Spoken English : Part-1, A Kamlesh Sadanand And Susheela Punitha.2008-01-01 The book is intended to help develop the oral communication skills of second language learners, especially those who have had a regional language medium of instruction at school and who have had little or no exposure to spoken English. It is primarily aimed at students preparing to enter the main stream, which would require them to compete with those who have a stronger base in English. The book can also be used as self-instructional material by people who are employed or engaged in different activities of their own. The book comes with an audio CD that gives learners an opportunity to listen to dialogues in everyday situations and that provide answers to practice exercises as well. Also included are brief, easy to understand tips on pronunciation, vocabulary, grammar and usage. The book offers learners a second and more advanced set of 25 functions that require the use of relatively complex language structures than those in Part 1.

Taking this into account, engineering colleges/institutes have introduced exclusive English Language Laboratories where students are drilled in the practical aspects of the English language. This compact and comprehensive book is a step-by-step practical guide to students, telling them how to prepare technical reports and how to acquire the basic communication skills—listening, speaking, reading and writing. The book deals with conversation, situational dialogues and role plays, and Group Discussions (GDs). It also gives detailed discussion about Interviews—step-by-step preparation, practical and psychological preparation, the dos and don'ts for interview—besides dealing with different kinds of interviews: telephonic, videoconferencing, and others. In addition, the text stresses the importance of researching the organization, and salary negotiations. Finally, the book shows the students how to make powerpoint presentations (PPTs), the structure of presentation and using audio visuals. This activity based, skill-oriented, learner centred book is designed according to the WBUT syllabus on Technical Report Writing and Language Laboratory Practice for the B.Tech. students. However, it would be equally useful for B.Tech./B.E. students across the country. **DISTINGUISHING FEATURES** : A practical and student friendly text, the stress being on the functional aspects of the language and various activities for acquiring the language. Gives the Methodology of conducting activities such as GDs, Interviews and Presentation. Provides model GD topics and the step-by-step process of making PPTs. Clearly spells out all the details, right from preparing a good job application, researching the company (including its financial health), to preparing the job portfolio, to wearing the proper dress, handling questions, and negotiating salary. Provides an extensive list of probable questions along with their answers to prepare students for mock interviews. Also gives well-crafted questions at the end of each lesson.

Professional Communication Winnie Cheng, Kenneth C.C. Kong. 2009-04-01 Professional Communication presents ten studies of communication practices in a variety of professional contexts. By drawing on diverse methodologies from fields such as conversation analysis, intercultural communication, and organizational studies, the essays here examine how language is constructed, managed, and consumed in various professional situations, ranging from academic settings to business negotiations. One important theme of the book is its emphasis on the collaboration between researchers and professionals. The contributors strongly believe that such collaborative partnership will provide direct implications for improving workplace communication and enhance better understanding of the construction of professional identity and organizational behaviour. This book will appeal to not only scholars and researchers in discourse analysis, intercultural communication and professional studies, but also practitioners in the related fields and disciplines.

proportional to English Communication Skills. Therefore, I strongly believe that the readers will not only read this book but also inculcate the points mentioned herein in their real life and be a winner. The book is compiled by Amar Bagh, the founder/director of MILESTONE EDUCATION. It is one of the best language schools in eastern India. The mentioned institution was established in the year 2017 by Amar Bagh who has worked for almost 15 years in some of the IT/ITES giants of India as a trainer. He possesses rich experience in Spoken English, Personality Development, Voice & Accent, and Campus Recruitment trainings. He is a TEFL certified trainer who has the passion to make the non-native speakers fluent as the native speakers and make them more competitive. Due to his MNC background, he knows the requirements of different industries and he is an expert in making his students employable. There are many instances when people trained by him got elite jobs in reputed MNCs and PSUs. According to Amar Bagh people living in non-English speaking environments like small towns and villages are segments that are always ignored by the education system. Therefore, he takes special care of that segment to make them as skillful as the people from metropolitans.

practise IPA sounds. Provides a large number of lessons for practice. Contains an audio CD which will help the students practise pronouncing the words correctly. This accessible and highly practical book is intended for the undergraduate students of different streams. It can also be of considerable help to plus two level students to improve and develop their pronunciation. Besides, professionals working in different fields should find this book extremely useful in their real-world scenario. An Expert Comment: We Indians have our own problem of speaking English with the influence of our mother tongue. Can this be changed? I think not! Therefore, what is important is when an English word is spoken, it should be pronounced in a manner that can be understood correctly by the listener. That is what Mr. Jitendra has so successfully done in this book. I am happy to commend this book to all the readers. —DR. R.K. PATNAIK Former Vice Chancellor, The ICFAI University, Tripura

