The Cornell Alumni News .1905

The Most Difficult Revolution Alice Hanson Cook, Val R. Lorwin, Arlene K. Daniels. 2019-06-07 Over half the women in the United States are now employed outside the home, and the proportions are comparable in many European countries. Yet nowhere has this revolution in the composition of the labor force been followed by the triumph of a more difficult revolution—the struggle for full equality in the rights and roles of women. Building upon research begun by the late Val R. Lorwin and Alice H. Cook, Cook and Arlene Kaplan Daniels survey recent efforts of trade unions in Germany, Austria, Sweden, and Great Britain to ensure equal opportunity in the workplace. In identifying the successes and setbacks of the European experience, the authors consider the implications for change in the agendas of American unions. Cook and Daniels show how unions in the countries studied have promoted women's equality through the channels of internal policy, collective bargaining, and political influence. They provide rich cross-cultural comparisons of patterns of government involvement, the extent of women's participation in the unions, education of women for union leadership, access to vocational training, pay equity, the conditions of part-time work, and workplace health and safety concerns. *The Most Difficult Revolution* will be a vital resource for comparatists in the fields of women's studies, labor studies, political science, anthropology, sociology, and economics.

Mathematical Problems from Applied Logic I Dov M. Gabbay, Sergei S. Goncharov, Michael Zakharyashev. 2006-07-02 This is an overview of the current state of knowledge along with open problems and perspectives, clarified in such fields as non-standard inferences in description logics, logic of provability, logical dynamics and computability theory. The book includes contributions concerning the role of logic today, including unexpected aspects of contemporary logic and the application of logic. This book will be of interest to logicians and mathematicians in general.

Opera in Seventeenth-Century Venice Ellen Rosand. 2007-10-09 In this elegantly constructed study of the early decades of public opera, the conflicts and cooperation of poets, composers, managers, designers, and singers—producing the art form that was soon to sweep the world and that has been dominant ever since—are revealed in their first freshness.—Andrew Porter This will be a standard work on the subject of the rise of Venetian opera for decades. Rosand has provided a decisive contribution to the reshaping of the entire subject. . . . She offers a profoundly new view of baroque opera based on a solid documentary and historical-critical foundation. The treatment of the artistic self-consciousness and professional activities of the librettists, impresarios, singers, and composers is exemplary, as is the examination of their reciprocal relations. This work will have a positive effect not only on studies of 17th-century, but on the history of opera in general.—Lorenzo Bianconi

Twelve Years a Slave Solomon Northup. 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.
