Scarred Regrets Adelaide Forrest.2021-12-26 Broken men don't fall in love. We linger in the darkness, consumed by the sins that define us. Irina is the sole reason my heart beats. She's everything that matters in a world filled with evil that a woman so good and pure should never have to see. She'll add another scar to my collection - this one engraved on my heart. When she's taken by our enemy to use for his vengeance. Even knowing she can never be mine, I'll stop at nothing to see her safe. The Irina I rescue isn't the same feisty woman they stole. Her soul is broken. Her heart is hollow like mine, because of the things she's seen. She needs me in a way I've never known. And I will destroy the man who shattered what's mine. Scarred Regrets is a full-length standalone romance, but the series presents a better reading experience when following the suggested order. This series contains dark elements, including over-the-top antiheroes who do as they please. Read at your own discretion.

Insult and the Making of the Gay Self Didier Eribon.2004-06-16 A bestseller in France following its publication in 1999, *Insult and the Making of the Gay Self* is an extraordinary set of reflections on "the gay question" by Didier Eribon, one of France's foremost public intellectuals. Known internationally as the author of a pathbreaking biography of Michel Foucault, Eribon is a leading voice in French gay studies. In explorations of gay subjectivity as it is lived now and as it has been expressed in literary history and in the life and work of Foucault, Eribon argues that gay male politics, social life, and culture are transformative responses to an oppressive social order. Bringing together the work of Jean-Paul Sartre, Pierre Bourdieu, Judith Butler, and Erving Goffman, he contends that gay culture and political movements flow from the need to overcome a world of insult in the process of creating gay selves. Eribon describes the emergence of homosexual literature in Britain and France at the turn of the last century and traces this new gay discourse from Oscar Wilde and the literary circles of late-Victorian Oxford to André Gide and Marcel Proust. He asserts that Foucault should be placed in a long line of authors—including Wilde, Gide, and Proust—who from the nineteenth century onward have tried to create spaces in which to resist subjection and reformulate oneself. Drawing on his unrivaled knowledge of Foucault's oeuvre, Eribon presents a masterful new interpretation of Foucault. He calls attention to a particular passage from *Madness and Civilization* that has never been translated into English. Written some fifteen years before *The History of Sexuality*, this passage seems to contradict Foucault's famous idea that homosexuality was a late-nineteenth-century construction. Including an argument for the use of Hannah Arendt's thought in gay rights advocacy, *Insult and the Making of the Gay Self* is an impassioned call for critical, active engagement with the question of how gay life is shaped both from without and within.

Women's Rights and the French Revolution Sophie Mousset.2017-07-28 Women played a major part in the French Revolution of 1789, but have received very little recognition for their contributions. The many claims and protests put forth by women at that time were suppressed, women's clubs were banned, and Olympe de Gouges, a leading contemporary advocate for women's rights, was silenced and has since remained an obscure figure. This book is the first biography of this astonishing woman. After boldly publishing her Declaration of the Rights of Woman and of the Female Citizen in 1791, de Gouges was sent to the guillotine for having had the courage to mount the rostrum on behalf of women. Unlike many who have captured posterity's attention, de Gouges had great sympathy but no indulgence for her sex. Instead of considering her female colleagues as eternal victims, she understood that they were to some extent responsible for their misfortunes, and that if they united and devoted themselves to changing their image, they could become great. De Gouges called for the advent of a new woman, one who would relinquish the nocturnal administering

of men. Olympe de Gouges rightly deserves the title of pioneer, prophet, and heroine. This long-overdue biography pays her due homage. It will be of interest to students of the French Revolution, women's studies, and biography.

Between Imagined Communities and Communities of Practice Nicolas Adell, Regina F. Bendix, Chiara Bortolotto, Markus Tauschek. 2015 Community and participation have become central concepts in the nomination processes surrounding heritage, intersecting time and again with questions of territory. In this volume, anthropologists and legal scholars from France, Germany, Italy and the USA take up questions arising from these intertwined concerns from diverse perspectives: How and by whom were these concepts interpreted and re-interpreted, and what effects did they bring forth in their implementation? What impact was wielded by these terms, and what kinds of discursive formations did they bring forth? How do actors from local to national levels interpret these new components of the heritage regime, and how do actors within heritage-granting national and international bodies work it into their cultural and political agency? What is the role of experts and expertise, and when is scholarly knowledge expertise and when is it partisan? How do bureaucratic institutions translate the imperative of participation into concrete practices? Case studies from within and without the UNESCO matrix combine with essays probing larger concerns generated by the valuation and valorization of culture.

