A Fatal Lie Charles Todd.2021-02-16 "If there's ever been a more complex and compelling hero in crime fiction than Inspector Rutledge, I can't think of one." —Jeffery Deaver In one of his most puzzling cases, Scotland Yard Inspector Ian Rutledge must delve deep into a dead man's life and his past to find a killer

determined to keep dark secrets buried. A peaceful Welsh village is thrown into turmoil when a terrified boy stumbles on a body in a nearby river. The man appears to have fallen from the canal aqueduct spanning the valley. But there is no identification on the body, he isn't a local, and no one will admit to having seen him before. With little to go on, the village police turn to Scotland Yard for help. When Inspector Ian Rutledge is sent from London to find answers, he is given few clues—a faded military tattoo on the victim's arm and an unusual label in the collar of his shirt. They eventually lead him to the victim's identity: Sam Milford. By all accounts, he was a good man and well-respected. Then, why is his death so mysterious? Looking for the truth, Rutledge uncovers a web of lies swirling around a suicidal woman, a child's tragic fate, and another woman bent on protecting her past. But where among all the lies is the motive for murder? To track a killer, Rutledge must retrace Milford's last journey. Yet death seems to stalk his every move, and the truth seems to shift at every turn. Man or woman, this murderer stays in the shadows, and it will take desperate measures to lure him—or her—into the light.

The Extraordinary Life of Sam Hell Robert Dugoni.2023-04
Sam Hill always saw the world through different eyes. Born with red pupils, he was called Devil Boy or Sam Hell by his classmates; God's will is what his mother called his ocular albinism. Her words were of little comfort, but Sam persevered, buoyed by his mother's devout faith, his father's practical wisdom, and his two other misfit friends.

Murder One Robert Dugoni.2011-06-07 Finalist for the Harper Lee Prize for Legal Fiction: New York Times bestselling author Robert Dugoni delivers another gripping legal thriller in his popular David Sloane series. The case? Defending the woman he loves against a charge of murder. A year after the devastating murder of his wife, attorney David Sloane has returned to Seattle after three months in Mexico. At a black-tie dinner where he's been persuaded to give the keynote address, Sloane reconnects

with Barclay Reid, opposing counsel in his most prominent case. Barclay is suffering from her own personal tragedy—the death of her teenage daughter from a drug overdose. In the aftermath, Barclay has begun an intense crusade against the Russian drug traffickers she holds responsible for her daughter’s death, pursuing them with a righteousness that matches Sloane’s own zeal for justice. Despite their adversarial past, Sloane is drawn to Barclay and for the first time since his wife died, he finds himself beginning to have romantic feelings again. But when Barclay’s crusade stalls and a Russian drug dealer turns up dead, she stands accused of murder, and Sloane is her chosen defender. Amid the swirling media frenzy, in his first criminal case, Sloane finds himself once again in harm’s way, while mounting evidence suggests that Barclay is a woman with many secrets—and may not be quite as innocent as she seems. With his signature fast-paced, page-turning action and exhilarating plot twists, Robert Dugoni once again proves why he’s so often been named the heir to Grisham’s literary throne.

Black Light Stephen Hunter. 2010-08-18 Only one thing stands between a son and his father's killer: forty years of lies. . . On a remote Arizona ranch, a man who has known loss, fear, and war weeps for the first time since he was a child. His tears are for the father taken from him four decades before in a deadly shoot-out. And his grief will lead him back to the place where he was born, where his father died, and where a brutal conspiracy is about to explode. For Bob Lee Swagger, the world changed on that hot day in Blue Eye, Arkansas, when two local boys rode armed and wild in a '55 Fairlane convertible. Swagger's father, Earl, a state trooper, was investigating the brutal murder of a young woman that day. By midnight Earl Swagger lay dead in a deserted cornfield. Now Bob Lee wants answers. He wants to know the truth behind the shoot -out that took his father's life, a mystery buried in forty years of lies. Because for Bob Lee Swagger, the killing didn't end that day in Blue Eye, Arkansas. The killing had

