**Against Expression** Craig Dworkin, Kenneth Goldsmith. 2011-01-17 Charles Bernstein has described conceptual poetry pregnant with thought. *Against Expression*, the premier anthology of conceptual writing, presents work that is by turns thoughtful, funny, provocative, and disturbing. Editors Craig Dworkin and Kenneth Goldsmith chart the trajectory of the conceptual aesthetic from early precursors such as Samuel Beckett and Marcel Duchamp through major avant-garde groups of the past century, including Dada, Oulipo, Fluxus, and language poetry, to name just a few. The works of more than a hundred writers from Aasprong to Zykov demonstrate a remarkable variety of new ways of thinking about the nature of texts, information, and art, using found, appropriated, and randomly generated texts to explore the possibilities of non-expressive language. --Book Jacket.

*Zen Poetry* Lucien Stryk, Takashi Ikemoto. 2007-12-01 From the editors of *Zen Poems of China and Japan* comes the largest and most comprehensive collection of its kind to appear in English. This collaboration between a Japanese scholar and an American poet has rendered translations both precise and sublime, and their selections, which span fifteen hundred years—from the early T'ang dynasty to the present day—include many poems that have never before been translated into English. Stryk and Ikemoto offer us Zen poetry in all its diversity: Chinese poems of enlightenment and death, poems of the Japanese masters, many haiku—the quintessential Zen art—and an impressive selection of poems by Shinkichi Takahashi, Japan's greatest contemporary Zen poet. With *Zen Poetry*, Lucien Stryk and Takashi Ikemoto have graced us with a compellingly beautiful collection, which in their translations is pure literary pleasure, illuminating the world vision to which these poems give permanent expression.

*Zen Poems of China and Japan* Lucien Stryk, Takashi Ikemoto. 2007-12-01 “Excellent . . . A fine introduction to Chinese and Japanese Zen poetry for all readers” from the editors of *Zen Poetry: Let the Spring Breeze Enter* (Choice). Capturing in verse the ageless spirit of Zen, these 150 poems reflect the insight of famed masters from the ninth century to the nineteenth. The translators, in collaboration with Zen Master Taigan Takayama, have furnished illuminating commentary on the poems and arranged them as to facilitate comparison between the Chinese and Japanese Zen traditions. The poems themselves, rendered in clear and powerful English, offer a unique approach to Zen Buddhism, “compared with which,” as Lucien Stryk writes, “the many disquisitions on its meaning are as dust to living earth. We see in these poems, as in all important religious art, East or West, revelations of spiritual truths touched by a kind of divinity.” “One of the most intimate and dynamic books yet published on Zen.” —Sanford Goldstein, *Arizona Quarterly*

*Burning Lights* Bella Chagall. 2013-04-16 It is an odd thing: a desire comes to me to write, and to write in my faltering mother tongue, which, as it happens, I have not spoken since I left the home of my parents. Far as my childhood years have receded from me, I now suddenly find them coming back to me, closer and closer to me, so near, they could be breathing into my mouth. I see myself so clearly a plump little thing, a tiny girl running all over the place, pushing my way from one door through another, hiding like a curled-up little worm with my feet up on our broad window sills. My father, my mother, the two grandmothers, my handsome grandfather, my own and outside families, the comfortable and the needy, weddings and funerals, our streets and gardens all this streams before my eyes like the deep waters of our Dvina. My old home is not there any more. Everything is

gone, even dead. My father, may his prayers help us, has died. My mother is living and God alone knows whether she still lives in an un-Jewish city that is quite alien to her. The children are scattered in this world and the other, some here, some there. But each of them, in place of his vanished inheritance, has taken with him, like a piece of his father's shroud, the breath of the parental home. I am unfolding my piece of heritage, and at once there rise to my nose the odours of my old home. My ears begin to sound with the clamour of the shop and the melodies that the rabbi sang on holidays. From every corner a shadow thrusts out, and no sooner do I touch it than it pulls me into a dancing circle with other shadows. They jostle one another, prod me in the back, grasp me by the hands, the feet, until all of them together fall upon me like a host of humming flies on a hot day. I do not know where to take refuge from them. And so, just once, I want very much to wrest from the darkness a day, an hour, a moment belonging to my vanished home. But how does one bring back to life such a moment? Dear God, it is so hard to draw out a fragment of bygone life from fleshless memories! And what if they should flicker out, my lean memories, and die away together with me? I want to rescue them. I recall that you, my faithful friend, have often in affection begged me to tell you about my life in the time before you knew me. So I am writing for you.