The Red Sofa Michèle Lesbre. 2016 Now in paperback, *The Red Sofa* is a quiet French novella exploring love, memory, and the perspective that travel gives us on both. In *The Red Sofa*, we meet Anne, a young woman setting off on the Trans-Siberian Railway in order to find her former lover, Gyl, who left twenty years before. As the train moves across post-Soviet Russia and its devastated landscapes, Anne reflects on her past with Gyl and their patriotic struggles, as well as on the neighbor she has just left behind, Clémence Barrot. Rocked by the train's movements Anne is moved by her memory of Clémence, who is old and whose memory is failing, but who has not lost her taste for life and adventure. Ensnared on her red sofa at home, Clémence loves to tell Anne her life story, mourning lost loved ones and celebrating the lives of brave, rebellious women who went before her. Eventually, Anne's train trip returns her home having not found Gyl, but having found something much more meaningful--herself.

Transgender Rights Paisley Currah, Richard M. Juang, Shannon Price Minter. 2006-08-18

Transgender Rights packs a surprising amount of information into a small space. Offering spare, tightly executed essays, this slim volume nonetheless succeeds in creating a spectacular, well-researched compendium of the transgender movement. -Law Library Journal Over the past three decades, the transgender movement has gained visibility and achieved significant victories. Discrimination has been prohibited in several states, dozens of municipalities, and more than two hundred private companies, while hate crime laws in eight states have been amended to include gender identity. Yet prejudice and violence against transgender people remain all too common. With analysis from legal and policy experts, activists and advocates, *Transgender Rights* assesses the movement's achievements, challenges, and opportunities for future action. Examining crucial topics like family law, employment policies, public health, economics, and grassroots organizing, this groundbreaking book is an indispensable resource in the fight for the freedom and equality of those who cross gender boundaries. Moving beyond media representations to grapple with the real lives and issues of transgender people, *Transgender Rights* will launch a new moment for human rights activism in America. America's Allies and the Decline of US Hegemony Justin Massie, Jonathan Paquin. 2019-10-24 How do America's democratic allies perceive and respond to a relative decline in US power and influence and the simultaneous rise of China? Using the case-studies of Europe, the UK, Australia, Canada, Japan and South East Asian countries, this book offers a broad assessment of the perceptions of threat and the strategies used by these allies to cope with the relative decline of America's hegemonic power, the rise of China and the transforming world order. In answering these central questions, contributors focus on two complementary analytical approaches. The first examines the perceptions of systemic changes by America's allies: how are US allies framing this issue and what kind of political discourse is emerging with regards to it? The second approach focuses on the concrete foreign policy and defence strategies put forward by these allies. The book explores the extent to which US allies are willing to support US hegemony and considers the democratic allies' understanding of the international structure, their relations to the United States, and their own aspirations in this changing world order. This book will be of interest to general readers as well as scholars and students of US foreign policy, foreign policy analysis and International Relations.

