Evidence in International Arbitration Proceedings Peter Eijsvoogel.1994-06-27 This is the second volume to appear in the new and already successful AIJA Law Library series. This volume has been prepared by members of the AIJA Standing Commission on International Arbitration under the editorship of Peter Eijsvoogel. It is intended to be a reference work for practitioners in the field of international arbitration, both counsellors and arbitrators. Twenty national reports from major jurisdictions outline the general character of the legal system in respect of ADR procedures, sources of procedural rules for arbitration, law and practice on documentary evidence and submissions, testimonial evidence and the involvement of experts. In addition, the book contains a detailed analysis of the legal rules pertaining to the taking of evidence in both civil and common law systems, and highly practical contributions relating to deposition skills.

Five Masters of International Law Antonio Cassese.2011-03-15 This book consists of interviews with five distinguished international lawyers from the UK, USA, Uruguay and France, conducted by the editor, Antonio Cassese, between 1993 and 1995. Each interview is preceded by a brief 'intellectual portrait' of the interviewee. In his general introduction Cassese stresses that the interviews, all based on the same questionnaire, were intended to bring out not only the main ideas associated with each scholar in the fields of international law and international relations, but also his intellectual and philosophical background, his general outlook and his views of the prospects for the evolution of the international community. In his final essay, Cassese brings together the main threads of the interviews and points to the parallels and divergences appearing from them. This book offers a unique and important insight into the legal minds and outlook of a select group of prominent scholars of international law and legal institutions during the last years of the twentieth century.

Dogmática del derecho disciplinario 4ed Carlos Arturo Gómez.2002-01-01 4.a ed. actualizada de acuerdo con las Leyes 734 de 2002 y 1123 de 2007, la jurisprudencia de la Corte Constitucional en la materia, las decisiones de la Procuraduría General de la Nación y la Sala Jurisprudencial Disciplinaria del Consejo Superior de la Judicatura . Esta cuarta edición busca actualizar la anterior teniendo en cuenta la evolución que la temática tratada ha tenido en el derecho comparado, en la jurisprudencia constitucional y en la práctica disciplinaria de la Procuraduría General de la Nación. Pero muy especialmente en las nuevas disposiciones de la Parte General de la Ley 1123 de 2007 Código Disciplinario del Abogado , que en nuestro sentir consolidan la idea de una dogmática del derecho disciplinario. Sobre lo primero debe decirse que la pretendida identidad cualitativa entre derecho penal y derecho disciplinario, pregonada por la doctrina española de corte penalista, no ha tenido acogida en la jurisprudencia del Tribunal Constitucional español y parece, según lo afirman connotados penalistas de actualidad, infunde su criterio sobre aquélla. Pero también debe aclararse que la doctrina española trata indiferentemente todas las modalidades de infracción administrativa, sin distinguir las peculiaridades del derecho disciplinario propiamente dicho, en el cual la doctrina y la jurisprudencia enseñan diferencias cualitativas respecto del derecho penal a partir de la llamada relación especial de sujeción que gobierna a aquél.

Nueva introducción a la teoría del derecho Santiago Carretero Sánchez.2010-07-31 El presente manual pretende acercar la Teoría del Derecho a la realidad empresarial y jurídica con la que se va a encontrar el jurista cuando abandone sus estudios de licenciatura, pues el aprendizaje como jurista no se abandona nunca. Es cierto que esta disciplina se encuentra en una encrucijada entre su carácter valorativo y crítico y la práctica que se precisa a los juristas de forma global por el mundo del trabajo. No puede renunciar a ninguna de las dos, por ello, también toca los temas de la realidad judicial de nuestros días, la incidencia de las leyes y su aplicación. Todo ello informando de un aparato conceptual que, en toda ciencia, debe existir más o menos denso, pero al que no se puede renunciar.

Derecho Internacional Público: Organizaciones internacionales Sergio Guerrero Verdejo.2023-08-17 En el Derecho Internacional Público, los Estados han sido históricamente considerados, al igual que por algunos autores, como los principales actores en la Sociedad Internacional. El Estado ha tenido una gran importancia en la Sociedad Internacional moderna, sobre todo en el siglo XX.