**Sasha and Emma** Paul Avrich, Karen Avrich. 2012-11-01 In 1889 Emma Goldman and Alexander Berkman met in a Lower East Side coffee shop. Over the next fifty years they became fast friends, fleeting lovers, and loyal comrades. This dual biography offers a glimpse into their intertwined lives, the influence of the anarchist movement they shaped, and their unyielding commitment to equality and justice.

*Modern Art in Eastern Europe* S. A. Mansbach. 2001-02-05 This pioneering and award-winning study provides the world with the first coherent narrative of Eastern European contributions to the modern art movement. Analyzing an enormous range of works, from art centers such as Prague, Warsaw and Budapest, (many published here for the first time), S.A. Mansbach shows that any understanding of Modernism is essentially incomplete without the full consideration of vital Eastern European creative output. He argues that Cubism, Expressionism and Constructivism, along with other great modernist styles, were merged with deeply rooted, Eastern European visual traditions. The art that emerged was vital modernist art that expressed the most pressing concerns of the day, political as well as aesthetic. Mansbach examines the critical reaction of the contemporary artistic culture and political state. A major groundbreaking interpretation of Modernism, *Modern Art in Eastern Europe* completes any full assessment of twentieth-century art, as well as its history. *Modern Art in Eastern Europe* is the recipient of the 1997 C.I.N.O.A. Prize, awarded by La Confédération Internationale de Négociants en Oeuvres d'Art. The prize is awarded to defray the costs of publication in order to encourage publishers to produce manuscripts of particular merit and the works of younger art historians.

*Vygotsky's Notebooks* Ekaterina Zavershneva, René van der Veer. 2018-01-24 This book consists of previously unpublished manuscripts by Vygotsky found in the first systematic study of Vygotsky's family archive. The notebooks and scientific diaries gathered in this volume represent all periods of Vygotsky's scientific life, beginning with the earliest manuscript, entitled *The tragicomedy of strivings* (1912), and ending with his last note, entitled *Pro domo sua* (1934), written shortly before his death. The notes reveal unknown aspects of the eminent psychologist's personality, show his aspirations and interests, and allow us to gain insights into the development of his thinking and its internal dynamics. Several texts reflect the plans that Vygotsky was unable to realize during his lifetime, such as the creation of a theory of emotions and a theory of consciousness, others reveal Vygotsky's involvement in activities that were previously unknown, and still others provide outlines of papers and lectures. The notes are presented in chronological order, preceded by brief introductions and accompanied by an extensive set of notes. The result is a book that allows us to obtain a much deeper understanding of Vygotsky's innovative ideas.

**Beyond Memory** Diane Neumaier.2004 Photography possesses a powerful ability to bear witness, aid remembrance, shape, and even alter recollection. In *Beyond Memory: Soviet Nonconformist Photography and Photo-Related Works of Art*, the general editor, Diane Neumaier, and twenty-three contributors offer a rigorous examination of the medium's role in late Soviet unofficial art. Focusing on the period between the mid-1950s and the late 1980s, they explore artists' unusually inventive and resourceful uses of photography within a highly developed Soviet dissident culture. During this time, lack of high-quality photographic materials, complimented by tremendous creative impulses, prompted artists to explore experimental photo-processes such as camera and darkroom manipulations, photomontage, and hand-coloring. Photography also took on a provocative array of forms including photo installation, artist-made samizdat (self-published) books, photo-realist painting, and many other surprising applications of the flexible medium. *Beyond Memory* shows how innovative conceptual moves and approaches to form and content-echoes of Soviet society's coded communication and a Russian sense of absurdity-were common in the Soviet cultural underground. Collectively, the works in this anthology demonstrate how late-Soviet artists employed irony and invention to make positive use of difficult circumstances. In the process, the volume illuminates the multiple characters of photography itself and highlights the leading role that the medium has come to play in the international art world today. *Beyond Memory* stands on its own as a rigorous examination of photography's place in late Soviet unofficial art, while also serving as a supplement to the traveling exhibition of the same title.