Islanded Identities Maeve McCusker, Anthony Soares. 2011 The island, because of its supposed isolation, and its apparent small scale, has historically been a privileged site of colonial aggression and acquisitiveness. Yet the island has also been imagined as a uniquely sovereign space, and thus one in which the colonial enterprise can be seen as especially egregious. 'Islandedness' takes on a particular charge in the early twenty-first century, in the supposedly postcolonial period. While contemporary media offer a simulacrum of proximity to others, the reality is that we are ever more distant, inhabiting islands both real and conceptual. Meanwhile migrants from today's 'postcolonial' islands are routinely denied access to the perceived 'mainland'. And, in islands freed from overt colonialism, but often beset by neocolonial forces of domination and control, identities are constructed so as to differentiate insider from outsider - even when the outsider comes from within. This is the first volume devoted explicitly to the postcolonial island, conceived in a broad geographical, historical, and metaphorical sense. Branching across disciplinary parameters (literary studies, anthropology, history, cultural studies), and analyzing a range of cultural forms (literature, dance, print journalism, and television), the volume attempts to focus critically on three areas: the current realities of formerly colonized island nations, the phenomenon of 'foreign' communities living within a dominant host community, and the existence of (local) practices and theoretical perspectives that complement, but are often critical of, prevailing theories of the postcolonial. The islands treated in the volume include Ireland, Montserrat, Martinique, Mauritius, and East Timor, and the collection includes more broadly conceived historical and theoretical essays. The volume should be required reading for scholars working in postcolonial studies, in island studies, and for those working in and across a range of disciplines (literature, cultural studies, anthropology). The Oxford Handbook of Music Revival Caroline Bithell, Juniper Hill. 2014 Revivals - movements that revitalize, resuscitate, or re-indigenize traditions perceived as threatened or moribund into new temporal, spatial, or cultural contexts - have been well-documented in Western Europe and Euro-North America. Less documented are the revival processes that have been occurring and recurring elsewhere in the world. And particularly under-analyzed are the aftermaths of revivals: the new infrastructures, musical styles, performance practices, subcultural communities, and value systems that have grown out of revival movements. The Oxford Handbook of Music Revival helps us achieve a deeper understanding of the role and development of traditional, folk, roots, world, classical, and early music in modern-day postindustrial, postcolonial, and postwar contexts. The book's thirty chapters present innovative theoretical perspectives illustrated through new ethnographic case studies on diverse music cultures around the world. Together these essays reveal the potency of acts of revival, resurgence, restoration, and renewal in shaping musical landscapes and transforming social experience. The contributors present research from Euro-America, Native America, Latin America and the Caribbean, Africa, Europe, the former Soviet bloc, Asia, Australia, and the Pacific. They enrich the field by applying approaches and insights from across the disciplines of ethnomusicology, ethnochoreology, historical musicology, folklore studies, anthropology, ethnology, sociology, and cultural studies. The book makes a powerful argument for the untapped potential of revival as a productive analytical tool in contemporary, global contexts-one that is crucial for understanding manifestations of musical heritage in postmodern, cosmopolitan societies. With its detailed treatment of authenticity, recontextualization, transmission, institutionalization, globalization, and other key concerns, the collection makes a significant impact far beyond the field of revival studies and is crucial for understanding contemporary manifestations of folk, traditional, and heritage music in today's postmodern cosmopolitan societies.

The Dictionary of Homophobia Louis-Georges Tin. 2008-11-01 Tin's Dictionary of Homophobia is so sweeping in its scope that one can dip into it again and again and learn something, or confront an idea in which even the most well-read queer will find fresh intellectual nourishment and historical illumination.—Gay City News Based on the work of seventy researchers in fifteen countries, The Dictionary of Homophobia is a mammoth, encyclopedic book that documents the history of homosexuality, and various cultural responses to it, in all regions of the world: a masterful, engaged, and wholly relevant study that traces the political and social emancipation of a culture. The book is the first English translation of Dictionnaire de L'Homophobie, published in France in 2003 to worldwide acclaim; its editor, Louis-Georges Tin, launched the first International Day Against Homophobia in 2005, now celebrated in more than fifty countries around the world. The Dictionary of Homophobia includes over 175 essays on various aspects of gay rights and homophobia as experienced in all regions in Africa, the Americas, Asia, Europe, and the South Pacific, from the earliest epochs to present day. Subjects include religious and ideological forces such as the Bible, Communism, Judaism, Hinduism, and Islam; historical subjects, events, and personalities such as AIDS, Stonewall, J. Edgar Hoover, Matthew Shepard, Oscar Wilde, Pat Buchanan, Joseph McCarthy, Pope John Paul II, and Anita Bryant; and other topics such as coming out, adoption, deportation, ex-gays, lesbiphobia, and bi-phobia. In a world where gay marriage remains a hot-button political issue, and where adults and even teens are still being executed by authorities for the "crime" of

homosexuality, *The Dictionary of Homophobia* is a both a revealing and necessary history lesson for us all.

