*The Great Gatsby: A Graphic Novel Adaptation* F. Scott Fitzgerald.2021-02-02 A sumptuously illustrated adaptation casts the powerful imagery of F. Scott Fitzgerald's great American novel in a vivid new format. From the green light across the bay to the billboard with spectacled eyes, F. Scott Fitzgerald's 1925 American masterpiece roars to life in K. Woodman-Maynard's exquisite graphic novel—among the first adaptations of the book in this genre. Painted in lush watercolors, the inventive interpretation emphasizes both the extravagance and mystery of the characters, as well as the fluidity of Nick Carraway's unreliable narration. Excerpts from the original text wend through the illustrations, and imagery and metaphors are taken to literal, and often whimsical, extremes, such as when a beautiful partygoer blooms into an orchid and Daisy Buchanan pushes Gatsby across the sky on a cloud. This faithful yet modern adaptation will appeal to fans with deep knowledge of the classic, while the graphic novel format makes it an ideal teaching tool to engage students. With its timeless critique of class, power, and obsession, *The Great Gatsby Graphic Novel* captures the energy of an era and the enduring resonance of one of the world's most beloved books.

**Suggested Reading** Dave Connis.2019-09-17 In this hilarious and thought-provoking contemporary teen standalone that's perfect for fans of Moxie, a bookworm finds a way to fight back when her school bans dozens of classic and meaningful books. Clara Evans is horrified when she discovers her principal's “prohibited media” hit list. The iconic books on the list have been pulled from the library and aren't allowed anywhere on the school's premises. Students caught with the contraband will be sternly punished. Many of these stories have changed Clara's life, so she's not going to sit back and watch while her draconian principal abuses his power. She's going to strike back. So Clara starts an underground library in her locker, doing a shady trade in titles like *Speak* and *The Chocolate War*. But when one of the books she loves most is connected to a tragedy she never saw coming, Clara's forced to face her role in it. Will she be able to make peace with her conflicting feelings, or is fighting for this noble cause too tough for her to bear? “Suggested Reading is a beautiful reminder that there is nothing simple about loving a book.” —David Arnold, *New York Times* bestselling author of *Mosquitoland*

**Art School** Steven Henry Madoff.2009-09-11 Leading international artists and art educators consider the challenges of art education in today's dramatically changed art world. The last explosive change in art education came nearly a century ago, when the German Bauhaus was formed. Today, dramatic changes in the art world—its increasing professionalization, the pervasive power of the art market, and fundamental shifts in art-making itself in our post-Duchampian era—combined with a revolution in information technology, raise fundamental questions about the education of today's artists. *Art School (Propositions for the 21st Century)* brings together more than thirty leading international artists and art educators to reconsider the practices of art education in academic, practical, ethical, and philosophical terms. The essays in the book range over continents, histories, traditions, experiments, and fantasies of education. Accompanying the essays are conversations with such prominent artist/educators as

John Baldessari, Michael Craig-Martin, Hans Haacke, and Marina Abramovic, as well as questionnaire responses from a dozen important artists—among them Mike Kelley, Ann Hamilton, Guillermo Kuitca, and Shirin Neshat—about their own experiences as students. A fascinating analysis of the architecture of major historical art schools throughout the world looks at the relationship of the principles of their designs to the principles of the pedagogy practiced within their halls. And throughout the volume, attention is paid to new initiatives and proposals about what an art school can and should be in the twenty-first century—and what it shouldn't be. No other book on the subject covers more of the questions concerning art education today or offers more insight into the pressures, challenges, risks, and opportunities for artists and art educators in the years ahead. Contributors Marina Abramovic, Dennis Adams, John Baldessari, Ute Meta Bauer, Daniel Birnbaum, Saskia Bos, Tania Bruguera, Luis Camnitzer, Michael Craig-Martin, Thierry de Duve, Clémentine Deliss, Charles Esche, Liam Gillick, Boris Groys, Hans Haacke, Ann Lauterbach, Ken Lum, Steven Henry Madoff, Brendan D.
