I Had a Black Dog Matthew Johnstone.2012-03-01 'I Had a Black Dog says with wit, insight, economy and complete understanding what other books take 300 pages to say. Brilliant and indispensable.' - Stephen Fry 'Finally, a book about depression that isn't a prescriptive self-help manual. Johnston's deftly expresses how lonely and isolating depression can be for sufferers. Poignant and humorous in equal measure.' Sunday Times There are many different breeds of Black Dog affecting millions of people from all walks of life. The Black Dog is an equal opportunity mongrel. It was Winston Churchill who popularized the phrase Black Dog to describe the bouts of depression he experienced for much of his life. Matthew Johnstone, a sufferer himself, has written and illustrated this moving and uplifting insight into what it is like to have a Black Dog as a companion and how he learned to tame it and bring it to heel.

Bring Him Back, Jack Holly Day.2021-07-10 Once every century, a shadow walker is born. Ivan Charna is that shadow walker, and he and his sister Raina are on the run from wizards who want to sacrifice their blood in some crazy rite. They never stay long in one place, and they do their best not to stand out. When Raina loses a bet, Ivan is forced to work off her debt, and they have to stay put. As long as no wizard figures out what they are, Ivan doesn't mind all that much since he gets to work with his favorite vampire. Malik lives in a cell in a basement. He's never allowed to go anywhere without chains around his wrists and ankles, and there is a stake hovering over his heart at all times. Master can trigger the stake with a push of a button. He doesn't even have to be in the same room to do it. Malik dreams of a different life, a life with Ivan, but he's a vampire, and vampires have to do what their masters tell them. Ivan only has to steal one last diamond, then the debt is paid, and he and Raina can leave town. It should be easy, but when Remington Redwood, the man Raina owes money, insists on having Malik shadow his every step, it complicates things. Malik might dream about making Ivan his, but getting him away from Master alive has to be enough. Ivan knows it's a stupid risk to take, but if he's stealing a diamond, what's to say he can't steal a giant vampire too?

**Plant Responses to Hyperarid Desert Environments** Monier M. Abd El-Ghani, Francisco Martín Huerta-Martínez, Liu Hongyan, Rahmatullah Qureshi.2017-11-10 This book provides a comprehensive discussion on plant responses in hyperarid regions of Egypt, China, Mexico, and Pakistan. It describes their location, physiographic features, accidental vegetation along two transects, endangered vegetation species, human impact, and variety of plant types (e.g. climbing, succulent, and parasitic). Studies on biotic and abiotic interactions, plant biodiversity, and soil-plant relationships are also covered. Covering a wide range of plant conditions and adaptations, this book analyzes what happens when plants must endure very high temperatures and aridity. Plants have adapted by evolving their physical structure to store and conserve water. Examples are the absence of leaves which reduces transpiration and the growth of extremely long roots, allowing them to acquire moisture at, or near the water table. Plants in hyperarid habitats have also made behavioral adaptations in order to survive by synchronizing with the seasons of greatest moisture and/or coolest temperatures. For example, desert perennials remain dormant during dry periods of the year, then spring to life when water becomes available. The book includes many color illustrations, and has extensive and up-to-date references for further reading.

*Call Me Charles* Holly Day.2021-10-09 Charles Bowman was having a bad day even before his friends showed up to kidnap him for his birthday. He lost his nametag, missed the bus, and was late for his shift in the sandwich shop, but that isn't the worst. The worst is he's accidentally been poisoning Hubert, the owner of the candy shop across from the sandwich shop, with gluten despite Hubert ordering gluten-free sandwiches. When Charles finds himself soaking wet on a deserted road in the chilling October night, the worst gets an entirely new meaning. But right as he's about to give up, Hubert comes driving on his motorcycle. Being responsible for gluten poisoning aside, Charles has never been as glad to see his knight in black leather, but is going home with Hubert a good idea? Or will the worst get even worse?

Carmichael and Stoddard describe the process of planning, preparation, and execution of their Mount Kilimanjaro adventure. The book is intended to be a step-by-step guide for training, making arrangements, gearing up, and preparing for potential medical problems, time differences and language barriers. They offer hiking guidelines, mental strategies, and even photography techniques. Their diary of the six-day climb gives a vivid description of how they made it up the mountain and back down. **Poverty Reduction Through Non-Timber Forest Products** Deepa Pullanikkatil,Charlie M. Shackleton.2018-11-23 This book narrates personal stories of people from around the world who have used natural products, in particular Non Timber Forest Products (NTFPs) as a means to come out of poverty. Ending poverty remains a major worldwide challenge and is the number one goal under the UN Sustainable Development Goals. The book fills an important knowledge gap; that of personal stories of NTFP users. This has not been part of past publications on NTFPs which tend to focus on statistics and analysis of numbers, thus, the human faces of NTFP users are missing. Narrative stories provide a wealth of data about people and their experiences rather than aggregated classifications, categories and characteristics of poverty. The objective of this book is to illustrate the poverty alleviation potential of NTFPs through documenting the personal life stories of individuals and households that lifted themselves out of poverty through trade of NTFPs. This book is for all who are interested in poverty alleviation and NTFPs.

