Crossword Marc Romano.2005 Sixty-four million people do it at least once a week. Nabokov wrote about it. Bill Clinton even did it in the White House. The crossword puzzle has arguably been our national obsession since its birth almost a century ago. Now, in *Crossworld*, writer, translator, and lifelong puzzler Marc Romano goes where no Number 2 pencil has gone before, as he delves into the minds of the world's cleverest crossword creators and puzzlers, and sets out on his own quest to join their ranks. While covering the American Crossword Puzzle Tournament for the Boston Globe, Romano was amazed by the skill of the competitors and astonished by the cast of characters he came across--like Will Shortz, beloved editor of the New York Times puzzle and the only academically accredited enigmatologist (puzzle scholar); Stanley Newman, *Newsday's* puzzle editor and the fastest solver in the world; and Brendan Emmett Quigley, the wickedly gifted puzzle constructor and the Virgil to Marc's Dante in his travels through the crossword inferno. Chronicling his own journey into the world of puzzling--even providing tips on how to improve crosswording skills--Romano tells the story of crosswords and word puzzles themselves, and of the colorful people who make them, solve them, and occasionally become consumed by them. But saying this is a book about puzzles is to tell only half the story. It is also an explanation into what crosswords tell us about ourselves--about the world we live in, the cultures that nurture us, and the different ways we think and learn. If you're a puzzler, *Crossworld* will enthrall you. If you have no idea why your spouse send so much time filling letters into little white squares, *Crossworld* will tell you - and with luck, save your marriage. **CROSSWORD** - by Marc Romano **ACROSS** 1. I am hopelessly addicted to the New York Times crossword puzzle. 2. Like many addicts, I was reluctant to admit I have a problem. 3. The hints I was heading for trouble came, at first, only occasionally. 4. The moments of panic when I realized that I might not get my fix on a given day. 5. The toll on relationships. 6. The strained friendships. 7. The lost hours I could have used to do something more productive. 8. It gets worse, too. **DOWN** 1. You're not just playing a game. 2. You're constantly broadening your intellectual horizons. 3. You spend a lot of time looking at and learning about the world around you. 4. You have to if you want to develop the accumulated store of factual information you'll need to get through a crossword puzzle. 5. Puzzle people are nice because they have to be. 6. The more you know about the world, the more you tend to give all things in it the benefit of the doubt before deciding if you like them or not. 7. I'm not saying that all crossword lovers are honest folk dripping with goodness. 8. I would say, though, that if I had to toss my keys and wallet to someone before jumping off a pier to save a drowning girl, I'd look for the fellow in the crowd with the daily crossword in his hand. From the Hardcover edition.

**Valor** Mark Lee Greenblatt.2014-05-08 *Valor* features the thrilling stories that are the fruit of Mark Lee Greenblatt's interviews with brave American servicemen from twenty-first-century wars. These soldiers, sailors, and Marines have risked their lives several times over for their country as well as for their fellow troops and civilians. Still, until now, their stories have largely gone unnoticed by the public, perhaps lost in the frenzied and often nasty debate surrounding those conflicts. As the author writes, "This generation does not have an Audie Murphy. I set out to change that with this book." Detailing incredible and evocative feats—including an Army pilot who rescued two fellow pilots from a deadly crash in hostile territory and strapped himself to the helicopter's exterior for the flight to the hospital—Greenblatt provides glimpses into the minds of these men as they face gut-wrenching decisions and overcome enormous odds. However, this book is much more than tales of riveting action. Each chapter goes beyond linear combat stories to explore each hero's motivations, dreams, and the genuine emotions that were evoked in the face of extreme danger. Readers will be transported to a variety of settings—from close-quarters urban fighting in Iraq to mountainside ambushes in rural Afghanistan to a midnight rescue in the middle of the Atlantic—as they accompany the men who do not see themselves as heroes but as patriots in the line of duty.

