Marine Chitin 2019 Hitoshi Sashiwa,Hironori Izawa.2020-05-27 In 2019, we sent out a call for submissions to a Special Issue of Marine Drugs entitled “Marine Chitin 2019”, and we are pleased that this issue has now been published. Over 16 high-impact papers were included in this issue, which we now plan to publish as a book. In addition, we now seek to publish a further Special Issue of Marine Drugs, “Marine Chitin 2020–2021”. As before, we plan to produce an authoritative and exciting issue that will encompass breakthroughs in scientific and industrial chitin and chitosan research. Significant advances in chitin and chitosan research have been made since the 1970s, and current overviews in recent publications involving chitin and chitosan research advances are in need of an update.

Economics and Liability for Environmental Problems Kathleen Segerson.2018-01-12 This title

was first published in 2002. This convenient reference brings together notable contributions examining all aspects of the liability for environmental accidents. Articles included in the Part I of this volume examine the role of liability as a policy instrument, and provide detailed examinations of the incentive effects created by the imposition of liability, ie. Bankruptcy, litigation costs, delegation of responsibility and insurance. Those in Part II study specific environmental issues such as hazardous waste disposal and oil spills. The International Library of Environmental Economics and Policy explores the influence of economics on the development of environmental and natural resource policy. In a series of twenty five volumes, the most significant journal essays in key areas of the contemporary environmental and resource policy are collected. This convenient reference brings together the notable contributions examining all aspects of the liability for environmental accidents.