**The Last Suspicious Holdout** Ladee Hubbard.2022-03-08 The critically acclaimed author of *The Rib King* returns with an eagerly anticipated collection of interlocking short stories including the title story written exclusively for this volume, that explore relationships between friends, family and strangers in a Black neighborhood over fifteen years The thirteen gripping tales In *The Last Suspicious Holdout*, the new story collection by award-winning author Ladee Hubbard, deftly chronicle poignant moments in the lives of an African American community located in a "sliver of

southern suburbia.” Spanning from 1992 to 2007, the stories represent a period during which the Black middle-class expanded while stories of welfare Queens, crack babies, and super predators abounded in the media. In “False Cognates,” a formerly incarcerated attorney struggles with raising the tuition to keep his troubled son in an elite private school. In “There He Go,” a young girl whose mother moves constantly clings to a picture of the grandfather she doesn’t know but invents stories of his greatness. Characters spotlighted in one story reappear in another, providing a stunning testament to the enduring resilience of Black people as they navigate the “post-racial” period. *The Last Suspicious Holdout* so vividly portrays.

**Love with a Chance of Drowning** Torre DeRoche. 2013-05-14 New love. Exotic destinations. A once-in-a-lifetime adventure. What could go wrong? City girl Torre DeRoche isn't looking for love, but a chance encounter in a San Francisco bar sparks an instant connection with a soulful Argentinean man who unexpectedly sweeps her off her feet. The problem? He's just about to cast the dock lines and voyage around the world on his small sailboat, and Torre is terrified of deep water. However, lovesick Torre determines that to keep the man of her dreams, she must embark on the voyage of her nightmares, so she waves good-bye to dry land and braces for a life-changing journey that's as exhilarating as it is terrifying. Somewhere mid-Pacific, she finds herself battling to keep the old boat, the new relationship, and her floundering sanity afloat. . . . This sometimes hilarious, often harrowing, and always poignant memoir is set against a backdrop of the world's most beautiful and remote destinations. Equal parts love story and travel memoir, *Love with a Chance of Drowning* is witty, charming, and proof positive that there are some risks worth taking.

**Judging Research** Martyn Rittmann. 2020-04-17 The 2019 MPDI Writing Prize invited early stage researchers who are not native English speakers to write on the subject of how research should be evaluated and how researchers should be rewarded. Six prizes were awarded, however there were many more entries. This book collates many of those entries and contains inspiring, thought-provoking and original viewpoints of open science through the eyes of those conducting research on a daily basis.

**Not for America Alone** George John Mitchell. 1997 The former Senate Majority Leader focuses on the lives of Karl Marx, Franklin Roosevelt, and Mikhail Gorbachev to show why our democratic system has consistently succeeded in meeting the challenges of our times while the Communist system failed. Senator Mitchell illuminates broad themes by drawing parallels between events in America and those abroad - Hitler seized absolute power, for instance, just two days before FDR's inauguration. At the same time, he gives his narrative rare immediacy with anecdotes from a career that involved close cooperation with four presidents and face-to-face meetings with world leaders, including Gorbachev himself. Blending personal experience with global perspective, *Not for America Alone* offers provocative new insight into strengths that have not only sustained America in the past, but can also guide us into the future.

**Some People Let You Down** Mike Alberti. 2020-11-13 The nine stories in Mike Alberti's debut collection shine a sharp light on small-town American life —not the Arcadian small towns of yesteryear, but the old mill towns hanging on after the mill has stopped running, the deserted agricultural communities in the middle of vast industrial farms, places where bad luck has become part of the weather. But even in these blighted, neglected landscapes, the possibility of renewal always presents itself: there is hope for these places and the characters who inhabit them. In these fresh, innovative stories, some people let you down, but some people don't.