Mastering English Pramod K Chaudhari.2020-09-15 This is one of the rare books on English which covers every aspect of the language—vocabulary, pronunciation, grammar and punctuation. It will open a new chapter in the learning process of every student. English is not so easy to learn as claimed by certain fly-by-night teaching centres, but every effort has been made in this book to understand the nuances of the language—and fast. English is one of the richest languages. It has borrowed extensively from all the major languages in the world, including Hindi. Mantra, chutney, dosa, etc have now become English words. A separate list of foreign words is given in this book. Twenty students have 'left' the class means gone out of the class. Twenty students are 'left' in the class means remained in the class. 'That's life' means bad/hard life while 'This is the life' means good life. A fat chance or a slim chance have the same meaning. Such oddities have been explained in the book quite clearly. This book will be useful not only for students but for all who want to learn English from A to Z and want to use the language with authority.

English for Everyone Ashish Chandra.2017-02-24 A three-level English Course book for teenage and young adult learners.

'English for Everyone' covers all the things taught at A1 to C1 (CEF) level. This book is designed to enable its readers to become skilled at Spoken English. Whenever we talk about learning English, we start talking about tenses, grammar and vocabulary. Memorize tenses, master grammar and mug up some commonly used words and you will master English. But despite learning tenses, grammar and vocabulary, people are unable to converse in English effectively. Why? Because this is not the right method to learn English. Let me ask you something. If you are an Indian, you can probably speak Hindi well. Have you ever learnt Hindi tenses? Have you ever learnt Hindi grammar rules or Hindi word meanings? I believe that your answer is 'No' with a capital 'N'. Then how do you speak Hindi or your mother tongue fluently? Think hard. Nobody talks about learning tenses or grammar when it comes to speaking Hindi proficiently. But everyone talks about learning tenses, understanding grammar and strengthening vocabulary when it comes to speaking English fluently. English or any language, for that matter, is learnt by using it in practice. Let me ask you how any child learns his mother tongue. How an Englishman's baby learns English and an Indian's child learns Hindi. When a child is born, the environment around him teaches the language. He hears the language in the background and that serves as a kind of practice for him. Listening to the language repeatedly enables the child to start understanding it. He tries

speaking and becomes fluent in the language in a few months. We will apply a similar method to learn English in this course. The lessons in this book will help you to practice the English language in everyday situations. We will not focus on theory. We will focus on practice. We understand that there are many people out there who know the theories of grammar but are very poor at spoken English. This is because knowing concepts is not equal to applying concepts. In this course, every lesson will help you to apply and not simply know concepts. This is how language is learnt. This is how you will learn English too. All the best!

Intelligent Communication Technologies and Virtual Mobile Networks S. Balaji,Álvaro Rocha,Yi-Nan

Chung.2019-08-12 This book presents the outcomes of the Intelligent Communication Technologies and Virtual Mobile Networks Conference (ICICV 2019) held in Tirunelveli, India, on February 14-15, 2019. It presents the state of the art in the field, identifying emerging research topics and communication technologies and defining the future of intelligent communication approaches and virtual computing. In light of the tremendous growth ICT, it examines the rapid developments in virtual reality in communication technology and high-quality services in mobile networks, including the integration of virtual mobile computing and communication technologies, which permits new technologies based on the resources and services of computational intelligence, big data analytics, Internet of Things (IoT), 5G technology, automation systems, sensor networks, augmented reality, data mining, and vehicular ad hoc networks with massive cloud-based backend. These services have a significant impact on all areas of daily life, like transportation, e-commerce, health care, secure communication, location detection, smart home, smart city, social networks and many more.

Enjoying the Song of Phrase: An Psychological Symphony within **English Language Skills Aruna Koneru**

In some sort of taken by screens and the ceaseless chatter of immediate interaction, the melodic beauty and mental symphony produced by the published term frequently fade into the backdrop, eclipsed by the relentless noise and disruptions that permeate our lives. Nevertheless, set within the pages of **English Language Skills Aruna Koneru** a stunning fictional prize full of raw feelings, lies an immersive symphony waiting to be embraced. Crafted by an elegant composer of language, this fascinating masterpiece conducts readers on a psychological trip, well unraveling the concealed tunes and profound affect resonating within each carefully constructed phrase. Within the depths of this poignant analysis, we shall discover the book is main harmonies, analyze their enthralling writing style, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
