Organizations Alike and Unlike (RLE: Organizations) Cornelis J. Lammers,David Hickson.2013-08-21 This volume contrasts the life and problems of organizations in many parts of the world and highlights the differences between those societies as reflected in their different institutional sectors such as manufacturing, commerce, social services and government administration. In so doing, the book contributes to the theoretical foundations of the sociology of organizations by revealing previously unseen relationships between societies and institutions, offering an original synthesis of available research.

The Star Gate Archives Edwin C. May,Sonali Bhatt Marwaha.2019-05-29 Star Gate is the largest funded program in the history of psi research receiving about \$19.933 million in funding from 1972 to 1995. Researchers from SRI International, and later at Science Applications International Corporation, in association with various U.S. intelligence agencies participated in this program. Using the remote viewing method, research focused on understanding the applicability and nature of psi in general but mostly upon informational psi. Volume 1: Remote Viewing (1972-1984) and Volume 2: Remote Viewing (1985-1995) include all aspects of RV including laboratory trials and several operational results. Volume 3 focuses on laboratory investigations on psychokinesis. Volume 4: Operational Remote Viewing: Government Memorandums and Reports includes an analysis of the applied remote viewing program and a selection of documents that provide a narrative on the behind the scenes activities of Star Gate. In a total of 504 separate missions from 1972 to 1995, remote viewing produced actionable intelligence prompting 89% of the customers to return with additional missions. The Star Gate data indicate that informational psi is a scientifically valid phenomenon. These data have led to the development of a physics and neuroscience based testable model for the underlying mechanism, which considers informational psi as a normal, albeit atypical, phenomenon. The Star Gate data found insufficient evidence to support the causal psi (psychokinesis) hypothesis.

Theories of Personality Jess Feist,Gregory J. Feist.1998 Accurate and authoritative, *Theories of Personality* by Jess and Gregory Feist presents 23 leading theories of personality in a thorough, interesting and logical manner. The book begins with an introductory chapter designed to acquaint students with the meaning of personality and provide them with a solid foundation for understanding the nature of theory and its crucial contributions to science. The next seventeen chapters present twenty three major theories with a fresh approach and a more complete view encompassing, a biographical sketch of each theorist, related research and applications to real life. When appropriate, the authors point out ways in which the theorists life experiences may have helped shape her or his theory.Feist & Feist's *Theories of Personality* organizes personality theories into four major approaches. First it presents the psychodynamic theories of Sigmund Freud, Carl Jung, Alfred Adler, Melanie Klein, Margaret Mahler, Otto Kernberg, Heinz Kohut, John Bowlby, Karen Horney, Erich Fromm, Harry Stack Sullivan and Erik Erikson. Next, it discusses the learning theories of B.F. Skinner, Albert Bandura, Walter Mischel, and Julian Rotter. The third major approach includes the dispositional theories of Raymond B. Cattell, Hans Eysenck, and Gordon Allport. The next section includes the humanistic/existential theories of George Kelly, Carl Rogers, Abraham H. Maslow, and Rollo May. The book concludes with a final word on theorists of personality, a summary of their concepts of humanity and an overall evaluation of their theories.

Compass Psychotheology: Where Psychology & Theology Really Meet Dr. Dan and Kate Montgomery.2006 Dr. Dan and Kate Montgomery's masterwork on integrating psychology and theology has practical application in the fields of pastoral ministry, counseling, personality theory, and discipleship. Praised by professors at Yale, Fuller, Gordon-Conwell, Garrett-Evangelical, University of Dubuque, Andover Newton, and Dallas theological seminaries, the Self Compass(r) growth tool produces personality transformation, strengthens relationships, and increases intimacy with God. Dr. Ray Anderson calls the book stunning and stimulating; recommended as required reading here at Fuller Theological Seminary. Theologian Gabriel Fackre writes: Thank you, Dan and Kate Montgomery, for this remarkable mating of theology and psychology.&quo

Ebook: Theories of Personality Jess Feist,Gregory Feist,Tomi-Ann Roberts.2014-10-16 The 8th edition of *Theories of Personality* follows in the tradition of the previous versions, by centering on the premise that personality theories are a reflection of the unique cultural background, family experiences, personalities, and professional training of their originators. The book begins by acquainting students with the meaning of personality and providing them with a solid foundation for understanding the nature of theory, as well as its crucial contributions to science. The chapters that follow present twenty-three major theories: coverage of each theory also encompasses a biographical sketch of each theorist, related research, and applications to real life. Changes in the 8th edition included a new chapter 8 on evolutionary personality theory, focusing on the work of David Buss. The Related Research sections in each chapter have also been updated.

The Psychology of Personality Bernardo J. Carducci.2009-03-09 This engaging, comprehensive introduction to the field of personality psychology integrates discussion of personality theories, research, assessment techniques, and applications of specific theories. The *Psychology of Personality* introduces students to many important figures in the field and covers both classic and contemporary issues and research. The second edition reflects significant changes in the field but retains many of the special features that made it a textbook from which instructors found easy to teach and students found easy to learn. Bernardo Carducci's passion for the study of personality is evident on every page.

Tests Richard C. Sweetland.1991 Revises the information in the second edition and presents over 700 new or revised tests. The *Psychology* section contains 20 subsections, *Education* has 54 subsections, and *Business* has 13 subsections. Does not contain reliability, validity, and normative data. Use the complementary *Test Critiques* series for this information.

The Counseling Dictionary Samuel T. Gladding.2017-07-21 This authoritative reference book by one of the most distinguished leaders in the profession features 4,000 commonly used terms and abbreviations in counseling. Since publication of the previous edition, Dr. Samuel Gladding has added 342 new, clear, and concise definitions and has fully updated existing terminology. This exceptional resource also highlights the professional contributions of prominent counselors, both historical and contemporary, and includes a current chronology of the evolution of counseling. In addition, it provides comprehensive contact information for self-help groups and nationally prominent helping organizations. Frequent cross-referencing of terms enhances the reader's understanding of more complex principles. *Requests for digital versions from the ACA can be found on wiley.com. *To request print copies, please visit the ACA website here. *Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org

A Fallen Angel Florence Ridlon.1988 An analysis of the literature and of the author's own research on female alcoholics that uses the concept of status insularity to expand labeling theory within the field of the sociology of deviance.

Eugene Kennedy William Van Ornum.2017-10-17 For two decades, Eugene Kennedy was one of the church's fiercest critics in the sexual abuse crisis, with frequent articles in National Catholic Reporter. This book—written as an appreciation by one of Kennedy's former students at Loyola University of Chicago—recalls and assesses his huge literary output throughout fifty years of active research and writing. Kennedy's entire career can be seen as an extension of Vatican II. Topics in the tremendous arc of his career include a career-starting book on improving seminaries, inspiring books about faith in the twentieth century, leadership in the 1972 study by United States Catholic bishops, books on how to do counseling at the parish level, ongoing reviews of how the church put Vatican II in motion, and his last book, which is a gentle collection of blogs as he fondly reminisced about his life. In the middle of all this, he was a successful novelist and political commentator whose editor was Jacqueline Kennedy Onassis. And much, much more.

Everett L Shostrom Poi Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the energy of words has been evident than ever. They have the capability to inspire, provoke, and ignite change. Such could be the essence of the book **Everett L Shostrom Poi**, a literary masterpiece that delves deep into the significance of words and their effect on our lives. Written by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book's key themes, examine its writing style, and analyze its overall affect on readers.
