Perception KC Adams,Cathy Mattes.2019-07-03 Social action art in book form, Perception: A Photo Series encourages readers to look, and then look again. Tired of reading negative and disparaging remarks directed at Indigenous people of Winnipeg in the press and social media, artist KC Adams created a photo series that presented another perspective. Called “Perception Photo Series,” it confronted common stereotypes of First Nation, Inuit and Métis people to illustrate a more contemporary truthful story. First appearing on billboards, in storefronts, in bus shelters, and projected onto Winnipeg’s downtown buildings, Adam’s stunning photographs now appear in the book, Perception: A Photo Series. Meant to challenge the culture of apathy and willful ignorance about Indigenous issues, Adams hopes to unite readers in the fight against prejudice of all kinds. Perception is one title in The Debwe Series.

Fire Mountains of the Islands R. Wally Johnson.2013-12-18 Volcanic eruptions have killed thousands of people and damaged homes, villages, infrastructure, subsistence gardens, and hunting and fishing grounds in Papua New Guinea and the Solomon Islands. The central business district of a town was destroyed by a volcanic eruption in the case of Rabaul in 1994. Volcanic disasters litter not only the recent written history of both countries—particularly Papua New Guinea—but are recorded in traditional stories as well. Furthermore, evidence for disastrous volcanic eruptions many times greater than any witnessed in historical times is to be found in the geological record. Volcanic risk is greater today than at any time previously because of larger, mainly sedentary populations on or near volcanoes in both countries. An attempt is made in this book to review what is known about past volcanic eruptions and disasters with a view to determining how best volcanic risk can be reduced today in this tectonically complex and volcanically threatening region.
