Animal Beauty Christiane Nusslein-Volhard.2019-05-14 An illustrated exploration of colors and patterns in the animal kingdom, what they communicate, and how they function in the social life of animals. Are animals able to appreciate what humans refer to as "beauty"? The term scarcely ever appears nowadays in a scientific description of living things, but we humans may nonetheless find the colors, patterns, and songs of animals to be beautiful in apparently the same way that we see beauty in works of art. In *Animal Beauty*, Nobel Prize-winning biologist Christiane Nüsslein-Volhard describes how the colors and patterns displayed by animals arise, what they communicate, and how they function in the social life of animals. Watercolor drawings illustrate these amazing instances of animal beauty. Darwin addressed the topic of ornament in his 1871 book *The Descent of Man and Selection in Relation to Sex*, and did not hesitate to engage with criteria of

beauty, convinced that animals experienced color and ornament as attractive and agreeable in the same way that we do, and that the role this played in mate choice pointed to a “sexual selection” distinct from natural selection. Nüsslein-Volhard examines key examples of ornament and sexual selection in the animal kingdom and lays the groundwork for biological aesthetics. Noting that color patterns have not been a research priority—perhaps because they appeared to be nonessential luxuries rather than functional necessities—Nüsslein-Volhard looks at recent scientific developments on the topic. In part because of Nüsslein-Volhard's own research on the zebrafish, it is now possible to decipher the molecular genetic mechanisms that lead to production of colors in animal skin and its appendages and control its pattern and distribution.

Fire Islands Eleanor Ford.2019-05-06 Steep verdant rice terraces, ancient rainforest and fire-breathing volcanoes create the landscape of the world's largest archipelago. Indonesia is a travellers' paradise, with cuisine as vibrant and thrilling as its scenery. For these are the original spice islands, whose fertile volcanic soil grows ingredients that once changed the flavour of food across the world. On today's noisy streets, chilli-spiked sambals are served with rich noodle broths, and salty peanut sauce sweetens chargrilled sate sticks. In homes, shared feasts of creamy coconut curries, stir-fries and spiced rice are fragrant with ginger, tamarind, lemongrass and lime. The air hangs with the tang of chilli and burnt sugar, citrus and spice. Eleanor Ford gives a personal, intimate portrait of a country and its cooking, the recipes exotic yet achievable, and the food brought to life by stunning photography.

Within A Forest Dark Gareth Bartaby.2021-06 Within A Forest Dark is North East indie publisher InkyLab's third anthology of thirteen short stories from new and upcoming writers from across the UK and beyond. For this edition they have gone with the broad theme of 'lost/off the beaten track', a springboard from which the writers have launched themselves. from the avant-garde artistic pieces of life in lockdown Britain and a concept work on a marriage gone catastrophically wrong by Johnny O to the fantastical and supernatural tales of goblins, vampires and the Devil herself from Sara Waymont, Emily Chapman, and Andrew Campbell; from identity crisis in the NorthEast of the here and now to brief encounters in 1930s Berlin and samurai duels in a virtual Japanese shogunate - we've everything from lost lives to near-deaths and the whole gamut besides, something for everyone to lose themselves in.

What secrets does the mine hold? Jocelyne Saucier is the author of several novels, including *Il pleuvait des oiseaux*, which won the Prix des Cinq Continents de la Francophonie. The NoMad Cookbook Daniel Humm, Will Guidara, Leo Robitschek.2015-10-13 From the authors of the acclaimed cookbooks *Eleven Madison Park* and *I Love New York* comes this uniquely packaged cookbook, featuring recipes from the wildly popular restaurant and, as an added surprise, a hidden back panel that opens to reveal a separate cocktail book. Chef Daniel

Humm and his business partner Will Guidara are the proprietors of two of New York's most beloved and pioneering restaurants: Eleven Madison Park and The NoMad. Their team is known not only for its perfectly executed, innovative cooking, but also for creating extraordinary, genre-defying dining experiences. The NoMad Cookbook translates the unparalleled and often surprising food and drink of the restaurant into book form. What appears to be a traditional cookbook is in fact two books in one: upon opening, readers discover that the back half contains false pages in which a smaller cocktail recipe book is hidden. The result is a wonderfully unexpected collection of both sweet and savory food recipes and cocktail recipes, with the lush photography by Francesco Tonelli and impeccable style for which the authors are known. The NoMad Cookbook promises to be a reading experience like no other, and will be the holiday gift of the year for the foodie who has everything.

sumptuous recipes, detailed instructions, and precise line drawings. Some of the instructions look daunting, but as Child herself says in the introduction, 'If you can read, you can cook.' —Entertainment Weekly "I only wish that I had written it myself." —James Beard Featuring 524 delicious recipes and over 100 instructive illustrations to guide readers every step of the way, *Mastering the Art of French Cooking* offers something for everyone, from seasoned experts to beginners who love good food and long to reproduce the savory delights of French cuisine. Julia Child, Simone Beck, and Louisette Bertholle break down the classic foods of France into a logical sequence of themes and variations rather than presenting an endless and diffuse catalogue of dishes—from historic Gallic masterpieces to the seemingly artless perfection of a dish of spring-green peas. Throughout, the focus is on key recipes that form the backbone of French cookery and lend themselves to an infinite number of elaborations—bound to increase anyone's culinary repertoire. "Julia has slowly but surely altered our way of thinking about food. She has taken the fear out of the term 'haute cuisine.' She has increased gastronomic awareness a thousandfold by stressing the importance of good foundation and technique, and she has elevated our consciousness to the refined pleasures of dining." —Thomas Keller, *The French Laundry*