**The Concubine, the Princess, and the Teacher** Douglas Scott Brookes. 2010-01-01 In the Western imagination, the Middle Eastern harem was a place of sex, debauchery, slavery, miscegenation, power, riches, and sheer abandon. But for the women and children who actually inhabited this realm of the imperial palace, the reality was vastly different. In this collection of translated memoirs, three women who lived in the Ottoman imperial harem in Istanbul between 1876 and 1924 offer a fascinating glimpse behind the veil into the lives of Muslim palace women of the late nineteenth and early twentieth centuries. The memoirists are Filizten, concubine to Sultan Murad V; Princess Ayse, daughter of Sultan Abdulhamid II; and Safiye, a schoolteacher who

instructed the grandchildren and harem ladies of Sultan Mehmed V. Their recollections of the Ottoman harem reveal the rigid protocol and hierarchy that governed the lives of the imperial family and concubines, as well as the hundreds of slave women and black eunuchs in service to them. The memoirists show that, far from being a place of debauchery, the harem was a family home in which polite and refined behavior prevailed. Douglas Brookes explains the social structure of the nineteenth-century Ottoman palace harem in his introduction. These three memoirs, written across a half century and by women of differing social classes, offer a fuller and richer portrait of the Ottoman imperial harem than has ever before been available in English.

**Interpretative Phenomenological Analysis** Jonathan A Smith,Paul Flowers,Michael

Larkin.2012-08-14 'It is not often I can use accessible and phenomenology in the same sentence, but reading the new book, Interpretative Phenomenological Analysis...certainly provides me the occasion to do so. I can say this because these authors provide an engaging and clear introduction to a relatively new analytical approach' - The Weekly Qualitative Report Interpretative phenomenological analysis (IPA) is an increasingly popular approach to qualitative inquiry. This handy text covers its theoretical foundations and provides a detailed guide to conducting IPA research. Extended worked examples from the authors' own studies in health, sexuality, psychological distress and identity illustrate the breadth and depth of IPA research. Each of the chapters also offers a guide to other good exemplars of IPA research in the designated area. The final section of the book considers how IPA connects with other contemporary qualitative approaches like discourse and narrative analysis and how it addresses issues to do with validity. The book is written in an accessible style and will be extremely useful to students and researchers in psychology and related disciplines in the health and social sciences.

**Native Speaker** Chang-rae Lee.1996-03-01 ONE OF THE ATLANTIC'S GREAT AMERICAN NOVELS OF THE PAST 100 YEARS The debut novel from critically acclaimed and New York Times–bestselling author of *On Such a Full Sea* and *My Year Abroad*. In *Native Speaker*, author Chang-rae Lee introduces readers to Henry Park. Park has spent his entire life trying to become a true American—a native speaker. But even as the essence of his adopted country continues to elude him, his Korean heritage seems to drift further and further away. Park's harsh Korean upbringing has taught him to hide his emotions, to remember everything he learns, and most of all to feel an overwhelming sense of alienation. In other words, it has shaped him as a natural spy. But the very attributes that help him to excel in his profession put a strain on his marriage to his American wife and stand in the way of his coming to terms with his young son's death. When he is assigned to spy on a rising Korean-American politician, his very identity is tested, and he must figure out who he is amid not only the conflicts within himself but also within the ethnic and political tensions of the New York City streets. *Native Speaker* is a story of cultural alienation. It is about fathers and sons, about the desire to connect with the world rather than stand apart from it, about loyalty and betrayal, about the alien in all of us and who we finally are.

**Blown Away** Holly Day.2021-04-10 Espen Urso would rather stay inside and enjoy a nice, sweet cake than be out in the worst storm of the year. But there's a group of alpha shifters trespassing, and he needs to defend his territory and keep the people in his village safe. A group of wolf shifters he can scare off, but when he realizes they've hurt a defenseless little bird, he loses his patience. Arvid Rai is having a bad day. He's an omega on the run, with a group of alphas on his tail. If there hadn't been a storm, he could have easily flown away before the stupid wolves got their hands on him, or the angry bear noticed he was in his territory. But there is a storm, and the idiot who grabbed him broke his wing, so now he can't fly anywhere. Still, he deems it best to stay with the growly bear rather than having the other alphas fight over him. Espen has never believed in the myth of omegas, and it isn't until he takes Arvid in he realizes how much trouble he'll be in when shifters from near and far learn he has one in his home. Will he be able to keep Arvid safe from other shifters? Is it even possible to defend his territory with an omega in it?

**Human Gross Anatomy : An Outline Text** Riverside Robert J. Leonard Lecturer and Visiting Associate Professor of Biomedical Sciences University of California.1995-08-28 This text presents gross anatomy in an expanded outline format. Its conciseness and logical organization permit easy previewing of the subject matter before a lecture or laboratory as well as efficient learning and reviewing of the material before an examination. Notwithstanding its succinct style, the text's coverage of gross anatomy is comprehensive and is written at a level of detail appropriate for the medical student. The book begins with an introduction, setting forth basic principles and terminology that will serve the student throughout the remainder of the text. Overviews of the nervous, muscular, skeletal, and vascular systems are also included in the introduction. The main part of the text is organized in the following sequence: The Back; The Thorax; The Abdomen; The Perineum and Pelvis; The Head and Neck; The Upper Limb; and The Lower Limb. Clinical notes that highlight anatomy relevant to current medical practice appear throughout these chapters. Since each regional anatomy chapter is complete in itself, the order in which they are studied is optional.