Dogmática del Derecho Disciplinario (6a edición) Carlos Arturo Gómez Pavajeau.2017-07-01 Trascendental trabajo ha realizado Carlos Arturo Gómez Pavajeau, actual Viceprocurador General de la Nación, en esta obra titulada Dogmática del derecho disciplinario, en aras de afianzar el derecho disciplinario como una especialidad jurídica, con una estructura propia, acorde con los principios consagrados en nuestra Constitución Política, fuente primaria y directa de la aplicación del derecho, apartándose definitivamente de las distintas tendencias que lo ubican unas como una especie del derecho penal y otras en conexión con el derecho administrativo. Consecuente con ello es que el autor sienta las bases y crea una dogmática propia del derecho disciplinario fundamentada en los principios de tipicidad, antijuridicidad y culpabilidad, inherentes a la nueva disciplina que ha logrado edificar. Tras un recuento histórico de las diversas tendencias y la evolución del derecho penal, y una vez expuestas las disímiles posturas de sus categorías, se presenta este trabajo con una metodología diferente a través de la cual se pretende definir la naturaleza jurídica del derecho disciplinario, buscando otorgarle identidad y concreción propias a la falta disciplinaria y a las categorías dogmáticas que igualmente la deben integrar. Todo esto con el fin de darle alcance de ciencia a este derecho, de manera independiente y autónoma, supeditando los principios de oportunidad y conveniencia, consubstanciales al mismo, a la vigencia del principio de legalidad, así como a postulados importantísimos del derecho penal.

Estudios de Dogmática en el Código Penal de 2000 Carlos Arturo Gómez Pavajeau, María Marta Gómez Barranco.2021-02-17 El mundo hoy se encuentra globalizado. Tal vez, si algo tiene mayor ecumenicidad en él, es la temática fundamental de su existencia: los derechos humanos. Esto muestra una paradoja universal, pero también -local, que es imprescindible atenderla si no se quiere dislocar lo global. Ese entramado inexorable conlleva a otra paradoja: ¿cómo integrar lo internacional con lo nacional sin que lo uno y otro se auto deslegitimen? El primer aspecto es la actual y reconocida constitucionalización del derecho, en especial del derecho penal, que sin duda se encuentra en el núcleo duro de los derechos humanos, tal como lo demuestran las discusiones más álgidas, sobresalientes y características de la actualidad, las cuales resultan inseparables. Pero toda sociedad y cultura tienen sus identidades propias. De allí que se parta de un mínimo de garantías

que deben reconocerse a nivel internacional, mismo que puede ser mejorado internamente, de manera que la implementación de un acuerdo tiene que partir del principio pro homine o pro libertate, de conformidad con los artículos 5 del Pacto Internacional de Derechos Civiles y Políticos, y 29 de la Convención Americana de Derechos Humanos, en armonía con los artículos 1, 2,4,9,85,86,93 y 228 de la Carta Política. Este libro, de alguna manera, pretende como programa recorrer ese camino.

General Theory of Law and State Hans Kelsen.2017-07-05 Widely regarded as the most important legal theorist of the twentieth century, Hans Kelsen is best known for his formulation of the pure theory of law, - within which the study of international law was his special field of work. The present volume, *General Theory of Law and State*, first published in 1945, allowed Kelsen to adjust his pure theory of law to American circumstances after World War II. It also afforded him the opportunity to present to English-speaking readers his latest ideas on the supremacy of international law. The volume is divided into two parts: the first devoted to law, the second to the state. Together these topics constitute the most systematic and comprehensive exposition of Kelsen's jurisprudence. The volume is not only a compendium of Kelsen's lifework up to that time; it is also an extension of his theories, to embrace the problems and institutions of English and American law as well as those of the Civil Law countries. Indeed, references to Continental European law are minimal compared with examples, scattered throughout the text, taken from the U.S. Constitution and several American court cases. This is more than a concession to American readers; it signifies that Kelsen's legal theory is truly general in that it accounts for the Common Law as well as the Civil Law. A systematic treatise on jurisprudence, *General Theory of Law and State* is a substantial reformulation of Kelsen's ideas articulated in several of his previous books, written in German. The juridical principles put forth by the most important legal theorist of the twentieth century remain of great value. This volume will be read by legal scholars, political scientists, and intellectual historians.

Dogmática del derecho disciplinario Carlos Arturo Gómez Pavajeau.2021-02-17 La séptima edición de nuestra Dogmática del derecho disciplinario llega en una etapa crucial de la evolución de

la disciplina en Colombia, ante las tribulaciones estatales de poner o no en vigencia el llamado Código General Disciplinario, por lo que cabe preguntarse se se trata de una desafortunada involución ante los significativos avances que la materia ha logrado en Colombia, donde se ha convertido en modelo para emular en el derecho comparado. Aquí se trata de tal dilema, no obstante que la edición se hizo de tal forma que puede ser leída sin dificultad alguna a la luz de la Ley 734 de 2002 o del Código General Disciplinario, en el evento de sancionarse o no por el señor Presidente de la República el por ahora proyecto de ley aprobado por el Congreso. La discusión está abierta y planteada con una sólida argumentación y dura sinceridad; la historia se encargará de establecer si nos equivocamos o acertamos en nuestros juicios y valoraciones, disculpándonos de antemano si algún colega se siente mortificado por las alimentaciones que se hacen en el texto, pero la ciencia persigue la verdad aun en contra de las emociones que pueden despertar.
