Security Science Clifton Smith, David J Brooks. 2012-12-31 Security Science integrates the multi-disciplined practice areas of security into a single structured body of knowledge, where each chapter takes an evidence-based approach to one of the core knowledge categories. The authors give practitioners and students the underlying scientific perspective based on robust underlying theories, principles, models or frameworks. Demonstrating the relationships and underlying concepts, they present an approach to each core security function within the context of both organizational security and homeland security. The book is unique in its application of the scientific method to the increasingly challenging tasks of preventing crime and foiling terrorist attacks. Incorporating the latest security theories and principles, it considers security from both a national and corporate perspective, applied at a strategic and tactical level. It provides a rational basis for complex decisions and begins the process of defining the emerging discipline of security science. A fresh and provocative approach to the key facets of security Presentation of theories and models for a reasoned approach to decision making Strategic and tactical support for corporate leaders handling security challenges Methodologies for protecting national assets in government and private sectors Exploration of security's emerging body of knowledge across domains

Digital Kenya Bitange Ndemo, Tim Weiss. 2016-11-18 This book is open access under a CC BY 4.0 license. Presenting rigorous and original research, this volume offers key insights into the historical, cultural, social, economic and political forces at play in the creation of world-class ICT innovations in Kenya. Following the arrival of fiber-optic cables in 2009, Digital Kenya examines why the initial entrepreneurial spirit and digital revolution has begun to falter despite support from motivated entrepreneurs, international investors, policy experts and others. Written by engaged scholars and professionals in the field, the book offers 15 eye-opening chapters and 14 one-on-one conversations with entrepreneurs and investors to ask why establishing ICT start-ups on a continental and global scale remains a challenge on the "Silicon Savannah". The authors present evidence-based recommendations to help Kenya to continue producing globally impactful ICT innovations that improve the lives of those still waiting on the sidelines, and to inspire other nations to do the same.

Research, Reference Service, and Resources for the Study of Africa Deborah Lafond, Gretchen Walsh. 2013-04-15 Experts present proven methods and techniques for studying about or in Africa! Research, Reference Services, and Resources for the Study of Africa helps you steer clear of washouts, cave-ins, and dead ends on the road to successful research on—or in—Africa. This one-of-a-kind research guide presents practical solutions to frequently occurring problems in the study of Africa, including Internet accessibility problems, errors that will affect a "known item" search, the imposition of colonial legacy, and dealing with gender and class bias. Unlike most references on Africa that concentrate on collection development, this unique book focuses on the study of Africa, making it a must-have for academic librarians, Africanist scholars, and Africana librarians.

Specialists, generalist librarians, and end users all depend on tools designed to provide access to information in libraries and on the web including OPACs databases, and search engines. In this book, these tools, research methods, and the accessibility of information on Africa are examined, offering students and professionals a thorough guide to the most successful researching route. Research, Reference Services, and Resources for the Study of Africa provides assistance in the research process according to a variety of categories including: evaluating OPACs and similar databases for known-item searching using keywords, subject headings, bias, indexing, full-text searching, terminology, cataloguing, user-centered information services, and other search strategies to find what you are looking for using Internet resources to your advantage using the partnerships between the U.S. and African libraries and scholarly institutions to help improve information access using techniques for reference librarians to act as a force increasing women's roles in the study of Africa and much more! Research, Reference Services, and Resources for the Study of Africa offers all the information necessary to avoid research hang-ups that affect the study of Africa, and the necessary information to pass these skills on to students.