just begun . . . Weaving together characters from his national bestsellers *Point of Impact* and *Dirty White Boys*, Stephen Hunter's gripping thriller builds to an exhilarating climax—and an explosion of gunfire that blasts open the secrets of two generations. Praise for *Black Light* “Put on your seat belt—*Black Light* is a wild ride you won't forget.”—*The Chicago Tribune* “Nobody writes action better than Stephen Hunter and *Black Light* is one of his best. . . [The] action scenes play like a movie, the plot is intriguing and the writing is top-notch.”—Phillip Margolin “Only a handful of writers today can match Hunter for imagination and the ability to make a reader's adrenaline rush.”—*New York Daily News* “Filled with detail, clever plotting, suspense, and a hunt to the death that leaves the reader dry-mouthed with tension. Hunter knows his guns, and he writes about them with a precision that holds the attention of even a fervent anti-gun supporter.”—*The Orlando Sentinel* “One of the most skilled hands in the thriller business. The plot is fast-paced, well-constructed and builds to a pulse-pounding night ambush. . . . It should seal his reputation as an author who not only can write bestselling thrillers, but write them exceedingly well.”—*Publishers Weekly*

Snakes Stephen J. Mullin, Richard A. Seigel. 2011-08-15

Destruction of habitat due to urban sprawl, pollution, and deforestation has caused population declines or even extinction of many of the world's approximately 2,600 snake species.

Furthermore, misconceptions about snakes have made them among the most persecuted of all animals, despite the fact that less than a quarter of all species are venomous and most species are beneficial because they control rodent pests. It has become increasingly urgent, therefore, to develop viable conservation strategies for snakes and to investigate their importance as monitors of ecosystem health and indicators of habitat sustainability. In the first book on snakes written with a focus on conservation, editors Stephen J. Mullin and Richard A. Seigel

bring together leading herpetologists to review and synthesize the ecology, conservation, and management of snakes worldwide. These experts report on advances in current research and summarize the primary literature, presenting the most important concepts and techniques in snake ecology and conservation. The common thread of conservation unites the twelve chapters, each of which addresses a major subdiscipline within snake ecology. Applied topics such as methods and modeling and strategies such as captive rearing and translocation are also covered. Each chapter provides an essential framework and indicates specific directions for future research, making this a critical reference for anyone interested in vertebrate conservation generally or for anyone implementing conservation and management policies concerning snake populations.

The Place of Narrative Marilyn Aronberg Lavin. 1990-12-15

Looking at more than two hundred Italian medieval and Renaissance mural cycles, Lavin examines—with the aid of computer technology—the rearranged chronologies of familiar religious stories found therein. Like many masterpieces, Lavin's book builds upon a simple idea . . . it is possible to do a computer analysis of . . . visual narratives. . . . This is the first computer-based study of the visual arts of which I am aware that illustrates how those technologies can utterly transform the study of old master art. An extremely important book, one likely to become the most influential recent study of art of this period, *The Place of Narrative* is also a beautiful artifact.—David Carrier, *Leonardo*

Covering over a millennium and dealing with the whole of Italy, Lavin makes pioneering use of new methodology employing a computer database . . . [and] novel terminology to describe the disposition of scenes of church and chapel walls. . . . We should recognize this as a book of high seriousness which reaches out into new areas and which will fruitfully stimulate much thought on a neglected subject of very considerable significance.—Julian Gardner, *Burlington Magazine*

Still reeling from the devastating loss of his mother in a brutal murder, Jake has spiraled out of control and Sloane has barely been able to keep him out of jail. So when his old friend, detective Tom Molia, suggests that they take their sons on a guys-only camping trip, Sloane gratefully accepts. What Sloane imagines will be the perfect excursion turns into a horrifying nightmare when the boys are arrested for vandalizing a general store late at night while their fathers are asleep. The next morning, before Sloane and Molia even realize they're gone, their sons are tried, convicted, and sentenced by the presiding judge to six months in the county wilderness detention camp, Fresh Start. For the teenagers, a grueling physical and psychological ordeal begins. As Sloane fights the conviction against the boys, he discovers that local judge Earl Boykin's authority seems to extend far beyond the confines of his courtroom. Meanwhile, on the inside, Jake is forced to grow up quickly and soon learns the hard way that this detention center has a very different purpose than rehabilitating troubled youths. With their legal options exhausted, Sloane and Molia will do anything to save their sons—even mount

a daring rescue operation that could win the boys their freedom . . . or cost all of them their lives.

Wrongful Death Robert Dugoni.2009 Reluctantly aiding a bereaved widow in a wrongful death lawsuit against the government and military for the death of her Iraq war soldier husband, attorney David Sloane uncovers evidence of a dangerous adversary who retaliates by threatening David's family.