**Fetch, Muse** Rebecca Starks. 2021-11-26 Fetch, Muse is Rebecca Starks's second full-length collection, with precisely crafted, moving poems that are by turns heartwarming and heartrending. Starks presents a powerful account of the integration of a dog with behavioral issues into a family. Along the way, with "memory burning [her] into brilliance," understanding deepens of the dog Kismet as an individual, of human beings' wilder inclinations, and of the nature of warmth given and received. This is a unique collection of longing and introspection, uncovering a closer sense of the life around us, our inner nature, our humanity. PRAISE FOR FETCH, MUSE This book shows that the range of feelings that goes into taking on and then giving up a dog is as deep and wide an emotional swath as any we experience as people, which is to say non-dogs. The insights, confusions, misgivings, wary moments, and entangled joys are all here along with a steady self-scrutiny. We forget, we let go, but we don't forget the deep tie between dogs and humans and how crucial yet fraught that tie is. Fetch, Muse offers poetry of a very high order to apprehend matters that are basic to our flawed, yearning humanity. — Baron Wormser, Maine Poet Laureate Emeritus, author of Tom o' Vietnam What brims from this elegant collection? A sorrow both compassionate and contemplative, a sorrow wise and deep. Here, Rebecca Starks gives us poems spoken in direct address to her rescued dog named Kismet. "Fetch, Muse," she says, commanding the dog to ". . . do the work / of memory, dropping life at my feet . . ." And Kismet obeys. In mostly subverted, non-traditional sonnets, Starks's poems retrieve from memory the story of a rescue that is fated to ultimately fail. Rich with allusion, her work—with its wit and insight and music—salvages for us the story of her relationship with a creature whose very name means fate. — Paulann Petersen, Oregon Poet Laureate Emerita, author of Understory Fetch, Muse is a book of real poems with a real subject, a subject which is difficult to tackle successfully, and Rebecca Starks achieves that success. The poems, mostly unrhymed sonnets, muse on her wayward dog and on her family life. The dog is her true muse. There are many great lines I could quote, but here are two from the title sonnet that begins "Fetch, Muse, bring me back what I rejected," and ends with the memorable final line "your fetch as long as your leash pulls you up." Powerful. — Greg Delanty, Guggenheim Fellow, author of No More Time ABOUT THE AUTHOR: Rebecca Starks grew up in Louisville, Kentucky, and earned a BA in English from Yale University and a PhD in English from Stanford University. She works as a freelance editor and workshop leader. Her first book of poems, Time Is Always Now, was a finalist for the 2019 Able Muse Book Award. Her poems and short fiction have appeared in Baltimore Review, Ocean State Review, Slice Literary, Crab Orchard Review, Tahoma Literary Review, and elsewhere. Winner of Rattle's 2018 Neil Postman Award for Metaphor and past winner of Poetry Northwest's Richard Hugo Prize, she is the founding editor-in-chief of Mud Season Review and is a board member of Sundog Poetry Center. She lives with her family and two adopted dogs in a log cabin in the woods of Richmond, Vermont.

**The Crossword Century** Alan Connor. 2015-07-07 A journalist and word aficionado salutes the 100-year history and pleasures of crossword puzzles Since its debut in The New York World on December 21, 1913, the crossword puzzle has enjoyed a rich and surprisingly lively existence. Alan Connor, a comic writer known for his exploration of all things crossword in The Guardian, covers every twist and turn: from the 1920s, when crosswords were considered a menace to productive society; to World War II, when they were used to recruit code breakers; to their starring role in a 2008 episode of The Simpsons. He also profiles the colorful characters who make up the interesting and bizarre subculture of crossword constructors and competitive solvers, including Will Shortz, the iconic New York Times puzzle editor who created a crafty crossword that appeared to predict the outcome of a presidential election, and the legions of competitive puzzle solvers who descend on a Connecticut hotel each year in an attempt to be crowned the American puzzle-solving champion. At a time when the printed word is in decline, Connor marvels at the crossword's seamless transition onto Kindles and iPads, keeping the puzzle one of America's favorite pastimes. He also explores the way the human brain processes crosswords versus computers that are largely stumped by clues that require wordplay or a simple grasp of humor. A fascinating examination of our most beloved linguistic amusement—and filled with tantalizing crosswords and clues embedded in the text—The Crossword Century is sure to attract the attention of the readers who made Word Freak and Just My Type bestsellers.