The New Sorrows of Young W. Ulrich Plenzdorf.2015-08-11 Edgar Wibeau, seventeen years old, has died on Christmas Eve in an unfortunate accident involving electricity. His father, who left the family when Edgard was five, interrogates those close to him, to find out what exactly happened - and who his son really was. Helpfully for the reader, Edgar himself punctuates the father's conversations with his mother, best friend Willi, and Charlie, the woman with whom Edgar was unhappily in love, to give us his version of events from beyond the grave - and a story magically reminiscent of Goethe's *The Sorrows of Young Werther* and Salinger's *The Catcher in the Rye* unfolds before our eyes. Originally conceived as a screenplay, Plenzdorf's modern classic was first published in East Germany in 1973. A satire about the cultural and social limits of the GDR, it has long been a set text in German schools, and its critical and popular success remains unabated. From the Trade Paperback edition.

Women and Literature in the Goethe Era 1770-1820 Helen Fronius.2007-04-05 The Goethe era of German literature was dominated by men. Women were discouraged from reading and scorned as writers; Schiller saw female writers as typical 'dilettantes'. But the attempt to exclude did not always succeed, and the growing literary market rewarded some women's determination. This study combines archival research, literary analysis, and statistical evidence to give a sociological-historical overview of the conditions of women's literary production. Highlighting many authors who have fallen into obscurity, this study tells the story of women who managed to write and publish at a time when their efforts were not welcomed. Although eighteenth-century gender ideology is an important pre-condition for women's literary production, it does not necessarily determine the praxis of their actual experiences, as this study makes clear. Using a range of examples from a variety of sources, the real story of women who read, wrote, and published in the shadow of Goethe emerges.

History and Religion Bernd-Christian Otto,Susanne Rau,Jörg Rüpke.2015-08-31 History is one of the most important cultural tools to make sense of one's situation, to establish identity, define otherness, and explain change. This is the first systematic scholarly study that analyses the complex relationship between

history and religion, taking into account religious groups both as producers of historical narratives as well as distinct topics of historiography. Coming from different disciplines, the authors of this volume ask under which conditions and with what consequences religions are historicised. How do religious groups employ historical narratives in the construction of their identities? What are the biases and elisions of current analytical and descriptive frames in the History of Religion? The volume aims at initiating a comparative historiography of religion and combines disciplinary competences of Religious Studies and the History of Religion, Confessional Theologies, History, History of Science, and Literary Studies. By applying literary comparison and historical contextualization to those texts that have been used as central documents for histories of individual religions, their historiographic themes, tools and strategies are analysed. The comparative approach addresses circum-Mediterranean and European as well as Asian religious traditions from the first millennium BCE to the present and deals with topics such as the origins of religious historiography, the practices of writing and the transformation of narratives.

The Wine-Dark Sea Leonardo Sciascia.2014-01-02 Here are some of Sciascia's greatest stories - brief and haunting, the realist tradition at its best. In one tale a couple of men talk, cynically yet earnestly, about the etymology of the word 'mafia' - who they are, and why their interest is so piqued by the word, becomes apparent with frightening clarity. In another story a group of peasants are taken on board ship and promised that they will be put ashore illegally at Trenton, New Jersey; after a long time at sea, their landfall is far from what they expected. And Mussolini himself takes an interest in the case of Aleister Crowley, whose

presence in Sicily has become an embarrassment.

Berlin's Third Sex Magnus Hirschfeld.2017 Literary Nonfiction. LGBTQIA Studies. Translated from the German by James J. Conway. Rough trade, drag kings, tea dances, sporty dykes, coded classified ads, campy nicknames, passing, outing, hustlers, beats and cruising at the YMCA--all accompanied by a wave of gay and lesbian activism. Eighties New York? No, Germany's imperial capital at the dawn of the 20th century. *BERLIN'S THIRD SEX* reveals an astonishingly diverse gay subculture years ahead of the Weimar era, with cross-dressing cabaret, all-night parties and erotic license at every level of society. Magnus Hirschfeld's 1904 report is a foundational text of modern gay identity, queer history captured by an insider, as it happened. Police, blackmailers and moral crusaders are never far, suicide is all too common, but Hirschfeld also invites us into the homes of same-sex couples to witness tranquil scenes of domesticity and devotion. *BERLIN'S THIRD SEX* formed part of the vast Metropolis Documents project, a visionary panorama of early 20th century urban life. This, the first part of the series to appear in English, is offered alongside an earlier Hirschfeld study of the third sex (the author's provisional term for gays and lesbians) as well as comprehensive notes and an informative afterword.

[BERLIN'S THIRD SEX] depicts a flourishing gay subculture populated by cross-dressers, drag queens, sporty dykes, blackmailers and prostitutes, who establish contact with one another via intricately coded classified ads, adopt droll nicknames such as 'Squeaky Lotte,' 'Rollmop Queen' and 'Hiddigeigei,' and generally live it up in bars and cabarets, in the Tiergarten, or at the Opera. The Rixdorf edition includes an informative afterword and helpful notes by the translator James. J. Conway.--Anna Katharina Schaffner Hirschfeld's rhetorical strategy, which includes these appeals to sentiment, walks the line between emphasizing the similarities in behavior between homosexuals and heterosexuals (in other words, suggesting homosexuals are just like the [presumably heterosexual] reader), and relating anecdotes or characteristics that portray the former as uniquely, yet endearingly, different. That this approach has strong parallels with contemporary gay rights rhetoric suggests that there is a timeless appeal in finding reasons for empathy in order to demonstrate that 'the other' is just as human.--Tyler Langendorfer
