The Burning Anna Todd.2023-08-01 A bond this strong can't stay broken. Life near the army base at Fort Benning, Georgia, might be small, but it's safe. That suits Karina Fischer just fine. She knows letting anyone get close to her means she could get hurt, and she's had enough of that in her almost twenty-one years to last a lifetime. The only man she's ever let in, Kael Martin, betrayed her trust before they could find their way together. She can't forgive him for what he's done, but letting go still feels impossible. Kael Martin's scars run deep, but the mark Karina left on him is deeper. He can't get her out of his mind or his heart. He's ready to start fresh, adjust to civilian life, and build a future outside of the Army—one he hopes could include Karina, because their spark, while it burned, was unforgettable. Now, just when it seems their world is crumbling and can't be put back together, circumstances force them to confront what they can't deny: the volatile, passionate, all-consuming love they can't live without. Karina and Kael's unlikely love story, which began in *THE FALLING*, grows deeper and even more intense in *THE BURNING*, the second book in the *Brightest Stars* trilogy.

When Paul enters university in early 1970s Pittsburgh, it's with the hope of moving past the recent death of his

father. Sensitive, insecure, and incomprehensible to his grieving family, Paul feels isolated and alone. When he meets the worldly Julian in his freshman ethics class, Paul is immediately drawn to his classmate's effortless charm. Paul sees Julian as his sole intellectual equal—an ally against the conventional world he finds so suffocating. Paul will stop at nothing to prove himself worthy of their friendship, because with Julian life is more invigorating than Paul could ever have imagined. But as charismatic as he can choose to be, Julian is also volatile and capriciously cruel, and Paul becomes increasingly afraid that he can never live up to what Julian expects of him. As their friendship spirals into all-consuming intimacy, they each learn the lengths to which the other will go in order to stay together, their obsession ultimately hurtling them toward an act of irrevocable violence. Unfolding with a propulsive ferocity, *These Violent Delights* is an exquisitely plotted excavation of the depths of human desire and the darkness it can bring forth in us.

Before We Were Strangers Renée Carlino.2015-08-18 From the USA TODAY bestselling author of Sweet Thing and Nowhere But Here comes a love story about a Craigslist "missed connection" post that gives two people a second chance at love fifteen years after they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago, almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn't stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn't see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn't know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I've spent the better part of a month wondering

what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half? M

Fifteen Hundred Miles from the Sun Jonny Garza Villa. 2021-06-08 A poignant, funny, openhearted novel about coming out, first love, and being your one and only best and true self. Julián Luna has a plan for his life: Graduate. Get into UCLA. And have the chance to move away from Corpus Christi, Texas, and the suffocating expectations of others that have forced Jules into an inauthentic life. Then in one reckless moment, with one impulsive tweet, his plans for a low-key nine months are thrown--literally--out the closet. The downside: the whole world knows, and Jules has to prepare for rejection. The upside: Jules now has the opportunity to be his real self. Then Mat, a cute, empathetic Twitter crush from Los Angeles, slides into Jules's DMs. Jules can tell him anything. Mat makes the world seem conquerable. But when Jules's fears about coming out come true, the person he needs most is fifteen hundred miles away. Jules has to face them alone. Jules accidentally

propelled himself into the life he's always dreamed of. And now that he's in control of it, what he does next is up to him.

Relic and Ruin Wendii McIver.2022-06-07 The Banshee and the Wraith. They have the power to save the world—or destroy it. In a place unlike any other, two brothers set off an ancient, epic, and never-ending battle. This world is controlled by the Necromancers and Reapers—one side pulls people back up through the earth, and the other cuts them down again. One ancient family, the Laheys, have been tasked again and again with keeping the balance between the worlds. And Nyx Lahey, born a Necromancer, but raised a Reaper, is on the front lines. Lately, though, Nyx is wrestling with her identity as she's thrown into an adventure filled with prophecies and the kind of danger you can cut down with a giant scythe. While chasing a creature that's killing young girls, Nyx runs headlong—and gun drawn—into Erebus Salem. A hunter who has the ability to turn into a raven to escape danger, Erebus also harbors a secret: he's not alive. He lives in Dewmort, a world in-between, where the souls of the dead reside, and where memory is all but erased. With no memory of who he is, his only connection to the past is a locket which ends up in Nyx's hands. Determined to get it back, Erebus and his friends set watch on the Laheys, but they aren't the only ones. Other beings are lurking in the shadows. They know the truth about Erebus and Nyx. They know that the pair are the Relics, the only two powerful beings in the world capable of taking down the greatest evils known to any kind. Soon, Nyx and Erebus become the hunted, and must try and escape the evil plans of the war lord, Bellum. Bellum wants the Relics for his own purposes. He needs them to raise his father, the original Necromancer, Neco. With his father by his side, Bellum believes he can rule the world—all of them—and destroy the Reapers once and for all. Can Nyx and Erebus master their new found powers, and even if they do, can they survive?

The Off Limits Rule Sarah Adams.2020-12-13 I have found rock bottom. It's here, moving in with my older brother because I'm too broke to afford to live on my own. It's okay though, because we've always been close and I think I'm going to have fun living with him again. That is until I meet Cooper... Turns out, my brother has very strong opinions on the idea of me dating his best friend and is dead set against it. According to him, Cooper is everything I should stay away from: flirtatious, adventurous, non-committal, and freaking hot. (I added that last part because I feel like you need the whole picture.) My brother is right-I should stay away from Cooper James and his pretty blue eyes. He's the opposite of what I need right now. Nah-who am I kidding? I'm going for it. *The Off Limits Rule* is a closed door romance, perfect for readers who love lots of sizzle but no explicit content.

If He Had Been with Me Laura Nowlin.2013-04-02 If he had been with me everything would have been different... I wasn't with Finn on that August night. But I should've been. It was raining, of course. And he and Sylvie were arguing as he drove down the slick road. No one ever says what they were arguing about. Other people think it's not important. They do not know there is another story. Creatures of the Night Grace Collins.2021-07-13 Night is coming, and so are they. Milena's twentieth birthday, the day she would join the ranks of her village's hunters, should have been the most exciting day of her life. Being a hunter meant she would be able to help protect her village from the murderous wolves who take human form—the creatures of the night. But a chance encounter with Elias, the enigmatic leader of the creatures, leaves her questioning everything she has ever believed to be true. Up until now, Elias has managed to protect the creatures of the night and keep the secrets of his past well hidden. Now, as tensions between the groups grow, Elias is forced to make hard decisions: ones that will cost lives. Nobody is safe, especially Milena, the person he is inexplicably drawn to even though it could destroy them both. Equal parts suspense, mystery, and romance, *Creatures of the Night* captures the struggle between learning to trust your instincts and each other.