Wrongful Death Robert Dugoni.2009-04-07 New York Times bestselling author Robert Dugoni tackles hot-button issues in this riveting legal thriller featuring attorney David Sloane. When a widow asks Sloane to take her case against the military, Sloane knows it's a lost cause but can't turn her down, even if it puts his own life--and the lives of his family--in dire jeopardy. Just minutes after winning a \$1.6 million wrongful-death verdict, attorney David Sloane confronts the one case that threatens to blemish his unbeaten record in the courtroom. Beverly Ford wants Sloane to sue the United States government and military in the mysterious death of her husband, James, a national guardsman killed in Iraq. While a decades-old military doctrine might make Ford's case impossible to win, Sloane, a former soldier himself, is compelled to find justice for the widow and her four children in what is certain to become the biggest challenge of his career. With little

hard evidence to go on, Sloane calls on his friend, reclusive former CIA agent turned private investigator Charles Jenkins, to track down the other men serving with Ford the night he died. Alarmingly, two of the four who returned home alive didn't stay that way for long, and though the mission's wheelchairbound commander now works for a civilian contractor, he refuses to talk. The final -- and youngest -- soldier is also the most elusive, but he's their only shot at discovering the truth -- if Sloane and Jenkins can keep him alive long enough to tell it. Meanwhile, Sloane isn't the only one on a manhunt. As he propels his case into a federal courtroom, those seeking to hide the truth threaten Sloane's family, forcing his new wife Tina and stepson Jake into hiding, where they become the targets of a relentless killer. Now Sloane must race to uncover what really happened on that fatal mission, not only to bring justice to a family wronged but to keep himself and the people closest to him from becoming the next casualties....

Informal Logic Douglas Walton.2008-06-02 Second edition of the introductory guidebook to the basic principles of constructing sound arguments and criticising bad ones. Non-technical in approach, it is based on 186 examples, which Douglas Walton, a leading authority in the field of informal logic, discusses and

evaluates in clear, illustrative detail. Walton explains how errors, fallacies, and other key failures of argument occur. He shows how correct uses of argument are based on sound strategies for reasoned persuasion and critical responses. This edition takes into account many developments in the field of argumentation study that have occurred since 1989, many created by the author. Drawing on these developments, Walton includes and analyzes 36 new topical examples and also brings in work on argumentation schemes. Ideally suited for use in courses in informal logic and introduction to philosophy, this book will also be valuable to students of pragmatics, rhetoric, and speech communication.

Reading the Family Dance John V. Knapp, Kenneth Womack.2003 The development in recent years of the intersections between the family and literary study continues to emerge as one of the most productive and illuminating arenas of contemporary critique. In addition to addressing the family dynamic through which a given literary character develops a fully realized sense of self, family systems therapy allows readers to examine the patterns by which characters function in their larger intimate systems, whether those systems be social, institutional, or even global. As the intellectual foundation for the forms of therapy practiced by the majority of contemporary American and European psychotherapists, the study of family systems theory and its intersections with literary works affords readers with an illuminating glimpse into the terminology and processes involved in this dynamic form of critique. Perhaps most significantly, family systems therapy allows critics to consider the distinctly social interactions that characterise our pathways to interpersonal development and selfhood. John V. Knapp is Professor of English, with a joint appointment in modern literature and in teacher education, at Northern Illinois University. Kenneth Womack is Assist

Trap Door Reina Gossett, Eric A. Stanley, Johanna Burton.2017-12-15 Essays, conversations, and archival investigations explore the paradoxes, limitations, and social ramifications of trans representation within contemporary culture. The increasing representation of trans identity throughout art and popular culture in recent years has been nothing if not paradoxical. Trans visibility is touted as a sign of a liberal society, but it has coincided with a political moment marked both by heightened violence against trans people (especially trans women of color) and by the suppression of trans rights under civil law. Trap Door grapples with these contradictions. The essays, conversations, and dossiers gathered here delve into themes as wide-ranging yet interconnected as beauty, performativity, activism, and police brutality. Collectively, they attest to how trans people are frequently offered "doors"—entrances to visibility and recognition—that are actually "traps," accommodating trans bodies and communities only insofar as they cooperate with dominant norms. The volume speculates about a third term, perhaps uniquely suited for our time: the trapdoor, neither entrance nor exit, but a secret passageway leading elsewhere. Trap Door begins a conversation that extends through and beyond trans culture, showing how these issues have relevance for anyone invested in the ethics of

visual culture. Contributors Lexi Adsit, Sara Ahmed, Nicole Archer, Kai Lumumba Barrow, Johanna Burton, micha cárdenas, Mel Y.
