A Normal Indian Malavika Sharma.2018-04-04 a Normal Indian is a compilation of short stories of young men and women in India who have faced adversity and have sometimes come out strong and sometimes lost. Each story is unique and has been drawn from the lives of Indians. Some endings are full of hope and positivity, yet others are a little sad and despondent. These stories are meant to address social issues in India and also make you think about them. The young India of today is full of pride, beauty, and love, yet it is marred by social evils like female infanticide, dowry, and youth suicide. These stories revolve around these very realities. You may see a little bit of you in them, or someone close to you may be reflected in them. The aim is to highlight what went wrong and have a conversation among ourselves to make things right! I believe that true change in the social fabric of my India shall only come with these small conversations. These very conversations shall lead to a change of heart and mind#ChangeByTalking. Join me in my journey as a normal Indian, a normal Indian who is opinionated and has views on everything he/she sees and faces, a normal Indian who wants change but sometimes is shackled by that very society he/she

shared but tragically compromised humanity. Mukundan dares to look beneath the routines and facades of everyday life in order to probe depth of sin, greed, and hypocrisy but also to rediscover what brings joy and hope. Sixteen short story translations and a critical introduction, offering examples of Mukundan's realistic, existentialist, psychedelic, and parabolic stories, show his range and talent for the very short story. If Hawthorne wrote "twice told tales," Mukundan writes half-told tales, stories that jump in the middle, stomp around for just a minute, and leap away almost before the reader can settle in. Half-told, but a powerful and infectious half.
