I Answer with My Life Kathleen Casey.2017-05-18 Originally published in 1993. This book shows, through the oral histories of ordinary women teachers, that effective prescriptions for change do not come simply from policy-makers. The author focuses on the narratives of three groups of teachers in the USA: Catholic nuns; secular Jewish women; and Black women. For each of these the individual teachers' narratives have been examined for constructions common to the group and these patterns are assembled into a discourse. Teachers' self-identities are considered, as are their assessments of the institutions in which they have worked, and their relationships with the pupils. The text examines how the social role of the teacher is constructed by the lives of these women. Incorporating this perspective of diversity into the educational debate, this book argues that these less dominant but important voices shouldn't be ignored.

The Best We Could Do Thi Bui.2017-03-07 National bestseller 2017 National Book Critics Circle (NBCC) Finalist ABA Indies Introduce Winter / Spring 2017 Selection Barnes & Noble Discover Great New Writers Spring 2017 Selection ALA 2018 Notable Books Selection An intimate and poignant graphic novel portraying one family's journey from war-torn Vietnam, from debut author Thi Bui. This beautifully illustrated and emotional story is an evocative memoir about the search for a better future and a longing for the past. Exploring the anguish of immigration and the lasting effects that displacement has on a child and her family, Bui documents the story of her family's daring escape after the fall of South Vietnam in the 1970s, and the difficulties they faced building new lives for themselves. At the heart of Bui's story is a universal struggle: While adjusting to life as a first-time mother, she ultimately discovers what it means to be a parent—the endless sacrifices, the unnoticed gestures, and the depths of unspoken love. Despite how impossible it seems to take on the simultaneous roles of both parent and child, Bui pushes through. With haunting, poetic writing and breathtaking art, she examines the strength of family, the importance of identity, and the meaning of home. In what Pulitzer Prize-winning novelist Viet Thanh Nguyen calls “a book to break your heart and heal it,” *The Best We Could Do* brings to life Thi Bui's journey of understanding, and provides inspiration to all of those who search for a better future while longing for a simpler past.

All Vietnamese grammatical concepts are clearly explained and copiously illustrated with example phrases and sentences. The chapters progress from fundamental concepts (the sounds of Vietnamese, spelling, the use of accent marks and tones) to structural elements (parts of speech, grammatical functions, the structure of phrases and sentences), and then to nuances expressed through word choice, word order and cultural elements. Each chapter is accompanied by a set of exercises (with answer keys provided) that the learner can use to reinforce their understanding of the materials and their ability to apply them to real-life situations. Audio recordings by native speakers are available online for all the Vietnamese sentences to help the learner acquire good pronunciation and intonation patterns for various types of sentences.

Building Teacher Capacity in English Language Teaching in Vietnam Van Canh Le, Hoa Thi Mai Nguyen, Thi Thuy Minh Nguyen, Roger Barnard. 2019-08-06 This timely volume opens a window on issues related to English language education in Vietnam. The authors consider that teacher quality is the key factor to be considered if the national English language curriculum outcomes are to be achievable. Aiming to shed light on key issues recently observed in the Vietnamese landscape of English language education, it examines the complexity of the institutionalization of the standardized English proficiency policy, which has been in force since 2008. That policy uses the Common European Framework of References for Languages (CEFR) as the model to set the standards and levels of proficiency for teachers, learners and state employees. The book presents both the theoretical and practical aspects of the standardization movement in English language education. The contents comprise a series of extended research-based chapters written by experts of language-in-education policy and planning in and about Vietnam from a range of perspectives including teachers, English language curriculum developers, teacher educators and researchers. The rich coverage of the book includes current discussion on English language education in Vietnam ranging from policy to practice, making it highly relevant to English teachers, teacher educators, and scholars, in Vietnam and worldwide, who aspire to broaden their horizons and professionalism.