The Perfect Crime Tom Parry.2015-05 When 21 shots from a semi-automatic pistol rang out across the Alpine woodland high above Lake Annecy, there was nobody nearby to raise the alarm. In a car, in a lay-by off the single-land track above, were the bloodied bodies of British computer engineer, Saad al-Hilli, his dentist wife, Iqbal, and her mother, Suhaila. Nearby, on the road, lay the corpse of French cyclist, Sylvain Mollier, punctured by seven shots from the same gun. Saad's eldest daughter, Zainab, seven, had been shot, pistol-whipped and left for dead. Cowering underneath her mum Iqbal's skirt in the back seat of the car was Zainab's little sister Zeena - the only one of the six people there left unharmed. Was this a professional assassin's error, or a humane gesture by someone who knew the girls? Two years on from this most implausible crime, French police remain baffled. This book explores the background of the case.

GenderQueer-Voices from Beyond the Sexual Binary Riki Wilchins,Joan Nestle,Clare Howell,Silvia Rivera,Susan Wright,Gina Reiss.2020-08-12 When *GenderQueer* was first published in 2002, it was groundbreaking, even inventing a new word for those whose voices had been hidden behind the walls of the gender binary. Now—finally!—it's republished, and those voices are still fresh and compelling in a volume that can take its place as one of the field's early and most original classics. Michael Kimmel SUNY Distinguished Professor of Sociology and Gender Studies Stony Brook University (retired) Perhaps more than any other issue, gender identity has galvanized the queer community in recent years. The questions go beyond the nature of male/female to a yet-to-be-traversed region that lies somewhere between and beyond biologically determined gender. In this groundbreaking anthology, first published nearly two decades ago, three experts in gender studies and politics navigate around rigid, societally imposed concepts of two genders to discover and illuminate the limitless possibilities of identity. Thirty first-person accounts of gender construction, exploration, and questioning provide the groundwork for cultural discussion, political action, and even greater possibilities of autonomous gender choices. Joan Nestle is the cofounder of the Lesbian Herstory Archives in New York and the writer and editor of six books including the groundbreaking *Women on Women* series. Riki Wilchins is the executive director of GenderPAC, the national gender advocacy group, and the cofounder of the Gender Identity Project of New York City's Lesbian and Gay Center. She is the author of *Read My Lips: Sexual Subversion and the End of Gender*, *Gender Theory*, *Burn the Binary* and *TransGRESSIVE*. Women and Power in the Middle Ages Mary Erler,Maryanne Kowaleski.1988 Power in medieval society has traditionally been ascribed to figures of public authority--violent knights and conflicting sovereigns who altered the surface of civic life through the exercise of law and force. The wives and consorts of these powerful men have generally been viewed as decorative attendants, while common women were presumed to have had no power or consequence. Reassessing the conventional

definition of power that has shaped such portrayals, *Women and Power in the Middle Ages* reveals the varied manifestations of female power in the medieval household and community--from the cultural power wielded by the wives of Venetian patriarchs to the economic power of English peasant women and the religious power of female saints. Among the specific topics addresses are Griselda's manipulation of silence as power in Chaucer's *The Clerk's Tale*; the extensive networks of influence devised by Lady Honor Lisle; and the role of medieval women book owners as arbiters of lay piety and ambassadors of culture. In every case, the essays seek to transcend simple polarities of public and private, male and female, in order to provide a more realistic analysis of the workings of power in feudal society.

The Art of Flying Antonio Altarriba.2015-05-07 When published in 2009, *The Art of Flying* was hailed as a landmark in the history of the graphic novel in Spain for its deeply touching synthesis of individual and collective memories. A deeply personal testament, Altarriba's account of what led his father to commit suicide at the age of ninety is a detective novel of sorts, one that traces his father's life from an impoverished childhood in Aragon, to service with Franco's army in the Civil war, escape to join the anarchist FAI, exile in France when the Republicans are defeated, to return to Spain in 1949 and the stultifying existence to which Republican sympathisers were consigned under Francoism. *The Art of Flying* is immensely moving and vivid, beautifully drawn by Kim. It was highly praised in Spain on first publication, where it was compared to Art Spiegelman's *Maus*. It went on to win six major prizes, including the 2010 National Comic Prize.