Global Perspectives on Physical Education and After-School Sport Programs Jepkorir Rose Chepyator-Thomson, Shan-Hui Hsu. 2013-09-05 This book examines public policy in physical education and sport and provides insights into practices of school curriculum and after-school sport programs from a global context. A Comparative Analysis of Higher Education Systems . 2014-01-01 This is a well crafted, timely book that comes at a time when so much is happening in higher education contexts across the world. Clearly, it is in response to these global (and selectively local) trends that Kariwo, Gounko and Nungu bring together an impressive lineup of both established and emerging scholars who achieve a comprehensive and critically constructed perspective on tertiary education systems. Collectively, the chapters in this work shall expand the epistemic boundaries of the area and its affiliated disciplines, and the book as a whole will greatly benefit interested scholars, students, education policy makers and the public at large. - Ali A. Abdi, Professor, University of Alberta

Handbook of Speech-Language Therapy in Sub-Saharan Africa Ulrike M. Lüdtke, Edward Kija, Mathew Kinyua Karia. 2023-02-03 This book synthesizes research on language development and communication disability in Sub-Saharan Africa and highlights best practices for providing speech and language therapy services to individuals with language, communication, and hearing disorders across the lifespan. The book brings together a wide range of international contributions from various disciplines, such as speech-language pathology, audiology, developmental psychology, language education, social work, neurology, neuropsychology, pediatrics, linguistics, pedagogy, and phonetics to provide perspectives on problems, challenges, ideas, concepts, and models to serve the people in Sub-Saharan Africa. Key areas of coverage include: Challenges for speech-language therapists in the health sector. Community awareness and the sustainable delivery of services. Culture-specific support of communication and language development in early childhood. Malnutrition, dysphagia, feeding difficulties, pediatric HIV, and related issues. Communication disability treatments, including assessment and intervention, augmentative and alternative communication (AAC), and issues specific to bilingualism and biliteracy. Inclusive education of children with communication disorders with case studies from Rwanda, Tanzania, Kenya, and South Africa. The Handbook of Speech-Language Therapy in Sub-Saharan Africa is an essential reference for researchers, professors, and graduate students as well as clinicians, therapists, and other professionals in developmental psychology, speech-language pathology and therapy, social work, neuropsychology, pediatrics, special education, community based rehabilitation, and all related disciplines.

Higher Education Leadership and Governance in the Development of the Creative and Cultural Industries in Kenya Akuno, Emily, Ondieki, Donald Otoy. 2017-05-05 The role of higher education in establishing structures and procedures in society and industry is clearly articulated in scholarly discussions. The narrative has recently taken a new momentum in Kenya with acknowledgement of the creative industry involves many youth, as an area that impacts on the economy. In unravelling the link between higher education and industry, the authors focus on leadership and governance in higher education and its expected and perceived contribution to the shaping of the creative industry. Through analysis of cases, the authors interrogate the processes and structures that govern the teaching and practice of the creative subjects, noting how these affect the creative industry in Kenya. This book approaches the creative disciplines from the perspectives of the students, lecturers and university administrators. The three voices provide a balanced view of what higher creative arts education in Kenya is. The multiple authorship of the book further provides a balanced account of the development of these disciplines in higher education, and their growth in industry. The key concepts here are the development of the creative industry and how higher education should contribute to the same.

Raising the Impact of Education Research in Africa Charl C. Wolhuter.2018-12-01 The low demonstrable effect of education research done in South Africa in particular - and Africa in general - continues to be a problem in scientific records in the educational sciences. This scholarly collected work addresses this obstacle and focuses on recommendations from scholars in different sectorial categories in the field of education. Scholars from a variety of sub-fields within the educational sciences reflect on this particular matter, revisiting the history of research and research outcomes and offering informed recommendations based on in-depth investigation and analysis of aspects of the various discourses within the relevant sub-fields. The scope of the content of this collected work centres on the issue of the lack of scientific records concerning the scientific raising of the impact of education research. The book aims at making a specific contribution to the educational sciences by stimulating scholarly discussion around how to increase the recording of the significance of educational research done in Africa, and in South Africa in particular, and to redirect the research agenda into the direction of making more impact. Impact is conceptualised to mean both scholarly impact (that is being cited and being used as foundation for theory building and for further research) and practical impact (that is improvement of practice, teaching and learning in education institutions at all levels).