Cultural Literacy E.D. Hirsch, Jr..1988-04-12 A must-read for parents and teachers, this major bestseller reveals how cultural literacy is the hidden key to effective education and presents 5000 facts that every literate American should know. In this forceful manifesto Professor E. D. Hirsch, Jr., argues that children in the United States are being deprived of the basic knowledge that would enable them to function in contemporary society. They lack cultural literacy: a grasp of background information that writers and speakers assume their audience already has. Even if a student has a basic competence in the English language, he or she has little chance of entering the American mainstream without knowing what a silicon chip is, or when the Civil War was fought. An important work that has engendered a nationwide debate on our educational standards, *Cultural Literacy* is a

required reading for anyone concerned with our future as a literate nation.

**Portnoy's Complaint** Philip Roth.1994-09-20 The groundbreaking novel from the Pulitzer Prize-winning author of *American Pastoral* that originally propelled its author to literary stardom: told in a continuous monologue from patient to psychoanalyst, this masterpiece draws us into the turbulent mind of one lust-ridden young Jewish bachelor named Alexander Portnoy. Deliciously funny...absurd and exuberant, wild and uproarious...a brilliantly vivid reading experience. —The New York Times Book Review Touching as well as hilariously lewd.... Roth is vibrantly talented. —New York Review of Books *Portnoy's Complaint* n. [after Alexander Portnoy (1933- )] A disorder in which strongly-felt ethical and altruistic impulses are perpetually warring with extreme sexual longings, often of a perverse nature. Spielvogel says: 'Acts of exhibitionism, voyeurism, fetishism, auto-eroticism and oral coitus are plentiful; as a consequence of the patient's morality, however, neither fantasy nor act issues in genuine sexual gratification, but rather in overriding feelings of shame and the dread of retribution, particularly in the form of castration.' (Spielvogel, O. *The Puzzled Penis*, *Internationale Zeitschrift für Psychoanalyse*, Vol. XXIV, p. 909.) It is believed by Spielvogel that many of the symptoms can be traced to the bonds obtaining in the mother-child relationship.

*All that is Solid Melts Into Air* Marshall Berman.1983 The experience of modernization -- the dizzying social changes that swept millions of people into the capitalist world -- and modernism in art, literature and architecture are brilliantly integrated in this account.

*The Snow Falling on Chagall's Village* Ch'un-su Kim.1998 Kim Ch'un-Su is one of the most original poets in modern Korean poetry. He was influenced by Rilke for a while, but embarked on a series of his own poetic experiments culminating in what he calls the poetry of meaning. An avowed purist, he would not believe in ideas, ideologies, or even history. His poems, in consequence, tend to present only moments of vivid sensations and fantasies refracted through his consciousness. Kim has won the Modern Korean Literature Translation Award and the Poetry Prize in Korea. This volume contains a selection of all the phases of Kim Chun-Su (made in terms of communicability and presentability).

*A Certain Age* Rudolf Mrázek.2010-04-16 *A Certain Age* is an unconventional, evocative work of history and a moving reflection on memory, modernity, space, time, and the limitations of traditional historical narratives. Rudolf Mrázek visited Indonesia throughout the 1990s, recording lengthy interviews with elderly intellectuals in and around Jakarta. With few exceptions, they were part of an urban elite born under colonial rule and educated at Dutch schools. From the early twentieth century, through the late colonial era, the national revolution, and well into independence after 1945, these intellectuals injected their ideas of modernity, progress, and freedom into local and national discussion. When Mrázek began his interviews, he expected to discuss phenomena such as the transition from colonialism to postcolonialism. His interviewees, however, wanted to share more personal recollections. Mrázek illuminates their stories of the past with evocative depictions of their late-twentieth-century surroundings. He

brings to bear insights from thinkers including Walter Benjamin, Bertold Brecht, Le Corbusier, and Marcel Proust, and from his youth in Prague, another metropolis with its own experience of passages and revolution. Architectural and spatial tropes organize the book. Thresholds, windowsills, and sidewalks come to seem more apt as descriptors of historical transitions than colonial and postcolonial, or modern and postmodern. Asphalt roads, homes, classrooms, fences, and windows organize movement, perceptions, and selves in relation to others. A Certain Age is a portal into questions about how the past informs the present and how historical accounts are inevitably partial and incomplete.

