even as it has been deployed as the national cement of a multi-ethnic 'Emirate' and then 'Islamic Republic,' Islam has been no less a destabilizing force in dividing Afghan society. Yet despite the universal scholarly recognition of the centrality of Islam to Afghan history, its developmental trajectories have received relatively little sustained attention outside monographs and essays devoted to particular moments or movements. To help develop a more comprehensive, comparative and developmental picture of Afghanistan's Islam from the eighth century to the present, this edited volume brings together specialists on different periods, regions and languages. Each chapter forms a case study 'snapshot' of the Islamic beliefs, practices, institutions and authorities of a particular time and place in Afghanistan--Provided by publisher

War and Peace in Islam Ghazi bin Muhammad (Prince of Jordan.),İbrahim Kalın,Mohammad Hashim Kamali.2013 Written by a number of Islamic religious authorities and Muslim scholars, this work presents the views and teachings of mainstream Sunni and Shi'i Islam on the subject of jihad. It authoritatively presents jihad as it is understood by the majority of the world's 1.7 billion Muslims in the world today, and supports this understanding with extensive detail and scholarship. No word in English evokes more fear and misunderstanding than jihad. To date the books that have appeared on the subject in English by Western scholars have been either openly partisan and polemical or subtly traumatized by so many acts and images of terrorism in the name of jihad and by the historical memory of nearly 1,400 years of confrontation between Islam and Christianity. Though jihad is the central concern of War and Peace in Islam: The Uses and Abuses of Jihad, the range of the essays is not confined exclusively to the study of jihad. The work is divided into three parts: War and Its Practice, Peace and Its Practice, and Beyond Peace: The Practice of Forbearance, Mercy, Compassion and Love. The book aims to reveal the real meaning of jihad and to rectify many of the misunderstandings that surround both it and Islam's relation with the "Other."

Reason, Freedom, & Democracy in Islam 'Abd al-Karīm Surūsh.2002 Soroush and his contemporaries in other Moslem countries are shaping what may become Islam's equivalent of the Christian Reformation: a period of questioning traditional practices and beliefs and, ultimately, of upheaval..

Late Colonial Sublime G. S. Sahota.2018-01-15 Taking cues from Walter Benjamin's fragmentary writings on literary-historical method, Late Colonial Sublime reconstellates the dialectic of Enlightenment across a wide imperial geography, with special focus on the fashioning of neo-epics in Hindi and Urdu literary cultures in British India. Working through the limits of both Marxism and postcolonial critique, this book forges an innovative approach to the question of late romanticism and grounds categories such as the sublime within the dynamic of commodification. While G. S. Sahota takes canonical European critics such as Theodor Adorno and Max Horkheimer to the outskirts of empire, he reads Indian writers such as Muhammad Iqbal and Jayashankar Prasad in light of the expansion of instrumental rationality and the neotraditional critiques of the West it spurred at the onset of decolonization. By bringing together distinct literary canons—both metropolitan and colonial, hegemonic and subaltern, Western and Eastern, all of which took shape upon the common realities of imperial capitalism—Late Colonial Sublime takes an original dialectical approach. It experiments with fragments, parallaxes, and constellational form to explore the aporias of modernity as well as the possible futures they may signal in our midst. A bold intervention into contemporary debates that synthesizes a wealth of sources, this book will interest readers and scholars in world literature, critical theory, postcolonial criticism, and South Asian studies.

Ignited Minds: Unleashing The Power Within India Kalam A P J Abdul.2010-09

Reconciliation Benazir Bhutto.2009-10-13 Benazir Bhutto returned to Pakistan in October 2007, after eight years of exile, hopeful that she could be a catalyst for change. Upon a tumultuous reception, she survived a suicide-bomb attack that killed nearly two hundred of her countrymen. But she continued to forge ahead, with more courage and conviction than ever, since she knew that time was running out—for the future of her nation, and for her life. In Reconciliation, Bhutto recounts in gripping detail her final months in Pakistan and offers a bold new agenda for how to stem the tide of Islamic radicalism and to rediscover the values of tolerance and justice that lie at the heart of her religion. With extremist Islam on the rise throughout the world, the peaceful, pluralistic message of Islam has been exploited and manipulated by fanatics. Bhutto persuasively argues that America and Britain are fueling this turn toward radicalization by supporting groups that serve only short-term interests. She believed that by enabling dictators, the West was actually contributing to the frustration and extremism that lead to terrorism. With her experience governing Pakistan and living and studying in the West, Benazir Bhutto was versed in the complexities of the conflict from both sides. She was a renaissance woman who offered a way out. In this riveting and deeply insightful book, Bhutto explores the complicated history between the Middle East and the West. She traces the roots of international terrorism across the world, including American support for Pakistani general Zia-ul-Haq, who destroyed political parties, eliminated an independent judiciary, marginalized NGOs, suspended the protection of human rights, and aligned Pakistani intelligence agencies with the most radical elements of the Afghan mujahideen. She speaks out not just to the West, but to the Muslims across the globe who are at a crossroads between the past and the future, between education and ignorance, between peace and terrorism, and between dictatorship and democracy. Democracy and Islam are not incompatible, and the clash between Islam and the West is not inevitable. Bhutto presents an image of modern Islam that defies the negative caricatures often seen in the West. After reading this book, it will become even clearer what the world has lost by her assassination.

Further, until U.S. leaders recognize the errant path they have irresponsibly chosen, he says, our enemies will only grow stronger. Monsoon Islam Sebastian R. Prange.2018-05-03 Between the twelfth and sixteenth centuries, a distinct form of Islamic thought and practice developed among Muslim trading communities of the Indian Ocean. Sebastian R. Prange argues that this 'Monsoon Islam' was shaped by merchants not sultans, forged by commercial imperatives rather than in battle, and defined by the reality of Muslims living within non-Muslim societies. Focusing on India's Malabar Coast, the much-fabled 'land of pepper', Prange provides a case study of how Monsoon Islam developed in response to concrete economic, socio-religious, and political challenges. Because communities of Muslim merchants across the Indian Ocean were part of shared commercial, scholarly, and political networks, developments on the Malabar Coast illustrate a broader, trans-oceanic history of the evolution of Islam across monsoon Asia. This history is told through four spaces that are examined in their physical manifestations as well as symbolic meanings: the Port, the Mosque, the Palace, and the Sea.