Planning and Development in Education J.C.S. Musaaazi.2010-11-26 This reissue, first published in 1986, offers a comprehensive treatment of educational development in four countries in West and East Africa: Nigeria, Uganda, Kenya and Tanzania. The author focuses on the role of education in promoting or hindering national development; the way the educational system varies in response to societal and dialectical forces; the place of education in major theories of change and development; and the contribution made by education to economic, social and political development. Clearly and concisely written, the book will be of interest to teachers, administrators, educational planners and scholars in comparative education and the history of education.

Education in East and Central Africa Charl Wolhuter.2014-06-26 Education in East and Central Africa is a comprehensive critical reference guide to education in the region. Higher Education in the Gulf States Christopher Davidson,Peter Mackenzie.2012-07-15 Nowhere in the world is university education expanding as rapidly as in the six-member state of the Gulf Cooperation Council. In two generations the region has gone from having the Middle East's least educated population to boasting a younger generation whose educational achievements are approaching Organisation for Economic Co-operation and Development (OECD) standards. This unique study, with contributions by key decision makers, charts this dramatic development, exploring the challenges faced and placing accomplishments within the social, economic and political context of the region.

Kenya Charles Hornsby.2013-03-01 Since independence from Great Britain in 1963, Kenya has survived five decades as a functioning nation-state, holding regular elections; its borders and political system intact and avoiding open war with its neighbours and military rule internally. It has been a favoured site for Western aid, trade, investment and tourism and has remained a close security partner for Western governments. However, Kenya's successive governments have failed to achieve adequate living conditions for most of its citizens; violence, corruption and tribalism have been ever-present, and its politics have failed to transcend its history. The decisions of the early years of independence and the acts of its leaders in the decades since have changed the country's path in unpredictable ways, but key themes of conflicts remain: over land, money, power, economic policy, national autonomy and the distribution of resources between classes and communities.While the country's political institutions have remained stable, the nation has changed, its population increasing nearly five-fold in five decades. But the economic and political elite's struggle for state resources and the exploitation of ethnicity for political purposes still threaten the country's existence. Today, Kenyans are arguing over many of the issues that divided them 50 years ago. The new constitution promulgated in 2010 provides an opportunity for national renewal, but it must confront a heavy

legacy of history. This book reveals that history.

Promoting Gender Equity in Selected Public Universities of Kenya Jane Onsongo.2011 The purpose of this study was to examine sustainable gender equity interventions in selected public universities. The study used descriptive survey and case study research methods to carry out an in-depth analysis of the gender equity interventions in selected public universities in Kenya. The sample consisted of four public universities that were selected because they had established gender centers/institutes that were assumed to be coordinating gender equity intervention. The study has the following objectives: To establish the existing gender inequalities in the formal organisational structure of the selected universities; To identify and assess sustainability of gender equity interventions in the selected public universities; To analyse the national, regional, international and organisational culture and policy contexts that have influenced and supported the introduction of the identified gender equity interventions; To investigate the attitudes of staff, students and management towards the gender equity interventions; and to recommend appropriate institutional strategies to address existing gender inequities.

Postgraduate Research Engagement in Low Resource Settings Atibuni, Dennis Zami.2019-09-27 The general academic progression, and particularly research engagement, of postgraduate students is characterized by various problems such as high dropout rates, longer completion times, low graduation rates, and high repetition or retake rates. This means that there are far fewer students pursuing postgraduate studies at tertiary institutions and universities than there are at the lower levels of education. Yet, there is growing demand for postgraduate education given its strong projected association with socioeconomic transformation at national and international levels among developed and developing countries alike. Postgraduate Research Engagement in Low Resource Settings sets out to garner strategies for fostering efficiency of research conduct among the students and faculty so as to enhance high quality output for the envisaged personal, societal, national, and international socioeconomic transformation. Covering a range of topics such as intellectual property, mental health, and quality assurance, this book is ideal for research supervisors, higher education faculty, librarians, educators, administrators, researchers, academicians, and students.