*Mirror of the World* Julian Bell.2010-05-25 “Exuberant, astute, and splendidly illustrated history of world art . . . draws fascinating parallels between artistic developments in Western and non-Western art.”—Publishers Weekly In this beautifully written story of art, Julian Bell tells a vivid and compelling history of human artistic achievements, from prehistoric stone carvings to the latest video installations. Bell, himself a painter, uses a variety of objects to reveal how art is a product of our shared experience and how, like a mirror, it can reflect the human condition. With hundreds of illustrations and a uniquely global perspective, Bell juxtaposes examples that challenge and enlighten the reader: dancing bronze figures from southern India, Romanesque sculptures, Baroque ceilings, and jewel-like Persian manuscripts are discussed side by side. With an insider’s knowledge and an unerring touch, Bell weaves these diverse strands into an invaluable introduction to the wider history of world art.

**The Annotated Mona Lisa** Carol Strickland,John Boswell.2007-10 Like music, art is a universal language. **Max Loehr and the Study of Chinese Bronzes** Robert W. Bagley.2008 Max Loehr (1903-1988), the most distinguished historian of Chinese art of his generation, is celebrated above all for a 1953 art historical study of Chinese bronzes that effectively predicted discoveries Chinese archaeologists were about to make. Those discoveries in turn overthrew the theories of Loehr's great rival Bernhard Karlgren (1889-1978), a Swedish sinologue whose apparently scientific use of classification and statistics had long dominated Western studies of the bronzes. Revisiting a controversy that was ended by archaeology before the issues at stake were fully understood, Robert Bagley shows its methodological implications to be profound. Starting with a close reading of the work of Karlgren, he uses an analogy with biological taxonomy to clarify questions of method and to distinguish between science and the appearance of science. Then, turning to Loehr, he provides the rationale for an art history that is concerned above all with constructing a meaningful history of creative events, one that sees the intentionality of designers and patrons as the driving force behind stylistic

change. In a concluding chapter he analyzes the concept of style, arguing that many classic confusions in art historical theorizing arise from a failure to recognize that style is not a property of objects. Addressed not just to ancient China specialists or historians of Chinese art, this book uses Loehr's work on bronzes as a case study for exploring central issues of art history. It will be of interest to anyone concerned with the analysis of visual materials.

**The Memory of Tiresias** M. B. Iampolski. 1998-10-26 Iampolski deals with concepts and ideas that are highly complex and frequently very abstract, yet his discussion—and the progression of his analyses—is always precise and easy to follow. . . . Each of his points is grounded in a careful examination of a specific text, and most of the texts are well-known to American audiences.—Vladimir Padunov, University of Pittsburgh

Island of the Blue Dolphins Scott O'Dell. 1960 Far off the coast of California looms a harsh rock known as the island of San Nicholas. Dolphins flash in the blue waters around it, sea otter play in the vast kelp beds, and sea elephants loll on the stony beaches. Here, in the early 1800s, according to history, an Indian girl spent eighteen years alone, and this beautifully written novel is her story. It is a romantic adventure filled with drama and heartache, for not only was mere subsistence on so desolate a spot a near miracle, but Karana had to contend with the ferocious pack of wild dogs that had killed her younger brother, constantly guard against the Aleutian sea otter hunters, and maintain a precarious food supply. More than this, it is an adventure of the spirit that will haunt the reader long after the book has been put down. Karana's quiet courage, her Indian self-reliance and acceptance of fate, transform what to many would have been a devastating ordeal into an uplifting experience. From loneliness and terror come strength and serenity in this Newbery Medal-winning classic.

**My Life** Marc Chagall. 1989

*Mayakovsky* Bengt Jangfeldt. 2014-12-23 A Life at Stake is the first serious biography of the legendary Russian poet Vladimir Mayakovsky. Physically imposing, crude, a sexual adventurer and ex-convict, Mayakovsky rose to fame between 1912 and 1917 as a Futurist agitator and the author of radical poems and plays. He embraced the Russian Revolution and became one of its most passionate propagandists, then at the age of thirty-six took his own life, disappointed in the course of Soviet society and ravaged by private conflicts. Mayakovsky's poems are as exhilarating today as when he declaimed them for friends in smoky flats in Moscow, Berlin, Paris, and New York. In Bengt Jangfeldt's propulsive biography, Mayakovsky's life, too, is compelling: a story of constant, passionate upheaval against the background of the First World War, the Russian Revolution, Stalin's terror, and cycles of anti-Semitism. Mayakovsky emerges from this biography a highly vulnerable figure, more a dreamer than a revolutionary, more a political romantic than a hardened Communist.