Where the Water Goes David Owen.2018-04-10 "Wonderfully written...Mr. Owen writes about water,

but in these polarized times the lessons he shares spill into other arenas. The world of water rights and wrongs along the Colorado River offers hope for other problems.” —Wall Street Journal An eye-opening account of where our water comes from and where it all goes. The Colorado River is an essential resource for a surprisingly large part of the United States, and every gallon that flows down it is owned or claimed by someone. David Owen traces all that water from the Colorado’s headwaters to its parched terminus, once a verdant wetland but now a million-acre desert. He takes readers on an adventure downriver, along a labyrinth of waterways, reservoirs, power plants, farms, fracking sites, ghost towns, and RV parks, to the spot near the U.S.-Mexico border where the river runs dry. Water problems in the western United States can seem tantalizingly easy to solve: just turn off the fountains at the Bellagio, stop selling hay to China, ban golf, cut down the almond trees, and kill all the lawyers. But a closer look reveals a vast man-made ecosystem that is far more complex and more interesting than the headlines let on. The story Owen tells in *Where the Water Goes* is crucial to our future: how a patchwork of engineering marvels, byzantine legal agreements, aging infrastructure, and neighborly cooperation enables life to flourish in the desert—and the disastrous consequences we face when any part of this tenuous system fails.

**Hop Hop, Carrot Top** Holly Day.2021-01-09 Flynn Thomas is back in Hartley. His plan is to be out of there before anyone notices he’s back. He left twenty years ago and promised himself he’d never have to face his childhood bullies or set foot in his bigoted hometown ever again. But it’s been six months since his mother passed away, and someone has to clear out the house. Caspian Cook is out on a walk with his three dogs when he sees Flynn Thomas, at least he thinks it’s Flynn Thomas. He never forgot the red-haired boy his brother used to harass, and he never forgot how he used to wonder if there were freckles underneath his clothes as well as on his face. Flynn mistakes Caspian for his childhood tormenter and flees. Caspian can guess why he’s in such a hurry to get away, but he hasn’t seen Flynn in twenty years, and if he allows him to run off, he fears he’ll never see him again. Will spending time with Flynn be enough for him to forget who Caspian’s brother is? Flynn needs help. He underestimated how much work it would be to move his mother’s things. Caspian offers to give him a hand, but can he trust someone who looks like his worst nightmare?

Encyclopedia of Domestic Violence Nicky Ali Jackson.2007-12-11 The Encyclopedia of Domestic Violence is a modern reference from the leading international scholars in domestic violence research. This ground-breaking project has created the first ever publication of an encyclopedia of domestic violence. The primary goal of the Encyclopedia is to provide information on a variety of traditional, as well as breakthrough, issues in this complex phenomenon. The coverage of the Encyclopedia is broad and diverse, encompassing the entire life span from infancy to old age. The entries include the traditional research areas, such as battered women, child abuse and dating violence. However, this Encyclopedia is unique in that it includes many under-studied areas of domestic violence, such as ritual abuse-torture within families, domestic violence against women with disabilities, pseudo-family violence and domestic violence within military families. It is also unique in that it examines cross-cultural perspectives of domestic violence. One of the key special features in this Encyclopedia is the cross-reference section at the end of each entry. This allows the reader the ability to continue their research of a particular topic. This book will be an easy-to-read reference guide on a host of topics, which are alphabetically arranged. Precautions have been taken to ensure that the Encyclopedia is not politically slanted; rather, it is hoped that it will serve as a basic guide to better understanding the myriad issues surrounding this labyrinthine topic. Topics covered include: Victims of Domestic Violence; Theoretical Perspectives and Correlates to Domestic Violence; Cross-Cultural Perspectives and Religious Perspectives; Understudied Areas within Domestic Violence Research; Domestic Violence and the Law; and Child Abuse and Elder Abuse.

*My Body, The Buddhist* Deborah Hay. 2013-09-01 Through a series of imaginative approaches to movement and performance, choreographer Deborah Hay presents a profound reflection on the ephemeral nature of the self and the body as the locus of artistic consciousness. Using the same uniquely playful poetics of her revolutionary choreography, she delivers one of the most revealing accounts of what art creation entails and the ways in which the body, the center of our aesthetic knowledge of the world, can be regarded as our most informed teacher. *My Body, The Buddhist* becomes a way into Hay's choreographic techniques, a gloss on her philosophy of the body (which shares much with Buddhism), and an extraordinary artist's primer. The book is composed of nineteen short chapters (my body likes to rest, my body finds energy in surrender, my body is bored by answers), each an example of what Susan Foster calls Hay's daily attentiveness to the body's articulateness.
